Harriman Promises to Aid Advertising Campaign.

McMINNVILLE, Or., Feb. 27.—(Special.)—The Yamhill Development Association met here today for permanent organization, and elected the following officers: President, Millard C. Lowndale; vice-president, J. H. Eakin, of Sheridan; secretary, W. T. Maey, of McMinnville; and treasurer, F. H. Caldwell, of Newberg.

It was impressed quite forcibly upon the minds of the delegates present that the organization was to aid the county at large and not one special locality. It is entitled to representation upon agreeing to contribute any sum whatever each month, and one other duty of the organization is to be the subject of a measure upon the promptness with which the people of this county took hold of the matter of bettering their own advertising and material development. It is expected that the subject of orchards and their care. But, while horticulture was the specialty in some sections of the state, this advertising campaign could develop dairying and varied resources along with fruit raising, and be at the head of the class in each. The eyes of the country, both East and South, are upon Yamhill, the center of this Western Paradise, and Mr. Lowndale said that "by attending to our own advertising and material advancement we can whip our neighboring counties into line and the great Willamette region will thus become better known to the people who will be desirable additions to our population."

Advertising Agent Wells, of the Harriman lines, was present and offered on behalf of his company some very liberal propositions in the way of advertising the county and distributing literature. It is expected that when the local organizations throughout the county catch the enthusiasm that is manifesting its presence, that the board of trustees will be greatly increased, since its numbers depend somewhat upon the action of the several communities.
