

ROSE CITY'S BIG PASSENGER LIST

Steamer Leaves Portland for San Francisco With 220 Persons.

LOW RATES A BIG FACTOR

Accommodations on \$10 Rate All Taken—Steerage at \$5 Is Sold Out—R. P. Schwerin Goes South—News of Waterfront.

The steamship Rose City sailed for San Francisco yesterday with 53 steerage passengers and 167 in the cabin. The cabin rate was divided into two parts respectively, \$15 and \$10. Tickets for accommodations in the quarters set apart for the \$10 passengers, were quickly sold out. Those taking passage at the \$10 rate were comparatively few.

The departure of the Rose City marked the opening of the out-rate plan recently ordered for the vessels of the San Francisco & Portland Steamship Company. The steerage was nearly full and the \$10 berths in the first class were all sold long before the hour of sailing arrived. There were several berths left on the top deck at the \$5 rate. The passenger list was the largest of any steamship leaving Portland since the Lewis and Clark Fair.

General Manager Schwerin, Mr. Frye and Mr. Blair, of the Pacific Mail Steamship Company were passengers on the Rose City. Mr. Schwerin and party have been in Portland for the past two weeks, looking over the condition of the company's affairs. During their stay here there has been a decided change in the policy and management of affairs.

Passenger rates were cut to \$5 steerage and the main deck room first-class, were reduced to \$10. A move was on foot to reduce the freight rates but the withdrawal of a number of the steam schooners, on account of the engine strike, prevented the action for a time.

During his stay here Mr. Schwerin made arrangements for the opening of an up-town ticket office. Desk room will be taken in the office of the Illinois Central Company and an agent will be appointed to take charge of the tickets. As yet no one has been named for the position.

HEAVY WEATHER AT ASTORIA Wind Blows 65 Miles an Hour at North Head Station.

Sixty-eight miles of wind an hour were recorded at the North Head station yesterday morning. During the entire day the weather was stormy and the bar was rough. With the exception of the steamship Roanoke, which crossed out at 10 A. M., shipping was completely tied up north of the windjamners in the harbor at Astoria during the latter part of the day. Warnings were ordered displayed yesterday from all coast ports. Masters took heed and with one or two exceptions all vessels remained at anchor.

ASTORIA, Or., March 13.—(Special.)—The severe southerly gale which struck this section during the night continued until late this afternoon and at times the wind attained a velocity of 69 miles an hour. The rain fell in torrents all day and the precipitation during the 24 hours ending at 2 o'clock tonight was four inches. The Russian bark Albyn dragged her anchor and was driven onto the middle sands but was not injured.

ROUND-THE-WORLD SERVICE Japanese Company Has Under Consideration Gigantic Plan.

VICTORIA, B. C., March 13.—The Toyo Kisen Kaisha, a Japanese line operating services between the Orient and San Francisco and Yokohama to Chile, has under consideration the establishment of a round-the-world service, according to advices received here from Tokyo. The project, according to a Japanese newspaper, involves the purchase of a loan of \$3,000,000 yen for the purchase of liners for the service, etc., a large fleet being required.

The proposed service now under consideration by the directors of the Japanese line was formerly under consideration by the Nippon Yusen Kaisha, which has given up the intention.

The itinerary proposed for the line differs from that of other round-the-world services operated by the Blue Funnel, Kosmos and Charvosts Reunis lines, the steamers plying from Yokohama by way of the Orient and Suez to Liverpool, thence to New York and by way of America ports and Cape Horn and West Coast ports to Puget Sound, thence homeward. On the completion of the Panama Canal, the intention is to use that waterway.

AMIRAL DE CORNULIER SAILS Mate Resigns and French Sailors Return to Duty.

The French bark Amiral de Cornulier left down yesterday morning. Mate Treandart, whose presence on board the ship caused a mutiny, resigned his position and the sailors turned to immediately after he left the vessel. Three new men were secured from the local boarding-house. The three men who were placed in jail will be sent to France as prisoners. The action of the mate was due to a desire to save the ship from further expense. While the trouble is over for the present, the end is not in sight. On arrival of the vessel at a French port the men will be tried for mutiny and severe punishment awaits all.

The mate will return to France via New York. Consul Labbe has forwarded a report of the matter to his government.

Aberdeen Shipping.

ABERDEEN, Wash., March 13.—(Special.)—The big steamer Ingravell is due here tomorrow, having sailed from Vancouver. The Ingravell has just come off the dock and has been thoroughly overhauled. She is larger than the Germanics, which loaded here some weeks ago, and is in fact the largest vessel of her class which has ever come to this coast. She will load 80,000 feet of lumber in Houma and then come here.

The big steamer Frances R. Leggett will sail for San Francisco tomorrow.

Tacoma Shipping Notes.

TACOMA, Wash., March 13.—The British steamer Agnes has cleared for Australia and New Zealand, via San Francisco, with 648,000 feet of lumber for Newcastle, and 145,000 feet for Auckland.

The little fishing schooner A. Dewey has returned from a winter cruise in Summer Strait. She will soon engage in halibut fishing on the banks off Cape Flattery.

The British bark Fairkirk has finished discharging general cargo, and is now awaiting charter. The vessel's mainmast is being repaired.

Chester Doe Dies Suddenly. Chester Doe, second son of C. P. Doe, general manager of the North Pacific Steamship Company, died suddenly at his home in Alameda, Cal., late Thursday night, aged 19. The immediate cause of death was heart failure induced by an attack of pneumonia poisoning. News of the death of Mr. Doe was received in Portland by Harry Young, local agent for the company, in a message from C. E. Doe, Albian Doe, a brother of the deceased, in Portland, and the news was conveyed to him by Mr. Young.

APPOINTMENT OF BICKERS OPPOSED

Conference of Charities and Correction Files Vigorous Protest.

WARNING IS UNHEEDED

State Board Defends Selection of the Pendleton Man as Superintendent of Institution for Feeble-Minded at Salem.

A vigorous protest against the appointment of H. E. Bickers as superintendent of the institution for the Feeble Minded at Salem, was made recently to the members of the board of trustees of the state institutions by the Oregon State Conference of Charities and Correction of this city. The objection of this society to the appointment of Mr. Bickers, explain the officers of the protesting organization, was not so much an attack on the individual as on the principle of appointing men to public office in this state. It is maintained by the officers of this society that the superintendent of the institution for the Feeble Minded should be a trained educator or physician with actual training. These qualities, it is averred, should supersede more political considerations in the selection of that official.

The protest was disregarded by the members of the state board on the ground that Mr. Bickers, who was formerly superintendent of the Oregon State Reform School, is an efficient executive officer and as such is capable of surrounding himself with assistants who are capable of caring for and instructing the wards that may come under his care and custody.

In protesting against Mr. Bickers' appointment to the State Conference of Charities and Correction on February 17, last, addressed the following letter to each of the three members of the state board, that is to say, Governor Chamberlain, Secretary of State Benson, and State Treasurer Steel:

Text of the Protest. Gentlemen: The undersigned, the Board of the Oregon State Conference of Charities and Correction, in a meeting of the Board, held with the National Conference of Charities and Correction, at a meeting of the board, February 17, last, has unanimously voted to protest against the appointment recently announced by you of H. E. Bickers as superintendent of the institution for the feeble-minded. Our reasons do not so much concern an individual, but the principle of appointment to state offices.

An institution for the feeble-minded is not intended, except rarely, as a mere place of detention for these unfortunate, but for the amelioration of their condition, mentally and morally, by expert care, and their education, so far as may be possible, into usefulness. The superintendent should be a trained educator, or physician, with actual experience, it is possible, in an institution of this kind. We submit that the money of the state will be wasted, and the intelligent sentiment of the community will be outraged, if these qualifications are not considered of a secondary nature away the appointment of the superintendent. We submit that your appointment, whatever may be his character or general experience has not had the special experience for this post.

We recognize the grave responsibility involved in animating upon the official action of your board, and we beg to remind you of your responsibility to the entire body of the citizens of the state, and of the misfortune, waste and peril involved in the appointment to this trust of one who presumably cannot claim the special knowledge and experience required.

Keeping that your action may be revised; and a proper call be made for candidates who can bring evidence of possessing the special training and experience necessary, we remain, most respectfully yours, T. L. Elliot, L. W. Sinton, Jonah B. Wise, Thomas N. Strong, W. T. Gardner, C. R. Chapman, W. R. Walpole, Mills R. Trumbull.

Board Makes Reply. Replying to the protest, the State Board wrote as follows: Oregon State Conference of Charities and Correction: At a meeting of the board of trustees of the State Institutions for the Feeble Minded held on the 19th day of February, 1908, I was instructed to notify you that the board of trustees, after having discussed and considered your letter of protest of February 17, a copy of which had been received by each of the members thereof, it was unanimously voted to recede from their action in appointing H. E. Bickers, of Pendleton, superintendent of the institution, and that you may be further and more fully advised, unless you have the time comes. The minutes as set forth in the letter follow:

(Signed) S. A. KOZER, Clerk. The minutes as set forth in the letter follow: Salem, Or., Feb. 19, 1908.—The board of trustees of the State Institution for Feeble Minded met in the board room in the Capitol building, this day, there being present Hon. George F. Chamberlain, Governor; Hon. W. Benson, Secretary of State; and Hon. George A. Steel, State Treasurer, and the clerk of the board.

The minutes of the previous meeting were read and approved. A letter of protest from the Oregon State Conference of Charities and Correction, dated February 17, 1908, was received by each member of the board of trustees, such letter was considered by the board at this time, and it was unanimously voted to recede from the former action in appointing H. E. Bickers, of Pendleton, superintendent of the State Institution for Feeble Minded, for the following reasons: First—That Mr. Bickers has no previous experience as a public officer in his capacity as former superintendent of the State Reform School.

Second—That the board is of the opinion that the superintendent of this institution should be selected because of his capacity as an executive officer, in which capacity Mr. Bickers has proven his efficiency.

Third—That if capable as an executive officer, he will be able, with the assistance and approval of the board, to choose persons who are well fitted to care for and instruct the unfortunate wards of the state who may come under his care and custody.

Fourth—That the members of the board feel it their duty to retain Mr. Bickers and the clerk is therefore instructed to notify the protesting organization that they have influenced them, and to say, that in the opinion of the board, the superintendent should be a man of good judgment and executive ability, capable of selecting and directing competent employees and assistants to carry out a work which he has the general direction and superintendence.

There being no further business at this meeting, the adjournment of the board, the meeting adjourned. GEORGE F. CHAMBERLAIN, Governor. W. BENSON, Secretary of State. GEORGE A. STEEL, State Treasurer.

Rejoinder Is Made. In reply to this action, the following letter has been sent to the Board of Trustees of the Institution for the Feeble-minded: Gentlemen—We beg to acknowledge the courteous letter and accompanying copy of your minutes, stating your reasons for not appointing H. E. Bickers as superintendent of the State Institution for the Feeble-minded. We feel so strongly that the principle on which your selection is based, is contrary to good policy, and that the interests of the wards of the State, that we submit the whole matter anew to yourselves and to the public.

Our position is that for all State institutions, the chief in charge should be a person of the highest intelligence, broad experience, in the care, reform and education of the wards in question, be they prisoners, the insane or defective, and that what may be called the business part, the books, supplies and minor administration, under the general suggestion of your Board, we understand the method of the Board to be that of the Legislature. As an expert in fundamental principles—one we may say observed unimpaired, unless in institutions of such a character, or in the public schools of Portland, of a head in this special department was sent for, the other method would have been to take any good carpenter, or a general teacher.

We again submit that experience in another institution (the Reform School), waiting the question of whether efficient or not, the means or defective, and that we are not the prime requisites in the office of Director of an Institution for the Feeble-minded, unless these qualifications are merely to be corralled.

The expenditure of public funds in this direction is totally unnecessary, as the wards are classified, treated, trained and cared for, physically and morally, by those who have made it their business to be the head of the institution should pre-eminently have special training and experience, which could be the basis of a reliable classification of all institutional life.

We beg to remain, Your most obedient servants, THE EXECUTIVE BOARD OF THE OREGON STATE CONFERENCE OF CHARITIES AND CORRECTION.

DRESS-MAKERS

The nervous strain through which dressmakers have to pass at certain seasons of the year seems almost beyond endurance, and frequently brings on nervous prostration, fainting spells, dizziness, sleeplessness and a general breaking down of the feminine system, until life seems altogether miserable.

For all overworked women there is one tried and true remedy.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND restores the feminine system to a strong, healthy, normal condition.

Mrs. Ella Griffin, of Park St., Canton, N.Y., writes to Mrs. Pinkham: "I was troubled for three years with female weakness, backache, pains in my side, and headaches. I was most miserable and discouraged, for doctors gave me no relief. Lydia E. Pinkham's Vegetable Compound brought back my health and made me feel better than ever before."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration.

Why don't you try it? Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Boston, Mass.

WE CURE MEN

SEE US FIRST AND YOU WILL NOT HAVE SO MANY MEDICAL FEES TO PAY

We are curing more men than any two specialists in Portland. Our small fee enables us to cure for less money than many self-styled specialists ask for their worthless services. Our advice to you will be worth much in your case if you need the services of a skilled, reliable specialist.

OUR FEE \$5 TO \$30.00 Medicines \$1.50 to \$6.50 a Course

No Pay Unless Cured

If you have a disease or weakness peculiar to men, your condition calls promptly for the best treatment the medical profession affords. We have long studied and thoroughly mastered infirmities of this character. Our business and professional methods are clean. While we are naturally ambitious to cure as many men as possible, yet we want to do so on a fair and square basis, with mutual confidence between physician and patient. Our object is not so much to do the work that other doctors can do, but rather to do that which they cannot do. What we solicit in particular is obstinate cases; cases which have been made worse by all kinds of inferior treatment. The knowledge, skill and experience of years are at your service.

By the latest and best methods we cure to remain cured, VARICOSE OR KNOTTED VEINS, BLOOD POISON, NERVO-VITAL DEBILITY, BLADDER and KIDNEY Troubles and all associate diseases and weaknesses, with their reflex complications.

We make no misleading statements, deceptive or unbusinesslike propositions to the afflicted, neither do we promise to cure them in a few days, nor offer cheap, worthless treatment in order to secure their patronage. Honest doctors of recognized ability do not resort to such methods.

We Cure Nervous Debility

This is to men who lack courage, whose nerves are shaky, whose eyes have lost the sparkle, whose brains are muddled, ideas confused, sleep restless, confidence gone, spirits low and easily depressed, who are backward, hesitating, unable to venture because they are afraid of failure, who want somebody to decide for them, who are weak, run down and restless. It is to men who have part or all of these symptoms and want new life, new energy. We especially solicit those cases in which many so-called treatments have failed, or where money has been wasted on other methods of treatment. Don't experiment when our direct method offers a certain success of cure.

ADVICE FROM SPECIALISTS

We are well known to every citizen in Portland and throughout this section of the country, on account of the hundreds of permanent life-long cures they have made, and who today have the largest practice by far as you will find by investigation, which may be attributed entirely to the great success made in curing so many cases where other physicians and Specialists had failed. If you are in need of the services of competent and reliable Specialists, why not in the very beginning consult Specialists whom you KNOW, from their permanently and long-established reputation, to be the best, and are also legally as well as professionally qualified to practice medicine. Each and every patient receives skillful, scientific and individual treatment, and they know from the beginning of treatment they are getting the BEST medical attention obtainable and that the cure they crave is being rapidly brought about.

CONSULTATION CONFIDENTIAL AND INVITED—A personal, thorough and searching examination is desired, though if inconvenient to call, write for full description of your trouble. Our office hours are from 9 A. M. to 8:30 P. M., excepting Sunday from 9 to 12. Address or call on the
