PLANS FOR SELLWOOD SEWER.-Sewer plans for Sellwood, as prepared by the City Engineer, were submitted for con-sideration at the meeting of the Sell-wood Board of Trade Monday night. Ac-cording to these plans the City Engineer has made two districts of that suburb, The district between East Fifteenth and the Willamette River will be provided with the combined system that will carry off the sewage and storm water. This system will cast on an average of \$79 a lot. As there are 1460 lots in this district the entire cost will be \$102,200. For the district east of East Fifteenth street a sanitary system is provided, the sewage to flow into a septic tank near Johnson Creek. The cost of a lot in this dis-trict is estimated at \$70 or a total of \$42,000 on 600 lots. This would make the total cost of the sewerage for Sellwood feet up to \$144,000, which includes the laterals to the curb as well as the main conduits. The Sellwood Board of Trade was not prepared to sanction the plans and their final consideration went over for two weeks.

Loses Position Through Marriage.

The position of Mrs. B. H. Fisher, noe Laura S. Geertson, a teacher in the Stephens public school, has been declared vacant by the Board of Education and Superintendent Righer has been instructed to supply the vacancy. About a year ago, Miss Geerison, while employed in the city schools, was married to Dr. B. H. Fisher, but is said to have kept the fact from the knowledge of the directors and hast Summer contracted her services to the district for another year. The removal of Mrs. Fisher as a teacher becomes effective at once, it being in violation of the rules of the Board for a teacher to become married and continus her position as teacher.
