practically agreed on the terms of an ordinance for a gas franchise that will be granted at next Monday night's meeting to E. H. Pettey, of Seattle. Mr. Pettey expects to operate a gas plant between both Chehalis and Centralia.

Said a man who worked for a living and did some thinking with his brains: "I don't give a rap at what prices the Beef Trust sells meat. It's a question—at what prices would the Beef Trust sell if Smith were not here? I feel if Smith were not fighting the Beef Trust meat would be so high we would have to raise our families on breakfast foods. We would have to buy rolled oats by the sack to feed our kids on."

That man had the right idea. Keep away from the Beef Trust and its markets and patronize Smith.

Come early, if you possibly can. We are open from 6 o'clock in the morning until 10 o'clock in the evening. We don't own the markets on both sides of us. Our meats are not exposed to the dust and grime of the streets. See that Smith's name is over the door, then come in.

APPEALS FROM DECISION

Harriman Does Not Want to Answer Questions About Stocks.

WASHINGTON, March 12.—The appeal of E. H. Harriman and Otto H. Kahn, of the firm of Kahn, Loeb & Co., of New York, from the decision of the Circuit Court requiring them to answer certain questions regarding the ownership of stocks of the Chicago & Alton, Illinois Central and other railroads acquired in whole or in part by the Union Pacific Railroad was filed in the Supreme Court of the United States today. The court was asked to review the case on the theory that the Circuit Court ruling was erroneous.

CHEHALIS, Wash., March 12.—(Special.)—The Chehalis City Council has

EMMA GOLDMAN COMING

HIGH PRIESTESS OF ANARCHISM TO VISIT PORTLAND.

Mayor Will Forbid Her to Speak if He Learns Talk is Likely to Be Seditious.

Having been forbidden to speak in public anywhere throughout the cities of the East, Emma Goldman, one of the most notorious exponents of anarchism in the world, is coming to Portland. Whether or not she will be allowed to express her views here is a question as yet unanswered, but Mayor Lane, when asked about the matter, said he would investigate. He said he will not tolerate any seditious speeches.

"I had not previously heard that Emma Goldman was coming to Portland," said Mayor Lane, when he was informed of her announcement yesterday afternoon. "I strongly favor freedom of speech, but I will not allow any seditious utterances to be made in

public; I will investigate and will make reply later as to whether she can talk in public here.

Miss Goldman formerly lived in Portland, and when here she always stood as leader of the local band of anarchists. In more recent years, since she went East, she has become notorious, and several assassins of late years have been found to possess much of the literature written by her. It is generally conceded that she is a disturber, and the police all over the world dread her presence.

At present Miss Goldman is in Chicago, where she has been forbidden to speak in public. The police of all the big cities of the East have refused to tolerate her addresses. She expects to be in Portland in about three weeks, and is said to be planning for a long campaign. Alexander Horr, of Seattle, reached the city yesterday. He is a sort of advance agent for her.

Seeking Dock Privileges.

MONTESSANO, Wash., March 12.—(Special.)—At a special meeting of the Montessano Commercial Club last night, a proposition was made by W. H. Boetzkes, the Seattle contractor, to build a spur from the Northern Pacific tracks to the river front, a distance of about one mile. Mr. Boetzkes has a contract to furnish the Government 250,000 tons of rock to be used in the jetty at Grays Harbor. All he asks of the city is the right of way

for the spur and 500 or 600 feet of river front where he can build wharves to load his lighters. His plan is to ship the rock from Bellingham, where it is quarried, direct to Montessano, and to load on barges here and ship by water to Damon's Point. The matter was at once taken up by the Commercial Club and if the right of way can be secured, work will begin at once.
