Condition of Foreign Crops-Oats 43 Market Stimulated by Eastern Demand_Plowing Up Hop Yards in New York.

LOCAL HOP TRADE QUIET MONDAY

Conditions in New York State as Reported by Eastern Papers.

There were no important developments in the local bup market yesterday. A few small sales were reported from the country at previous prices.

The latest issue of the Waterville (N. Y.)

There is a little business doing here, but not as much as there would be if the right soft of goods could be found. As soon as there is a crop of the better quality offered on this market it is quickly picked up, and only the scarcity of this quality restricts the gains here. There is some talk of plowing up some of the yards hereshouts, but it is poll so general as over in Madison County, where there were a good many poor hops rown which are still left in the growers' and so the still left in the growers' and so the still left in the growers' and with wool on, each, 30.00 to 1 skins; Bear skins, as to size. No. 1 skins; Bear skins, as to size. No. 1, each, \$5.000 10.00; cubs. cach, \$1.00 in on gray. Targe prime, each, \$5.00 cat, wild with head perfect, each, \$1.00 in on gray. Targe prime, each, \$2.00 in skins; shedger, prime, each, \$2.00 in on gray. Targe prime, each, \$3.00 in size, such, \$3.00 Times said:

There is a little business doing here, but not as much as there would be if the right sort of goods could be found. As soon as there is a crop of the better quality offered on this market it is quickly picked up and only the scarcity of this quality restricts the sales here. There is some talk of plowing up some of the yards hereabouts, but it is not so general as over in Madkon County, where there were a good many poor nops grown which are still left in the growers hands.

The Cobleskill (N. Y.) Times thinks to

The Coblegicill (N. Y.) Times thinks it es the finish of the Pacific Coast grower.

It says:

The hop market remains in practically the same condition as it has for several weeks, wherever a good crop is to be found it is eagerly sought at prices ranging from 10 to 12 cents, in spite of the fact that Coast hops are selling at from 4 to 5 cents. This disparity in price is owing to the recognition by brewers that state's have the strength and flavor superior to Coast hops. It is only a question of time when the Coast growers will have to go out of the business as they among the command the price. Their land is too valuable for truitgrowing to long hold on to a losing game.

DEMAND FOR POULTRY NOT STRONG ring of Eggs at Present Prices Not Ex-

Storing of Eggs at Present Prices Not Extensive—Butter Active.

There were very few arrivals of poultry yeaterday and the market was more or less nominal. The trade does not look for a demand as active as prevalled at the opening of last week.

The egg market was flat. The general quotation on the street was 18 cents, but round lots were offered lover. A little storing of surplus stocks has been done, but not many eggs will be put away until bedrock has been reached and 16 cents is not considered bottom this year. Some of the largest speculators say they will not store any Oregon eggs this season, but will design of the largest speculators asy they will not store any Oregon eggs this season, but will design of the largest speculators asy they will not store any Oregon eggs this season, but will develop the largest speculators asy they will not store any Oregon eggs this season, but will develop the largest speculators asy they will not store any Oregon eggs this season, but will develop the largest speculators are supported by the largest specula any Oregon eggs this season, but will de-pend on the East for their storage supplies.

The butter market continues very active and city and country creamery cleans up readily. Present prices are likely to be main-tained unless there is a further drop in the California market.

Light Arrivals of Produce.

There was a good demand for fresh produce yesterday, but the market was lightly supplied with green stuff. An assertment sweers potatoes and three cars of California oranges, one of them from the Eller rauch. ples are in fair supply and sell readily.

ONIONS—Buying price, Oregons, \$2.50@2.00 per hundred; Japanese, Jobbing prices, \$3.50. Bull Leaders Show Lack of Confisure on Amalgamated Weakens Entire Market.

Trading in the local wheat market yesterflay was of small proportions. The feeling
was easy and prices a cent under those of
last week were quoted. This decline had the
effect of almost entirely checking the sellling movement. A good deal of huteness was
transacted last week and the strong focal
demand met with more or less ready response on the part of sellers. The decline
that it is increased in the sellers and the strong form
that it is increased in the sellers. The decline
business almost to a standstill. Farmers are
very firm and independent in their views,
and practically at the wheat left used the
hold on longer.

United Kingdom—Quite large area show
Plant weak, and possibly some reseeding will
be necessary, especially naries and onte,
wheat offerings are small. France, Italy,
the country or others are considered to the sellers of the part of th \$3.56 POTATOES—Buying price, 40@65c per hundred, delivered Portland; sweet pota-toes, \$3.50@3.75 per hundred DRIED FRUITS—Applies, 10c per pound; penches, 11@12%c; prunes, Italian, 5@6%c; prunes, French, 3@5c; currants, unwashed, cases, 9%c; currants, washed, cases, 10c; figs, white, fancy, 50-pound boxes, 6%c.

sort coal was attributed, however, to preparation for a Possible sirike in that industry.

Foreign markets were not disposed to follow eagerly the initiative set by Wall street last week. The investment situation abroad as well as here is not yet satisfactory to those looking to enlist capital. The London market reflects, in spite of a growing accumulation of banking reserves, discouragement over the volume of new issues. The reserve accumulation there as well as here is traceable to declines in trade activity and is an element in the abstention of foreign markets from any recall of the shormous sums shipped to this country to tide us over our crisis last Pail. The excess calue of our February exports reached \$88,743,361, compared with \$36,500,000 in the same month hast year, but the falling off of nearly \$44,000,000 in value of our imports is the vital factor in this showing and is conclusive testimony to commercial contraction.

Speculative sentiment was especially im-

raction.

Speculative sentiment was especially im Speculative statisment was especially profits processed by the prosesure to realize profits in Amalgamated Copper in spite of another rise in the metal here and in London. This realizing in Amalgamated Copper was a prime factor in the market weakness of the late market, and which continued up to

Heavy Selling of July and Sep-

tember Wheat.

CHICAGO MARKET WEAKER

Liberal Receipts in the Northwest

and Large World's Shipments Are

Also Bearish Factors-Corn

and Oats Are Lower.

CHICAGO, March M.—Wheat opened weak and continued heavy the entire day. The feature of the trading was heavy solling of July and September inspired largely by reports of the excellent prospect for large yields in Nebraska. Texas and Okiahoma. The market was also bearishly affected by liberal receipts in the Northwest and by heavy world's shipments. The amount on passage showed an increase of 1.010.000 busheis. The market closed weak. May opened \$18%c. to \$50 lower at 95%c to 96%c, advanced to 96%c and then declined to 25%c. The close was at 45%4905%c.

at 95% 95% c.

The alump in wheat depressed corn somewhat, but active buying by shorts prevented any great decline. May corn opened icolower to icohige at 96 to 95% c, soid off to 65% c and closed at 65% 95% c, soid off to 65% aware weakened by the decline in wheat. May opened ice to icolower to icohigh to be and closed at 54% to 55c, soid off to 54c and closed at 54% c.

Medical Profession Interested in External Wash Which is Producing Remarkable Results. Instant relief and permanent cures have so invariably followed the use of an American prescription for the cure of skin diseases that European doctors, always zealous to lead in fields of medical knowledge, are still directing inquiries as to the ingredients of this external vegetable remedy. The makers of the prescription, the D. D. D. Company of Chicago, are replying frankly to such European inquiries that this Eczema remedy is simply oll of wintergreen compounded with other vegetable ingredients of known healing power such as thymoland glycerine. Apparently no case of no matter how long standing can stand against this simple remedy, known as D. D. D. Prescription. Here is a typical letter from Mrs. E. Payne, of East Pittsburg, Pa.: 'I had a horrible breaking out on my legs and feet, and tried nearly all medicines and salves without result. The first bottle of D. D. D. helped me and I secured a complete cure. That was two years ago and I have had no trouble since.' We have investigated the merits of D. D. D. Prescription and believe it to be the best and quickest cure for skin diseases. At any rate, we positively know that it takes away the toth just as soon as you apply a few drops of the soothing liquid. Call for free booklet on care and nutrition of the skin and ask for a cake of D. D. D. Soap.—Woodard, Clarke & Co. and Skidmore Drug Co.
