**GOLD SPIKE TO BE DRIVEN**

**OPENING OF NORTH BANK ROAD WILL BE CELEBRATED.**

Excursion Planned Over New Line by Vancouver and Portland Business Men.

The completion of the North Bank road will be formally celebrated by a special excursion over the new line from Vancouver next Wednesday. The train will carry about 400 excursionists and invitations will be issued today. A number of Portland people, particularly those prominent in railroad circles, are expected to participate in the demonstration. Governor Mead of Washington, will be one of the speakers.

The affair is under the immediate direction of the business men of Vancouver and has the full co-operation of the officials of the Spokane, Portland & Seattle Railway. The new line to be opened. The special train will carry eight coaches and will be the first passenger train to run over the western end of the new road.

The excursion will not attempt to run over the whole line to Pasco and return, but will go east as far as Ste-

venson, where the ceremony of driving a golden spike will be carried out. It was near this town that the last spike in the work of track laying was driven a short time ago.

Prominent business men of Vancouver and the surrounding country will participate in these exercises and suitable speeches will be made. The Fourth Artillery band, stationed at Vancouver Barracks, has been engaged for the occasion. All arrangements are in the hands of Vancouver business men, but a number from Portland will accompany the party as guests of Vancouver and the railroad company.

The list of Portland people to go is not yet complete, but will be known when the invitations appear today. Men prominent in railroad circles here are expected to participate. Among those who will attend the ceremony of formally opening the road from Portland are Francis B. Clark, president of the Spokane, Portland & Seattle Railway; H. M. Adams, general freight and passenger agent; A. D. Charlton, assistant general passenger agent for the Northern Pacific; William Harder, general agent for the Great Northern Railway.

The special train will leave Vancouver next Wednesday morning at 9 o'clock and will return about 5 P. M. Portland people who will participate in the excursion will leave the city about 7 o'clock by electric line for Vancouver and will board the excursion train there.

**BARTLETT IS NOT GUILTY**

**JURY EXONERATES HIM ON EXTORTION CHARGE.**

Former La Grande Councilman Cleared of Charge That He Extorted "Graft" Money.

LA GRANDE, Or., March 5.—(Special.)—After an even year spent in appealing his case and securing orders for a retrial on a charge of extortion while Councilman in this city, Attorney E. W. Bartlett, now of Pendleton, has been vindicated by a jury, which today returned a verdict of not guilty. With the weight of Gardiner's testimony of yesterday, in which the witness said he divided the proceeds with Bartlett, materially lessened by Judge White, of Baker County, who sat on the bench during the trial, there seemed to be no doubt as to the outcome of the case. The court, in his instructions, said the money question was immaterial, that actual evidence of extortion was the only question to solve. The jury was out a little over two hours.

**Find Easy Grade for Road.** ASTORIA, Or., March 5.—(Special.)—

Herman Ahlers and Henry Hill, who were engaged by the County Court to select a location for a proposed road from Seaside to the Tillamook County line, filed their report today, stating that they had found a route along which a road can be built with not to exceed 5 per cent grade. The court directed the County Surveyor to make a preliminary survey of the route and submit it at the next meeting of the court.

**A Plea for Clean Meats, Clean Markets**

In almost every city, large and small, of the East and Middle West, market men are compelled by law to keep their meats protected from dust and dirt and insects. No meats nor cuts of meat may be exposed to the street. Right here in Portland we are the only concern that has put up a fight for clean meats—kept inside the shop. The Government demands wholesale sellers to have dust-tight partitions, germ-proof floors and germ-proof ceilings. There is a strict city ordinance compelling all meat dealers to keep meats covered while being transported through the city streets. But why be careful to keep meats clean while being transported through the city, if what you are germ-proof and dust-proof buildings, if the retailer may place those meats where they may gather all the unclean atoms of the down-town district? It won't require a \$5000 laboratory to discover germs on such meats. Any thoughtful person knows they are there. The baker will protect his pastry from street dust; milk must be covered; butter must be wrapped in paper; the grocer has to rush to keep his stock clean; but you are never sure of eating clean, healthful meats unless you buy at Smith's. Help us in our fight for clean markets—It's a fight against the Beef Trust.

FRANK L. SMITH MEAT CO. There are markets that do not care on both sides of us, but they do not belong to us. Neither one of them carries Smith's absolutely clean, fresh Oregon meats.
