

BRUTAL CRIME OF AN INSANE FATHER

Warren McKay, of Tenino, Wash., Butcher's Wife and Two of His Children.

FALLS DEAD SOON AFTER

Attacks With Hammer and Razor While Family Sleeps—Wife Puts Up Fierce Struggle—One Child May Recover.

TENINO, Wash., March 10.—(Special.)—Warren McKay killed his wife and two children at his home here early this morning, attempted to murder his third child, and then dropped dead, a victim to a cancerous growth which had dethroned his reason.

The murder in this excavation was fiendish and complete. The family was asleep when McKay began his deadly work. With a hammer he crushed in the skull of his four-year-old son, Wallace, who was sleeping in his bed, and then with a razor nearly severed the child's head from its body.

Apparently the mother then rushed in from her room, which was adjoining, and engaged in a desperate struggle with the mad man. Her body shows she was terribly beaten by the hammer and also cut frightfully about the face and body before McKay succeeded in cutting her throat.

The murderer then went into his wife's room, where the daughters—Dorothy, aged five, and Gladys, aged nine—were asleep. Both of these children were rendered senseless by pounding them on the head with the hammer.

Falls Dead From Excitement.

He probably thought these blows had killed the elder girl, because he did not attack her further. But with the razor he cut the throat of the little girl.

Then he placed the bloody razor and hammer on a table in an adjoining room and started toward town. He was shot only in his underclothes, and his excitement he put his shoes on the wrong feet. He had not traveled more than 200 yards from the house when he stumbled and fell dead by the roadside.

John Patton, a neighbor, discovered the body of McKay about 6 o'clock while on his way to work. He immediately notified City Marshal Thomas Bruley, who telephoned Coroner D. C. Bates at Olympia.

The Marshal then went to the McKay house to notify Mrs. McKay of her husband's death and then the further tragedy was discovered. Gladys, the eldest girl, was found to be still alive, and she was promptly removed to the home of a neighbor.

One Child May Recover.

Dr. C. E. Robson was called and found that one blow from the hammer had apparently fractured the child's skull, and another blow from the hammer had simply bruised the scalp. The doctor says there is some hope the child will recover. She was sent to a hospital at Olympia after the murder.

On McKay's Body No Injuries

were found to indicate a violent death. The doctor is of the opinion that McKay was crazed by a brain tumor, which he had long suffered, and that following the crime, the excitement and shock brought on a hemorrhage which caused his death.

McKay was about 48 years old and his wife about 40. They came here from Michigan about a year ago. Mrs. McKay's parents are said to still reside in that state.

Two sisters of McKay reside here, being Mrs. Peter McKay, Mrs. Arthur Wilson, Currie and Wilson were arrested a few years ago for cattle stealing, and after their conviction were committed to the state prison. Sentence of imprisonment was recently commuted by the Governor.

SEE MEDFORD'S BIG ORCHARDS

"Drifters" Enjoy Auto Ride Through Fine Fruit Country.

MEDFORD, Or., March 10.—(Special.)—Tom Richardson, head of the Oregon Development League, is a Medford visitor, as also are several members of the league, an organization of well-known men from Seattle, Spokane and Portland, the personnel of the party being H. C. Bowers, F. S. Morris, W. H. Hurlburt, J. C. Lewis, of Portland, and William Norman, of Spokane. The party, accompanied by a number of Medford citizens, were taken in automobiles for a tour about the valley. They visited the historic town of Jacksonville, where Bookman pleased the eyes of the visitors with his fine collection of gold nuggets, and were then taken through the orchards. The entire party was entertained at the home of F. H. Hopkins, of the Snowy Butte orchard, this afternoon.

A special meeting of the Medford Commercial Club is called by President Conley for this evening that Tom Richardson's wide knowledge on the needs of Oregon may be diffused among those earnestly working for a greater Medford.

BOISE GRAND JURY BUSY

Investigate Charges of Fraud in the Twin Falls District.

BOISE, Idaho, March 10.—(Special.)—The federal grand jury for the southern division of the United States district court went into session here today. An investigation of 20 desert entries in township 19 south, and range 15 east is being made. The lands adjacent to the original site selected for the town of Twin Falls, but as a reasonable grade could not be secured for the railroad it was changed to several sections six miles distant. It is alleged that contestants compromised for one-half of the acreage. Some 20 witnesses from that county are here, and if indictments are returned it is probable that they will charge both conspiracy and perjury.

The matters under investigation have been going on for five or six years. The testimony in a subsequent set of contests brought the matter before the Department of the Interior.

FIND FILTHY PUS IN MILK

Startling Report After Analysis at State College Laboratories.

CORVALLIS, Or., March 10.—(Special.)—Samples of milk received for analysis during the past week at the bacteriological department at the college have been unusually noticeable for filth. Seven of them from various parts of the state con-

ained pus. One held the foreign matter in such quantities that it is estimated to have contained one-tenth of 1 per cent. Professor Pernot's attention was attracted by the unusual amount, and he made inquiries of the owner of the animal and ascertained that there was a large lump several inches in diameter on the body of the cow, near the udder. It was supposed to have developed from an injury received from the horn of another cow, and had developed into an abscess. It was, of course, the explanation of the pus in the milk, which was in use when the sample was sent to the laboratory. Of the six other samples in which pus developed, the quantity was much smaller. In these the history of the cases was not learned.

Some time ago at the laboratory samples of cream offered at an Oregon creamery were analyzed. They had a strong smell that was carried into the butter product. Analysis disclosed that the foreign substance was barn filth, due to probable uncleanness in milking. A report resulted in changed conditions in the dairies from which the cream was shipped.

Mr. Medler leaves a widow and eight children. John Medler, residing at Wasco, is a brother of deceased and the only surviving member of their family.

Shoplifters Not Indicted.

ALBANY, Or., March 10.—(Special.)—Contrary to public opinion, the grand jury today failed to return indictments against Kate Murray and Ella Vanderlip, the two women caught shop-lifting in this city in January. In both cases "not true indictments" was returned. Mrs. Murray was caught taking a purse from the store of D. O. Woodworth and a number of articles from other local stores were found at her residence in this city. Mrs. Vanderlip, who lives at Halsey, was caught taking articles in the store of Chambers & McCune and when she carried away a number of purloined articles. It is supposed that the grand jury failed to return indictments because of the mitigation circumstances involved rather than on lack of evidence. Mrs. Murray is a victim of kleptomania and Mrs. Vanderlip is a morphine fiend. Since her arrest Mrs. Vanderlip's husband hung himself as a result of brooding over the affair.

WRIGHT IS NAMED

Tacoma's Mayor Gets Nomination by Big Majority.

LINCK FOR REPUBLICANS

Wins by Narrow Margin of 60 Over Four Other Candidates—Total Registration Reaches 13,750. Majority Party Is United.

TACOMA, Wash., March 10.—(Special.)—Tacoma voted today for the first time under the direct primary law, and John W. Linck won the Republican nomination for Mayor over four candidates by a majority of 60. Mayor Wright was renominated by the Democrats for Mayor, receiving 1917 votes to 250 for Charles Erury. The campaign on the part of the Republicans was very exciting and strenuous. The total registration was 13,750, and the total vote 9627. Linck received 2495 votes, Charles Atkins 2485; E. I. Salmson, 1785; August Cullum, 209, and J. W. A. Nichols, 115. The race between Linck and Atkins was very close and the successful candidate proved a splendid campaigner. Salmson had the church vote, but could not overcome the opposition in the downtown districts. The contest has been fairly waged, and tonight both Salmson and Atkins pledged their hearty support to Judge Linck. The party is thoroughly united and will put up a solid front in opposition to Mayor Wright. Judge Linck is a Justice of the Peace, prominent in G. A. R. circles, and has held various elective and appointive offices in the East.

ABERDEEN HAS SURPRISES

Edward Dolan, Saloonman, Defeats Republican Leader in 4th Ward.

ABERDEEN, Wash., March 10.—(Special.)—The new primary law was used here today and worked satisfactorily. There were two tickets in the field, the Republican and citizens', the Republican ticket was greatly divided in nearly all wards, there being from three to six candidates. The defeat of E. B. Benn, the acknowledged leader of the Republican ranks in the Fourth Ward, by Edward Dolan, a saloonkeeper, was the big surprise and sensation of the day. Little attention was paid to the citizens' ticket on account of the fight in the Republican ranks. There was no opposition to City Treasurer Sargent on the Republican ticket nor to City Clerk Clark, on the citizens' ticket. In the Fifth Ward, the defeat of E. F. Jones, leader in the Council, by C. M. Weather, was another surprise. The nominees for Councilmen by the Republicans will lock horns with the
