Foreign Orders Strengthen #15; cheat, \$15; grain hay, \$14@15; alfalfa, Market for Better Grades.

POOR QUALITY NEGLECTED

English Brewers Stocking Up at Current Prices Against Puture Needs - Continental Brewers Provided for Until 1909.

There is a first-class export demand for hops and the buying under way in the sev-eral sections gives the market an appearance of considerable activity. The foreign inquiry has also been the means of impart-ing more firmness to the market as the competition between huyers has become ceen in some localities. The better feelhis, however, does not extend to the poorer grades of hops and anything below a prime is hard to move, even at concessions. The demand is solely for prime and choice hops and these qualities find ready buyers. The top price known to have been paid was 55 cents. Since the export buying movement et in, about 5000 bales have changed hands There is said to be absolutely no inquiry

from the Eastern trade.

The export orders are attributed by deal-The export orders are attributed by deal-ers largely to the attractiveness of current prices, which have led the English browers to stock up heavily against future needs. This free buying now is not going to help next season's market. Many of the leading American brewers claim to have enough hope to last them for two years and if the English are going to provide for their re-quirements in the same way, the market will be a sorry one next Fait. The conwill be a sorry one next Fah. The con-tinental situation, too, looks had from a producer's standpoint. Mayor Dinkel, of Nuremberg, one of the largest hop merchants in Europe, writes to Klaber, Wolf & Netter that brewers on the Continent are stocked up to April 1, 1908, minimum requirements, and July 1, 1908, maximum; and even a crop fallure will not cause pay-ing prices for 1908 hops. He writes that 5000 to 10,000 hundredweight are left unold on the Continent, 75 per cent of which are of poor quality.

The agitation in England for an import dury on foreign hops is giving to the American trade some concern, but it is not thought the Brilish Government will break nto its free trade policy for the benefit of the comparatively small number of srowers. A parliamentary committee has on appointed to inquire into the matter and that will probably be the last of it. The effort to form a growers' combination on this Coast gave the English agitation its impetus, but by this time the growers over here have learned that the union move-ment is a failure, and will probably seek other method of bolstering up their languishing industry.

DEEGON APPLES IN LONDON MARKET Prices Fully Maintained, but Eastern Stock Sells Lower.

The weekly apple report of W. Dennis & ons. of London, says:

Sons of London, says:

After bolding up fairly throughout the sweek, this market yesterday broke on best quality red fruit to the extent of fully 2s to 2s at per harret, but Gresnings and best Newtowns fully maintained their prices. These taland celery is due today.

Lead was 2s od nighter at 115 ins in London
Locally the market was dull and unchanged
at 2.65pt.175c.

Spelter was lower at 220 17s 6d in London
Spelter was lower at 220 17s 6d in London

Spearer was lower at 120 in 30 in London, but remained dull and unchanged at 4.85@ 4.750 in the local market. Iron was lower in the British market, with standard foundry quoted at 48s 3d and Cleveland warrants at 50s Thd. Locally no change

Dried Fruit at New York.

NEW YORK, March 6.—The market for evaporated applies is practically nominal in the absence of business. Fancy are quoted at

at 067c.

Prunes are unsettled, with quotations ranging from 4% to 15c for California fruit and from 6% to 10c for Oregon.

Anticous are in jobbling demand, with choice quoted at 184,021c, extra choice at 22923c and fancy at 24625c.

Peachus are dull, but with weak etock priety well cleaned up, show a steady tone. Choice are quoted at 106104cc, extra choice 116114cc, fancy 114,642c and extra fancy 13614c.

Raisins are easy, with loose Muscatel quoted

TACOMA, Wash, March 5.—(Special.)— The flour-mills have received a few orders secondly from the Orient, principally from North Chins ports. Expert flour is 20 ceuts barrel lower than it was a month ago, and a barrel lower than it was a month ago, and this decline seems to have benefited the market slightly. There is scarcely any business done with Japan and Hongkong as the Japanese and Hongkong dealers are holding off in hope that the price of export flour will go still lower.

The millers look upon these few orders as feelers, and if the price of wheat is not advanced they expect the orders to be followed by others.

CHICAGO March 5.—On the Produce Ex-change today the buffer market was weak Creameries 22928; dairies 20920c. Eggs firm; at mark cases included 184,919c; firsts, 194c; prime firsts, 204c; extras, 224c. Choese steady, 124,91sc. NEW YORK, March 5—Butter, easy and un-hanged. Cheese, firm and unchanged, Eggs, firm. Westerns, 231-c.

NEW YORK, March & Coffee Futures closed inactive at a decline of 5 points. Sales were reported of 18,000 bags, including: March, 0.8868.580, May, 3.896.580; July, 60; September, 696.180; December, 6.30c, 89c, 1915. Construction of the conference Coffee and Sugar.

Wood at St. Louis. ST. LOUIS, March 3 -Woot-Dull, Medium grades, combing and childing, 291-8224c; Ught the, 1920ic; heavy fine, 1591812c; tub washed, 2585ic.

Slight Improvement Reported in That Industry.

EFFECT ON STOCK MARKET

Prices Advance Slightly in Opening Dealings, but Demand Is Insignificant - Drop in English Bank Rate of No Effect.

NEW YORK, March 5 .- Professional opera ions in the stock market were on a larger cale than recently during the early hours of came the traders again at the small recipitse attinucted by their efforts and shortly after middly the market had swung back into lethearsy. The price fluctuations were narrow and the bulk of the day's moderate business was transacted at prices higher than the closing last night. Traders were inclined to operate on the long side of the market because of the scanty supply of floating stock in the market available for overcoming short contracts.

atracts.

Added to this negative attraction of the Added to this negative attraction of the long side were several developments in the news which were interpreted as hopeful of improvement in business conditions. The two leading organs of the iron trade were agreed in the opinion that a slight and slew improvement is occurring in that industry and its atilled branches. The maintenance of the dividend requirement in spite of the falling off of net earnings was a contributory influence in the feeling of confidence regarding the from outlook. A modifying influence was the report of some sinding of the prices of iron in different markets and uncertainty over future prices.

The stock market element had thrown off, to some extent, the fright of yesterday over

some extent, the fright of yesterday over to Hepburn bill to tax stock transfers. Asto some extent, the fright of yesterday over the Hephorn bill to tax stock transfers. Assertion that this plan was to have administration support brought dut a citation from President Roosevel's last message to Consress which was given general circulation about the stock exchange, in which he said: The great bulk of the business transacted on the exchanges is not only legitimate, but necessary, and extreme care will have to be taken not to interfere with this business in doing away with the bucket-shop type of operation." This quotation afforded some comfort to the disturbed minds of the brokers. The reduction in the Bank of England official discount rate had slight effect abroad or here. An item in the day's newe that gave gratification was the decrease in the surplus of freight cars reported by the American Rallway Association, the number reported on February 19 falling to 220,513, compared with 343,525 on February 5. An important bank failure in Rilo de Janeiro had a damping effect on such life as the market showed. Another reduction in the scaper weak was a second and a content of the content of the production in the market showed. on such life as the market showed. Another on such life as the market showed. Another reduction in the price of copper metal was of depressing influence on the coppers. The day's uncertain movement ended with little change from last night's prices.

Bonde were irregular. Total sales, \$1,520,-000. United States is declined in per cent on only

Government Chemist Says Effect Bad, Even in Small Quantities. Opposed to Saloons.

WASHINGTON, March 5.—In a eigned statement, given out tonight, Dr. H. W. Wiley, Chief of the Bureau of Chemistry of the Department of Agriculture, makes a vigorous denial of statements he is alleged to have made recently—one to the effect that "the man who never takes a drink is a 'mollycoddie.'" WASHINGTON, March

The statements attributed to Dr. Wiley in regard to whisky and alcohol are said to have been made in an address before the University Club, in Washington, on Saturday night, Feb-ruary 29, and he declares they "are wholly unwarranted by the facts."

Dr. Wiley is credited also with hav-ing said in effect that it will be a sorry day for this country if "booze" is ever banished from its domains, and that he would have the young man drink whis-ky, not only for his stomach's sake, but to give him nerve, self-reliance, etc. Here is what Dr. Wiley states he ac-tually did say on the occasion referred

to:

I said I believed the general effect of alcohol on mankind was wholly bad; that it was bad even in small quantities; that, if distilled beverages, such as whisky, hrandy and rum, had any good effects, they were due to the fact that aromatic and fragrant substances therein atimulated the digestive secretions and thus overcame to a certain extent the bad effect of the alcohol which they contained.

I farther said that I was in theory a prohibitionist, but there were practical difficulties in the way or prohibition and the hetter plan would be to abolish the saloons and that, if people wanted to drink distilled beverages, they should do so quietly at their homes and with their food and not in saloons. I did not suggest nor advise young men to drink fiquer of any kind, but said that it was always bad.

RICH LEGACY IN FRANCE

Fortune From Vast Estate

FOREST SPRINGS, Cal., March 5 .-(Special.) — Another rich-unci-legacy story has developed. This time N. Eames, of this city, is the fortunate heir. Several Oregon people will also share in the division of the fortune. Earnes has information that he is Eames has information that he is possibly one of the several heirs to a large estate in France, the value of which runs into figures that are fabulous. The estate is that of an uncle on his mother's side in France, named Newell. Much of the property is in Paris, and co-incidentally Mr. Le Duc, a ranchman near the Sultana mine, remembers having seen a block of houses owned by Newell in Paris. This latter corroboration aids Mr. Eames in the Corn-Large yellow, \$1.00 \(\) 1.00 \(\) 1.235. proboration aids Mr. Eames in the belief that the estate is a big one as reported. Full particulars have not yet been received by him, but a nieco, accompanied by a lawyer, left San, Francisco last week for New York, whence they will sail for Paris to make

Newell, the rich uncle, was an old bachelor and died about a year ago. Whether he left a will is not known by Whether he left a will is not known by Eames, but he understands that himself and three sisters and his nephew are to be heneficiaries of the estate. The nephew is Jefferson Thomas, in the employ of the Clinch Mercantile the employ of the Clinch Mercantile Company at Grass Valley. Eames' sisters are the following: Mrs. Kate Adams, Templeton, Coos County, Or.; Mrs. Emma L. Blodgett, Wolf Creek, Josephine County, Or.; Mrs. Virginia Patterson, Cripple Creek, Colo. The husband of the latter has been foreman for eight years at Stratton's Independence mine. Mrs. Meerschaum, of San Francisco, a sister to Jefferson Themas, and niece of Mr. Eames, will also come in for a share of the estate. also come in for a share of the estate. Earnes was born on the ranch where he now lives. His mother, slater to the late uncle, has been dead 20 years. The Earnes ranch was one of the earliest locations in Nevada County, and probably records the longest conin France is said to be worth a million francs.

TACOMA. Wash., March 5.—Judge Snell today heard Will H. Thompson's petition to set the case of his son Chester for hearing. Mr. Thompson seeks the youth's release under the Graves act, which provides for the release of the criminal insane upon their menof the criminal insane upon their men-tal recovery, but Judge Shell holds that to be impossible because the act did not become a law until after judg-ment was passed on the prisoner. Mr. Thompson will apply to the Supreme Court for a writ of mandamus to com-pel Judge Shell to set the case.

Castle Rock, Wash.—At a mass meeting lays evening Mrs. G. L. Buland was nominated for school director for the three-year term and H. H. Powelson for one year to fill out an unexpired term. There has been considerable friction in school matters during the past year and the election Saturday promises to be a lively one.

Weakening Factors Are Expected Increase in Primary Receipts and Liberal Shipments From Argentina-Rally at Close.

Centennial
Cop. Range
Daly West
Franklin
Granhy
Lsie Royal
Mass. Min.
Michigan
Mohawk CHICAGO, March 5.-Wheat was nervous the greater part of the day and the volume of trade was large. The market was inclined to be firm early owing to liberal pur-chases by c. mmission houses. Pit traders in general, however, were disposed to sell in view of a probable increase in primary recelpts in the near future. A forecast of continued liberal shipments from Argentina also tended to weaken the market. Prices were forced down about 1%c from the high point. A sharp rally occurred just before point. A sharp raily occurred just before the close. May opened 16 % to to 16 % c higher at 90 % c to 90 % c, advanced to 90 % 90 % c, and then declined to 95 % 0 95 % c. The close was firm at 95 % 600c.

Corn was strong all day, being influenced chiefly by unsettled weather in the corn belt, which will probably interfere with the movement of the crop. May opened 是要集合 to %@ 6c nigher at 63c to 63%c, sold down to 62%c, and then advanced to 63%c, close was firm at 65% 8 63%c.

Oats were easter on continued liberal sceipts. May opened is higher at 53 i.c. sold between 53c and 53%c, and closed at 53 % c. Provisions were firm on buying by shorts At the close May pork was up 10c, lard

was up 5c, and ribs were The higher.
The leading futures ranged as follows:

KNIVES USED BY OLD MEN

Septuagenarians Fight to Death in Almshouse.

SAN FRANCISCO, March 5.—Enraged suptuagenarians fighting a desperate knife battle in the dark at the almshouse last night threw the whole dormitory into a panic and resulted in the fatal wounding of one of the participants. Louis Renton, 79 years old, is now a prisoner, while Albert Kunz, 10 years younger, is dying in the hospital ward, with deep stabs in his abitomen.

The two old men occupied neighboring beds and the quarrel was started by Ren-ton opening a window, causing a draught that annoyed Kung, who shut down the eash. Then Renton drew a knife from under his pillow and the stabbing foi-
