Ridder Accuses Census Director North of Deceiving Congress.

ABOUT PRICE OF PAPER

Newspaper Publishers Muted by Protected Trust Through Misrepresentation - Charges Against North Sent to Roosevelt.

NEW YORK, March 9.—Charges of official dereliction are made against S. N. D. North, Director of the Census, in a letter which has been sent to President Roosevelt by Herman Ridder, president of the American Newspaper Publishers Association. Mr. Ridder charges that in a letter written to Representative Dalzell on the subject of news print paper prices for a period of 15 years, Mr. North gave a series of "false and misleading figures." He charges that the Director failed to exercise diligence in seeking for information and that he used worthless and secondary sources of information. Mr. Ridder says:

That letter has been used on the floor of Congress as an official publication and was declared by Chairman Payne, of the ways and means committee, to be "as accurate as can be." In fact, the Director of the Census has issued in that letter a series of false and misleading figures and that, whether intentional or not, he has served the purpose of a group of combinations which are aiming to add \$20,000,000 per annum to the burdens of printers and publishers.

He points out that in Mr. North's letter there is a lapse of three years for the period from January 1, 1897, to January 1, 1900, when paper dropped to \$2 a ton, or \$18 less than the present asking price. Mr. Ridder says that in those three years 20 mills were merged into the International Paper Company. The letter says also that "the lowest price appearing anywhere in that extraordinary compilation of the Director of the Census is 86 per ton in excess of the lowest price at which paper has been sold in New York," and that "no books of any large paper manufacturer will show such prices as are credited by Director North."

Hawley Asked to Amend Fulton's Land-Grant Resolution.

MEDFORD, Or., March 9.—(Special.)—Great anxiety is felt in the Rogue River valley by property owners over the prospective passage of the Fulton joint resolution providing for legal action against the Oregon and California land grant. W. Perkins, W. J. Vawter and Mayor Reddy, have wired Congressman Hawley, urging immediate action toward an amendment to the resolution.

MAYOR LANE IS CENSURED

DISCRIMINATION CHARGED BY SPANISH WAR VETERANS.

Scout Young Camp No. 2 Passes Resolutions Charging Unfairness Toward That Organization.

At a meeting of the Scout Young Camp No. 2, Spanish-American War Veterans, held last night in the Abington building, which was well attended, Mayor Lane and his administration were criticised by virtually the unanimous vote of the members present. The feeling against the Mayor and his political associates was bitter and acrimonious, and what was termed "administration methods" was given eloquent voice.

The principal grievance, however, lay in the contention that ex-soldiers have been consistently discriminated against by the present administration, whereas, it was pointed out, that the Federal Government and municipal governments always favor ex-soldiers as far as possible in all positions controlled by civil service. Officially the disapproval of the administration was set forth in the following resolution, which was passed:

"Whereas, a thorough investigation from this camp into the treatment accorded the Spanish-American War Veterans by Mayor Lane and the present city administration, we are of the opinion that the said administration is unfair toward this organization; Therefore, be it resolved, that Scout Young Camp No. 2, U. S. W. V., emphatically condemn Mayor Lane and the present administration for their conduct prejudicial to the members of this organization."

Against Direct Election.

FACONS IN LINE FOR PRIMARIES

Rival Republican Camps, Opposed to Statement No. 1, Are in the Race.

TICKET IN FIELD TODAY

Beach-Bailey-Hodson-Sichel Group Announces Legislative Aspirants and Opponents, Carry on an Active Campaign.

Since the Republican convention in Portland ten days ago, the down Statement No. 1, and called on candidates for the Legislature to pledge themselves to the choice of the Republican party for United States Senator and to refuse to pledge themselves to vote for a Democrat for that office, as Statement No. 1 would bind them to do, that statement has had small following in Republican ranks in Multnomah. Two factions have cropped out, in opposition to the statement, to fight each other and each is lining up for the primary election with candidates for nomination. The one led by C. W. Hodson, A. A. Bailey, S. C. Beach and Sig Sichel, and is the original camp that declared opposition to Statement No. 1. Its candidates are pledging themselves to vote for the people's choice for United States Senator, if he is a Republican. The other group, led by C. M. Ideman, W. M. Davis and Max G. Cohen, is the one which organized the county convention and unconditionally tried to prevent the convention from declaring against the statement. Its candidates were pledging themselves to vote for the Republican voters' choice for United States Senator.

On the Beach-Bailey, Hodson-Sichel side, a complete ticket has entered the field and today its members will file notices of their primary petitions for nomination with the County Clerk. They are: For State Senator—J. C. Bayer, C. W. Hodson, John B. Coffey, John Driscoll and Sig Sichel. For Representative—Louis Kuehn, R. S. Farrell, J. W. Beveridge, Frank Bollen, K. K. Kubli, Dave Mackie, G. W. Holcomb, L. E. Crouch, N. D. Beutgen, Lou Harlow, George W. McMillan, Frank Richardson, and for Joint Representative for Multnomah and Clackamas counties, C. N. McArthur.

No ticket has yet appeared from the other camp, but its members are active in fighting the rival programme. The two factions fought each other hard in the county convention and have carried the war out into the county. Dr. Emmet Drake, who is regarded as representing the Ideman-Davis group, in the race for State Senator, takes the "Republican voters' choice pledge." So does E. B. Colwell. A. B. Manley is expected to announce himself on the same programme. John Gill has been pressed to run for Senator on this platform but has not yet consented. F. E. Beach has been pressed by the same way, but has declined to talk with him as having said he will not run.

The strife between these two elements promises to make a warm contest. Each charges the other with expiring a "machine," put together to run the politics of this county. Each denies that it is putting up a ticket and says that the candidates on the respective platforms have simply reached an understanding to run before the people on the issues they have chosen.

POLISH POLICE WANT HIM

MIKE PETERSON, MURDERER, WILL BE DEPORTED.

Man Given Up to Authorities by Sister-in-Law as Result of Family Row.

Mrs. John Peterson, of 64 Guild street, told the truth six weeks ago when she exposed her husband's identity as a Polish murderer and a fugitive from his native land. The brother in question, Mike Peterson, alias Mikko Helkilla, will be deported at once, word having reached Chief of Police Gritmacher yesterday that the Polish authorities want the man. He was turned over to the Federal officers at noon and will be taken to New York at once for deportation.

According to the advice received yesterday from Poland, Peterson or Helkilla, served a term of years for killing a man in political riots and after his release stabbed an enemy in the back and made his escape, coming to America. He at once joined the Russian army and would possibly have remained here un molested had he not won the ill favor of his sister-in-law.

The fugitive murderer was his downfall to the occasion of the arrival of a son in his brother's family. He and the newcomer's father got to celebrating the fellow's demerit in the family. A dispute arose as to what name should be given the child, with the result that a fight ensued. Mikko wished to bestow the name of "honey" on the offending infant, and that was what started the trouble. The services of two policemen were required to get the scuffle ended, and then Mrs. Peterson told the officers that Mikko was an escaped murderer from Poland.

The American authorities will go no further in the matter than effecting the fellow's deportation. Peterson is on a boat headed for Europe. The Polish authorities will be notified, however, of the date of sailing, so that they can meet the man when he steps ashore.

At the Vaudeville Theaters

Grand. The new bill which opened at the Grand theater yesterday afternoon constitutes one of the best-arranged collections of vaudeville talent seen at the popular Washington street show-house in several weeks. The various acts are pleasing as well as refined, and none border on the coarse or vulgar. It is seldom that the motion picture can be rated as one of the features of a show of this kind, but aside from the dog and pony act, it can be safely said that all who witnessed the trials and tribulations of little Dan Cupid as depicted by the motion films, are agreed that the pictures were a "real hit" and went away well pleased with the programme as a whole.

The dog and pony act introduced by Professor Carlisle is one of the unique

turns of the kind in vaudeville, and the concise manner in which a little Shetland pony enumerates various figures in addition and subtraction by counting with his fore foot, causes amazement. In addition to counting any number mentioned by any member of the audience the pony performs in various other stunts at the beck and call of the trainer. The dogs are also well trained.

Bill opens with the Stadium Trio, a team of acrobats, who perform some exceedingly difficult feats on the rings. The twin sisters Manning contribute a singing and dancing specialty that exceeds their repeated recitals and is among the best acts of the kind in vaudeville. "Ivanhoe" contributes the illustrated song "Red Wing" as only Ben Allen can do it.

Alva York is a prepossessing prima donna, who sings popular ballads in a splendid voice. Her rendition of "Annie Laurie" yesterday earned her repeated recalls. The farce comedy duo, Howe and Edwards, contribute to the amusement of the patrons and were well received. The excellent entertainment concludes with the adventures of Dan Cupid as shown by the moving pictures. See the Grand by all means. It is well worth while.

Pantages.

Manager Johnson continues to introduce such a genuinely pleasing galaxy of all-star attractions as constitute the bill at Pantages Theater. It is hard to see how the manager can do better than to continue to introduce such a galaxy of all-star attractions as constitute the bill at Pantages Theater. It is hard to see how the manager can do better than to continue to introduce such a galaxy of all-star attractions as constitute the bill at Pantages Theater.

The programme opens with a scenic specialty that is pleasing as well as interesting in character. The starry night to represent a jungle scene, and Arthur Hughes, in an eccentric tramp role, goes through a laugh-producing juggling act that takes well.

The most startling act on the bill, however, is the Florenz troupe of parlor acrobats, whose feats were the talk of the city on the occasion of their recent visit here. In spite of the fact that they return the act still thrills the audience, and is as popular an attraction as on the introductory appearance.

The Phenomenist, a genuinely amusing comedy sketch which throws the audience into spasms of laughter, is contributed by the starry night and Eloise Willard. Aside from their side-splitting sketch, the stunning costumes worn by Miss Willard add greatly to the attractiveness of their specialty. Lacey Sampson and Mabel Douglas present a pleasing little comedy skit that serves to lighten the enthusiasm.

Man and Pearl, a pair of male acrobatic comedians, introduce several new specialties in the most capable manner. Polk and Kollins introduce a banjo specialty that is one of the musical hits in vaudeville. Jean Willard contributes his illustrated ballad, "Just Someone," in the usual capable manner. The biograph pictures are good. Don't miss this great show this week if you like vaudeville up to date.

GREAT FEAT OF WIRELESS

Message From Fleet in Pacific Received at Pensacola.

WASHINGTON, March 9.—About the last place that the Navy Department expected to hear from the Atlantic battleship flotilla for at least six months was on the Atlantic coast, yet this is what has happened. The Navy Department today received a telegraphic message from its wireless station at Pensacola, which has been in direct communication with the battleship fleet, a most remarkable feat considering that the wireless impulses were obliged to traverse the Gulf of Mexico, then cross overland the state of Texas, part of Mexico and again traverse several hundred miles of ocean. This particular message was from Rear Admiral Thomas, in command of the second division, and was as follows:

"Have you any important news from home?" An additional dispatch received at Pensacola from Admiral Thomas, dated on board the Minnesota at 8 o'clock last night, is as follows: "The position of the fleet at this moment is latitude 14 1/2 north, longitude 102 1/2 west."

Mother takes a Cascaret and baby gets the benefit.

It is easy to supply, in this natural way, all the laxative a baby needs.

An exclusive milk diet tends to constipation with all of us.

So does inactivity. Without exercise, without coarse food and fruit and green vegetables, our bowels are never active.

Is it any wonder that a nursing baby, who cannot yet walk, needs the help of a laxative? All babies do, as you know.

When baby grows older, his different foods will do what Cascarets do for the bowels.

When baby can walk and play and be active, exercise will take the place of a laxative.

But, until then, a gentle laxative is almost a constant necessity. All mothers know that.

It isn't necessary to give the laxative direct to the baby. It is better if the mother takes it.

Then the baby gets its laxative as part of its food. And the mother is helped at the same time.

But use nothing but Cascarets. They are gentle and natural—purely vegetable. No irritation, no harshness, no griping.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and

Ten Cents per Box.
