### WRECKED ON SNAKE RIVER

#### Steamer Yakima Sinks for Second Time in Five Weeks.

WAILULA, Wash, March 4.—For the second time within the past five weeks the steamer Yakima has been wrecked in the treacherous rapids of Snake River. Monday evening, at 4.5, she struck a rock in Little Goose Rapids, three miles above Riparia, and went down in eight feet of water before she could be beached. She was loaded with 200 sacks of wheat, all of which were submerged. Captain Miller, the master, had been on a trip to Boise, and was at Riparia awaiting the arrival of the boat when the accident occurred. The craft was in charge of "Brick" Inman.

### LUMBER RECEIPTS DEPLETED

#### Los Angeles Feels Effect of Tieup Caused by Engineers' Strike.

LOS ANGELES. March 4.—The steam schooner tieup resulted in a falling off in lumber receipts for the month, which makes the February imports the lightest for nearly 10 years for the same period. A falling off in every line except oil is noted. Custom House receipts indicate noted. Custom House receipts indicate a greater decrease for March, unless agreement is reached between the schooner owners and the unions.

Drowned Off Alaskan Coast. According to a letter to Captain P. J. Werlich, commander of the Thirteenth

Lighthouse district, which comes from

Juneau, Aiaska, two men lost their lives off the Alaskan coast while seeking aid for a stranded gasoline vessel. The names of the missing men are R. States and William Russell, and they left the Five Fingers light station in an open boat to reach Juneau, 85 miles away, and summon assistance to the stranded Gasoline schooner Fox. The gasoline boat was bound from Juneau to Kake, when she struck a reef, and States and Russell act off for assistance. Fragments of sell set off for assistance. Fragments of their boat were found by a relief expedition, but no sign of the missing men was found.

about by the accumulation in the system of refuse matter which the natural avenues of bodily waste have failed to carry off. This waste or refuse matter ferments and sours and generates uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism, with its torturing pains and aches, inflammation and other disagreeable symptoms, gets possession of the system. The aches and pains may be relieved and the inflamsession of the system. The aches and pains may be relieved and the inflammation temporarily reduced by the application of a good plaster, penetrating liniment or some other simple home remedy, but the disease can never be cured while the blood remains saturated with the irritating, pain-producing uric acid poison. The cause should be driven from the blood before the trouble reaches the chronic or helpless stage. S. S. S., a purely vegeteble remedy, cures Rheumatism by thoroughly cleansing the blood of every particle of the uric acid poison, and making this vital fluid pure, fresh and health-sustaining. It filters out from the circulation the remotest particle of the poison, and when S. S. S. has renovated the blood. Rheumatism is thoroughly and permanently cured. Many a bright and promising career has been blighted by neglected conditions and injurious habits before the age of knowledge and understanding, and many have been cut short by some disease, which through neglect or improper treatment has completely undermined and shattered the physical strength and shenial faculties. No greater mistake can be made than to consider lightly the first evidence of the introduction of any disease into your system or to neglect the first symptoms of weakened mind and impaired health caused by neglect, ignorance, dissipation, etc.

Such indifference and neglect of the first symptoms are responsible for thousands of human wreeks, failure in life and business, domestic discord and unhappy married life, divorce, insanity, suicide, etc. Men, why take such desperate chances? The manifestations of the first symptoms of any disease should be a warning to you to take prompt steps to safeguard your future life and happiness. You should carefully avoid all uncertain, experimental, dangerous or halfway treatment, for upon the success of the first treatment depends whether you will be promptly restored to health again, with all taint of disease removed from your system, or whether it will be allowed to become chronic and subject you to future recurrences of the disease, with the various resulting complications, etc.

## Be a Perfect Man

With No Back Pains-No Nervousness-No Waste of Power-No Loss of Ambition-But With Plenty of Life and Energy and the Vigor of Youth.

To be strong and mastly is the aim of every strong man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous manly young fellows that nature intended them to be, they find themselves weak, stunted and despondent—no ambition to do anything. They struggle almiessly along, sooner or later to become victims of that dread disease, nervous debility; their finer senablitities blunted and their nerves shattered.

### I CURE MEN'S DISEASES

I have treated hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of private all-ments, and have been interested in noting the marked general improvement that follows a thorough cure of the

chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my specialty; to my having ascertained the exact nature of men's ailments, and to the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect, I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon any one.
