COTTON MILLS CUT WAGES

TEN PER CENT REDUCTION FOR 25,000 EMPLOYEES.

Impaired Business Leads to Action by Lowell Plants That May Be Followed Elsewhere.

LOWELL, Mass., March 12.—Nearly 25,000 cotton operatives in seven large mills here were notified today of a 10 per cent reduction in wages. The reduction is to be effective March 23. The manufacturers say that the discouraging situation is without a parallel in many years, the whole cotton manufacturing industry, North and South, being seriously impaired. It is also stated that further curtailment of production may become necessary.

BOSTON, March 12.—Reports received here today from Manchester, N. H., and Lawrence, Mass., indicate that, while no agreement relative to a general wage reduction had been reached in either city, the sentiment was generally expressed that the Lowell manufacturers would be followed in both. New Bedford manufacturers were reticent on the subject.

Edward Gives Up Cruise.

SHARITZ, March 12.—The plans for King Edward to cruise in the Mediterranean after his visit here has been abandoned. His Majesty, who arrived in

MINERS CONFER ON WAGES

General Policy Is Outlined by National Convention.

INDIANAPOLIS, March 12.—The National convention of the United Mine-workers of America, met today in Tomlinson Hall to agree upon a scale in place of the present one, which expires April 1. The wage scale for the various bituminous fields of this country and Canada, is based upon the scale fixed in Illinois, Indiana, Ohio and Western Pennsylvania. Failure to agree upon a joint meeting to fix a scale in this field has caused President John Mitchell to call a National meeting of the miners to take decisive action. Indications are that four propositions will be considered by the convention.

The first will be to adopt wage demands and then issue a call for a joint wage conference, opening the door to all operators who may wish to come in, sign the scale and keep their mines in operation. The second will be to adopt the scale and issue a call for joint wage conference by districts. The third will be to refuse to make any scale except by competitive districts.

The fourth proposition will be the extreme peace measure, a provision that the present contract be continued in effect a month longer and the mines be kept in operation during that period. At the opening of the convention, Mr. Mitchell reported the details of the unsuccessful conference between the operators and miners of the central competitive field and announced that inasmuch as he was to retire from the head

of the organization April 1, he did not feel justified in making any recommendations as to future policy of the miners.

Carpet Plant Closes Down.

BOSTON, March 12.—Except one department in which 99 operatives are employed, the Roxbury Carpet Company's plant was closed today for an indefinite period, throwing 900 employees out of work.

MADRID GREET ALPHONSO

Crowds Welcome King on His Return From Barcelona.

MADRID, March 12.—King Alfonso arrived here today from Barcelona. He was given a warm welcome by the people at the railroad station. The two queens, the dowager, his mother, and Queen Victoria, his wife, together with other members of the royal family and a large gathering of municipal officials, greeted his majesty at the railroad station. Queen Victoria went for joy as she embraced the king, and as the royal pair drove through the streets to the palace the crowds cheered continuously.

Aberdeen Shipping.

ABERDEEN, Wash., March 12.—(Special.)—The owners of the schooner Mahukona have notified Captain Marsters that the vessel will take the cargo destined for the barkentine Hawaii on the way to the Harbor from Makaweli. She should have arrived here in time to begin loading by March

10, but her failure to do so has resulted in the loss of her charter.

Skeleton of Dwarf Race.

GARFIELD, Wash., March 12.—(Special.)—The skeleton of an Indian was exhumed five miles west of Garfield yesterday by parties leveling off the ground that had recently been plowed. The skeleton is only 30 inches long, but the skull is the size and shape of an average-sized body. The teeth show no decay

New Bank at Astoria.

ASTORIA, Or., March 12.—(Special.)—Articles of incorporation of the Banking, Savings & Loan Association were filed in the County Clerk's office today. The incorporators are W. E. Buffum, John

Students Divided Politically.

FOREST GROVE, Or., March 12.—(Special.)—W. K. Newell, candidate for the Legislature from this county, on an anti-Statement No. 1 platform, was invited by President Ferrin, of Pacific University, to address the students of
