The committee was informed that, in addition to the \$50,000 loan owed to the Government, the company's debts aggregated \$1,900,000, exclusive of liabilities to stockholders, so that the whole of the \$2,000,000 purchase price is needed to straighten out the company's affairs. The committee reached no decision.

Andrews, the American attorney who, with other Shanghai lawyers, brought charges against Judge Wilfley of misbehavior in office.

Judge Wilfley himself conducted the cross-examination today, and clashed before him and Andrews were frequent. The subject matter mainly considered was the refusal of Judge Wilfley to allow Andrews and other American lawyers in Shanghai, to practice before his court, and the names of Secretaries Taft and Root and Solicitor-General Scott were brought into the controversy.

Officials declared that he was given before his court, and the names of Secretaries Taft and Root and Solicitor-General Scott were brought into the controversy.

Oral arguments will be heard by the subcommittee next Friday, Representative Waldo speaking for Andrews and Judge Wilfley for himself.

RULING AGAINST CROTHERS

COURT TO INSTRUCT FOR VERDICT OF GUILTY.

Judge Dooling Outlines Position in Criminal Libel Suit Caused by Article in Bulletin.

SAN FRANCISCO, March 3.—Judge M. T. Dooling, of San Benito County, sitting for Superior Judge Frank H. Dunne in the trial of R. A. Crothers and Fremont Older, charged with criminally libelling W. S. Tevis, president of the Bay Cities Water Company, during a ruling this morning said in an early word that he would instruct the jury to bring in a verdict of guilty. He said:

The alleged libel consists of three parts. First, the alleged conspiracy to loot upon the city an illegal water supply, second, that Abraham Raef was to receive \$1,000,000 from Tevis; third, that Raef's testimony before the grand jury was false. The grand jury was re-instructed by the judge that the latter, the two charges proved true forms no justification in law if the latter charge is true. He said that the jury should be instructed that the latter charge is true, and that the jury should be instructed that the latter charge is true, and that the jury should be instructed that the latter charge is true.

Under the split trick, he says, the railroad obeys the letter of the law and makes money by it.
