Ruef's Confession Was Basis of Article Published by Older.

TEVIS' \$1,000,000 BRIBE

Whole History of San Francisco Corruption as Related by Boss Is Told at Label Trial—Motivations of Publication.

SAN FRANCISCO, March 12.—The second week of the trial of R. A. Crothers and Fremont Older, proprietor and managing editor, respectively, of the Bulletin on the charge of criminally libelling William S. Tevis, president of the Bay Cities Water Company, ended today with William J. Burns relating the confessions made to him by Abraham Ruef, Mr. Burns testified that Ruef, among other things, stated to him that Tevis had planned to him (Ruef) his plan for selling the Bay Cities water supply to the city, the profit of which was estimated at \$1,000,000.

Why Burns Undertook the Work.

Mr. Burns testified that he was called upon by the Interior Department to investigate the alleged bribery of the Interior Department by the late Senator E. A. Hitchcock, which was denied the application, but Secretary Garfield had permitted the matter to be opened and at present has it under consideration.

Mr. Burns told of his 20 years' service in the Government secret service, his transfer to the Interior Department where he was engaged in ferreting out land frauds, and of his meeting in Washington, in December, 1905, with Fremont Older, who induced him to come to San Francisco and undertake an investigation of municipal corruption in this city.

Ruef's Confession of Graft.

Mr. Burns related Ruef's confession, taking up the various bribes in the order that Ruef told about them, which occurred upon May 7, 1907.

ACCEPT FRYE AMENDMENT

Bourne and Fulton See Protection for Coast.

OREGONIAN NEWS BUREAU, Washington, March 12.—Senators Fulton and Bourne have accepted the amendment adopted by the Senate today to the Frye resolution concerning water shipments for Panama Canal construction, believing it will adequately protect shipments from Pacific Coast ports.

Telephone and Trolley Deals.

Ruef, according to Mr. Burns, told him that he was also on the pay roll of the Pacific States Telegraph & Telephone Company at \$100 a month, and when the Home Telephone Company, a rival corporation, came along and offered him \$100,000 to get a franchise, Ruef accepted the offer. The money was paid by A. K. Wetmore, who was subsequently indicted, but has never been located.

TEVIS OFFERED \$1,000,000 BRIBE.

Ruef, according to Burns, next told of the meeting with Tevis in the latter's office in January, 1908, and the promise of the president of the water company that Ruef would be given \$1,000,000 to put the deal through by which the city was to acquire the Bay Cities properties for \$100,000.

FORGE ELKINS' HAD

Fulton Wants Bill Taken From Committee.

LEST IT BE SMOTHERED

Rate Bill Amendment Involves Senators in Angry Argument—Elkins' Unfair Methods Help Fulton in the Fight.

OREGONIAN NEWS BUREAU, Washington, March 12.—Senator Fulton today introduced a resolution discharging the Interstate Commerce committee from further consideration of its bill regarding increased railroad rates, having become satisfied that Chairman Elkins is deliberately trying to smother the measure by refusing to bring it to a vote. Elkins, in retaliation, had read in the Senate a letter from Commissioner Knapp, which he contended was hostile to Fulton's bill, but he carefully suppressed the commission's report, which was inclosed, and which was favorable to the bill as amended.

MILLIONS FOR COAST DEFENSE

Pacific to Be as Strongly Fortified as Atlantic Coast.

OREGONIAN NEWS BUREAU, Washington, March 12.—The fortifications appropriation bill, which will soon be reported to the House, will make adequate provision for increasing the efficiency of the Coast defenses along the Pacific Coast. It is stated that the entire appropriation, save what is necessary for maintenance of defenses on the Atlantic Coast, will be devoted to the enlargement and improvement of the Pacific Coast and insular defenses, several million dollars in all. It is the intention of Congress to make the fortifications on the Pacific Coast in every way equal to the defenses of the harbors on the Atlantic.
