NO SALE FOR BARK

Cascara Sagrada Trade Receives a Jolt.

OUTLOOK FAR FROM GOOD

Failure of Big New York Drug Firm Is Likely to Throw Large Quantity of This Article on the Market.

The outlook for the cascara bark market is not good. Trade has been nearly stagnant for several months, with prices tending downward, and the indications are that the situation will be even worse in the future, owing to the failure of one of the largest handlers of this commodity in the world.

The Stallman & Fulton Company, a wholesale drug firm of New York, with branches in Chicago and London, assigned ten days ago. The failure was precipitated by the sudden death of Mr. Stallman. Immediately following the failure, cables announced that London brokers had offered 50 tons of bark on the London market at 30s, equivalent to 5 cents a pound here. This lot was believed to be a part of the holdings of the Stallman & Fulton Company, and the fear was expressed that the receiver for the company might force on the American market the New York holdings of the firm, which are supposed to be large. Such action would absolutely swamp a market already demoralized.

Cascara bark was one of the first commodities to feel the effect of the trade depression in the East. The market, however, had not been active for several years, though a number of times speculators thought the demand was on the point of reviving. Statistics in this connection, however, proved misleading, for the manufacturers succeeded in getting along without what was thought to be their annual requirements. It may be they found a cheaper substitute, but it is more than likely that the trade has overestimated the demand.

Some 400 tons of bark of various ages are held on the Coast by dealers and speculators and the supply bids fair to be further increased this year. Advices from different points in the cascara sagrada sections are that preparations are being made to peel a larger quantity than was brought out last year, owing to the fact that labor is more plentiful, but it will, without doubt, prove an unprofitable harvest for the peelers.

BUYING HOPS FOR LONDON ACCOUNT

No Business Reported for the Eastern Trade.

Buying of hops on a fairly good scale is under way, but nearly all the purchases are on foreign account. Very few of the dealers with Eastern connections are astir. Reports from Washington note great pressure to sell on the part of growers.

The following hop contracts have been filed with the county recorder of Marion county:

Grant and Pooler to Elsas and Pritz, 10,000 pounds at ten cents. T. L. Ross to Elsas and Pritz, 12,000 pounds at ten cents. Alex Harold to Elsas and Pritz, 12,000 pounds at ten cents.

T. B. Walker to William H. Ramsey, 10,000 pounds each year, 1908, 1909, 1910. Henry Annen and H. H. Annen to William H. Ramsey, 8000 pounds each year, 1908, 1909. J. P. Wilquet to W. H. Ramsey, 12,000 pounds each year, 1908, 1909, 1910, at ten cents. Henry Annen and H. H. Annen to W. H. Ramsey, 8000 pounds, crop of 1910, at ten cents. C. C. Wenger, Silverton, to W. H. OREGON POTATOES IN THE EAST.

Some Shipments Said to Have Reached Minneapolis Market.

The latest issue of the Chicago Packer contains a dispatch from Minneapolis to the effect that shipments of Oregon potatoes have invaded that market and are being sold at a profit, owing to the high prices quoted on Minnesota stock. Nothing is known here of any shipments from Oregon to Minnesota, and it is presumed the story refers to some small lots shipped from Eastern Oregon, probably on consignment. With the prevailing freight rate it is impossible to ship valley potatoes so far east and make a profit.

The onion market continues quiet, but firm. Some business at $2.40 was reported yesterday. A number of cars have been shipped South in the last few days, but they were onions purchased previously. Prices are well maintained at San Francisco, but the northern markets have sufficient stock to last until Bermudas arrive.

STRONGER DEMAND FOR OATS IN EAST.

Ten Thousand Tons Sold in Eastern Washington for Shipment.

The wheat market was firm yesterday at the previous day's prices. Business was not on an active scale because of the unwillingness of farmers to part with their holdings.

A firmer feeling prevails in the oats market as a result of the Eastern demand. It is reported that 10,000 tons of Eastern Washington oats have been sold for shipment to the East. This materially cuts down the supply in that section and has caused an advance in quotations here, though the local feed demand shows no improvement. The California inquiry is also unsatisfactory. The barley market continues quiet.

Strong Demand for Poultry.

Receipts of poultry were more liberal than usual yesterday, but the supply was not sufficient for requirements and the market held very firm.

Eggs were quoted steady, with most sales around 18 cents. A good northern demand prevents local stocks from accumulating.

The butter market was steady and unchanged.

Bank Clearings.

Clearings of the Northwestern cities yesterday were as follows:

	Clearings.	Balances.
Portland	$1,090,898	$296,457
Seattle	1,408,929	291,117
Tacoma	646,292	31,309
Spokane	1,148,810	160,975

Two Cars of Bananas Arrive.

Two cars of bananas were unloaded yesterday morning, one ripe and the other green. A car of Placentia cabbage also came in. Cauliflower is cleaning up well, and it is probable no more will be received from Los Angeles this season. A car of sweet potatoes is rolling from the South.

CANNOT BE MOVED

Stock Prices Will Not Go Up or Down.

DEMAND IS PARALYZED

Nor Is There any Selling Pressure in the Market—Trading in the Hands of a Few Professionals.

NEW YORK, March 4.—The small circle of professional traders whose operations now make up the score of daily transactions in the stock market struggled in vain today to effect any considerable movement. They were hard pushed to find arguments as a normal explanation of their operations. The day was practically barren of price movements or news of any interest. Notwithstanding the almost total paralysis of the demand for securities, the bear traders find no important offerings coming out to afford them opportunity to cover short contracts.

Evidence of revival of industry and recuperation of business was not regarded as clear enough to warrant operations today. The reduction of the dividend on Calumet & Hecla stock and on a minor copper company had a discouraging effect on holders of the copper industrials. Another reduction in the price of copper in London today was another factor in the same direction. The selling of Union Pacific was under suspicion of coming from a well-informed source, and the traders were encouraged to join in the selling, only to find the stock in scarce supply when they attempted to cover. There was continued discussion of the amount of unfriendly criticism and hostile measures directed against the financial centers and the speculative markets, and there was a disposition to ascribe to this much of the profound dullness which has now overtaken the stock market.

Opinions are divided over the probable action of the Bank of England governors on the official discount rate tomorrow. The present increase in money-market supplies in London is complicated with the question of needed protection against a demand from Berlin to help in meeting the pressure on supplies on that market.

The scarcity of stocks was the basis for a turn against the shorts which caused a brisk rise later in the day, when Great Northern ore certificates developed pronounced strength. This movement also died out again into dullness and hesitation before the market closed.

Bonds were irregular. Total sales, par value, $1,246,000. United States bonds were unchanged on call.

Wheat Prices Drop Back at Chicago.

STRENGTH AT OPENING

General Selling in Last Hour Carries Prices Downward—Realizing Causes Weakness in Corn and Oats.

CHICAGO, March 4.—Wheat was extremely strong for the first 15 minutes of trade, there being a wild scramble to buy on the part of shorts, who were apparently thoroughly alarmed by the 2-cent advance here yesterday. For a time offerings were inadequate to the demand. Prices were easily advanced 1 cent from the low point before any increase in offerings was noticeable. During the last hour sentiment became decidedly bearish and selling was general. May opened ⅛@⅝c lower to a shade higher at 99⅞@$1.00¼, advanced to $1.01¼ and then declined to 99c, the market closing weak at 99@99⅛c.

Corn was strong during the first half of the session, owing to active demand by shorts. In the last half of the day, however, there was considerable realizing, and nearly all of the earlier gain was lost. May opened ⅛@¼c higher at 62⅜@62½c and closed at 62⅜@62⅝c.

The feature of the trade in oats was the liquidation of May. May opened ⅛c higher at 53⅞c, advanced to 54c and then declined to 53⅛c, where it closed.

Provisions were weak throughout the entire day, owing to selling by local packers, which was based on more liberal receipts of live hogs in the West. Pork for May closed 17½c to 25c lower, lard was down 10c and ribs 12½c lower.

KIDNEY-CURE TEA
W. J. VAN DAMME.
185 Morrison street, near bridge, next to Pap's Coffee House.
NEW TESTIMONIAL:
To Whom It May Concern:
After suffering for the past 25 years with kidney trouble, and spending more than $1000 on doctors and medicine, I got no better. These different doctors that have been treating me have called my disease Rheumatism, Chronic Appendicitis, Fibrous Tumors and Heart Trouble. I called on Van Damme and obtained from him a bottle of his "Kidney Cure Tea" about six weeks ago, and have since used four other bottles, making five in all, and today I consider myself a new person. For any further testimonials call at my home and I will gladly furnish them.
