

STUDENT AFFAIRS  
COME TO CRISIS

Threats of Walkout at  
Stanford.

SUSPENDED MEN STILL OUT

Reinstatement Petition Signed  
by 1000 Undergraduates.

CLARK WILL DECIDE TODAY

Intimates That 240 Participants in  
Demonstration Against Liquor  
Regulations May Be Dropped  
From California Institution.

PALO ALTO, Cal., March 18.—(Special.)  
—College activities have practically come  
to a standstill while the campus is agog  
with the clash between the students and  
the faculty. Professor A. B. Clark,  
chairman of the students affairs commit-  
tee, stood pat today and refused to en-  
tertain the suggestion of the students  
that he reinstate the 12 men suspended  
for participating in Thursday night's  
demonstration in protest of the strict  
regulations against the use of liquor.

May Strike in Body.

A complete walkout of the entire stu-  
dent body is threatened unless the fac-  
ulty reinstates the 12 men. After he had  
suspended the 12, among whom are the  
most prominent athletes in the University,  
Professor Clark announced that he had  
selected these men for punishment be-  
cause they were the only ones he had  
identified as participants in the Thurs-  
day night parade.

Thereupon the 240 other students who  
had taken part in the demonstration  
signed a confession admitting that they  
had participated in the parade and asking  
that either the 12 men be reinstated or  
the entire 240 suspended. Professor  
Clark replied at once this morning that  
he saw no reason to change his decision  
in regard to the 12 suspended, but re-  
marked that he would take under con-  
sideration the cases of the other 240.  
From his attitude, it is expected he may  
dismiss all the signers.

Petition Signed by Co-eds.

As soon as this statement was made  
known about the campus, a monster peti-  
tion was circulated and by night had  
nearly 1000 signatures asking that the 12  
men be allowed to re-enter the Univer-  
sity. The petition is signed by the co-eds  
as well as by the men. At the same time  
a committee of students waited upon the  
faculty and a conference of seven hours  
followed.

Professor Clark issued a statement to-  
night stating that he would announce a  
definite decision at noon tomorrow.  
Among the 12 men suspended are: L. R.  
Gay, captain of the crew; F. R. Lanagan,  
champion pole vaulter and captain  
of the track team; J. E. Cushing, former  
editor of the college daily; W. P. Fuller,  
one of the editors of the Daily Palo Alto  
and son of the San Francisco million-  
aire; G. L. Goodell, substitute varsity  
pitcher, and H. S. Ross, college actor.

MAY INVITE THE PRESIDENT

Australia Would Welcome Roosevelt  
During Fleet's Visit.

MELBOURNE, March 18.—The sug-  
gestion was mooted in the Australian  
Senate today and greeted with enthu-  
siasm that the federal government in-  
vite President Roosevelt to come to  
Australia as the guest of the common-  
wealth during the visit next winter  
in Australian waters of the American  
battleship fleet. Mr. Best, vice-president  
of the executive council, threw  
cold water upon the project. He ex-  
pressed to do this, he said, but he ex-  
plained that it was unusual for the  
President of the United States to leave  
the country and it was therefore  
regrettable to extend the invitation to Mr.  
Roosevelt. Mr. Best added that doubt-  
less the British imperial authorities  
would recognize the fitness of sending  
adequate representation of the British  
navy to greet the American visitors.  
The governments of South Australia  
and West Australia have telegraphed  
Premier Deakin expressing hopes that  
the American fleet will extend its visit  
to Adelaide and Perth.

Four Days Near Los Angeles.

LOS ANGELES, March 18.—Mayor A.  
C. Harper today received a message from  
Rear-Admiral Evans, sent by wireless  
last night from the battleship Connecticut  
to Point Loma. The message assured  
the people of this section that the fleet  
will remain long enough to permit of  
carrying out all the plans of entertain-  
ment. The message follows:  
"Fleet will stay not less than four days  
at San Pedro and other points contiguous  
to Los Angeles, probably longer, and  
after arrival will be divided to suit the  
wishes of the people of those ports. Can-  
not give exact date of arrival, but not  
earlier than April 15."

Reach Santa Barbara by April 28.

SANTA BARBARA, Cal., March 18.—  
Rear-Admiral McCalla, U. S. A. (retired),  
today received a message sent via wire-  
less telegraph by Rear-Admiral Evans,  
commanding the battleship squadron at  
Magdalena Bay, announcing the probable  
time of arrival of the fleet off Santa  
Barbara and the length of the stay to be  
made. The message says: "The fleet  
will stay at least three days off Santa  
Barbara, probably longer. The date of  
arrival cannot be set, but it will not be  
earlier than April 28."

Act on Battleship Credits.

ST. PETERSBURG, March 18.—The  
committee on national defenses today  
adopted a report rejecting the battleship  
credits for 1908 and accepting the credits  
for the completion of the battleships,  
torpedo-boat destroyers and submarine  
boats now in course of construction. The  
vote was 19 to 14.  
In the last ten years over \$200,000,000 has  
been spent by the War Department in  
churches and halls for religious work.

WETS GREAT BRIDGE

"Tim" Sullivan Walks Black-  
well Island Narrow Way.

IMMENSE WORK NEAR END

Huge Cantilever Span Between New  
York and Long Island Nearly  
Finished—Over One and  
a Half Miles Long.

NEW YORK, March 18.—The great cantilever structure over East River, known as Blackwell's Island bridge, which was constructed at a cost of nearly \$35,000,000 was traversed its entire length by pedestrians today for the first time. Alderman Timothy Sullivan, as the personal representative of Mayor McClellan, headed a delegation across the narrow footbridge built on top of the single steel girder which now links the New York and Long Island ends of the bridge. This girder, weighing 20 tons, was fitted in place today in the presence of the delegation. Midway on the footbridge Mr. Sullivan broke a bottle of champagne over the rail, an American flag was broken out and the whistles on river craft sounded a salute.  
Work on the bridge was commenced in 1901 and has been carried on constantly since then. There have been many fatalities among the workmen employed on the great highway.  
When completed the bridge will be the largest cantilever structure in the world. It will be double-decked and 840 feet in length. The length of the main span is 1182 feet between the towers. In the middle of the upper deck between the towers there are to be two elevated railroad tracks and two promenades, each 11 feet wide. The six tracks across the bridge are estimated to have a capacity of 150,000,000 passengers a year under ordinary conditions of traffic.

BANK OPENS ITS DOORS

Depositors Accept Bonds of Market-Street Institution.

SAN FRANCISCO, March 18.—The Market-Street Bank opened its doors for business this morning upon the basis of operations which it has outlined to the Bank Commissioners and its 4000 depositors—that is that the depositors accept bonds of the Market-Street Securities Company to the amount of their deposits. Throughout the morning there was a steady stream of depositors calling at the paying teller's window for the bonds, which ranged in denominational value from \$10 upward to \$500.

MORSE DEMURS TO PETITION

Banker Wants Question of Solvency Left to Jury.

NEW YORK, March 18.—Counsel for Charles W. Morse filed in the United States District Court today a demurrer to the petition asking that Mr. Morse be adjudged a bankrupt, which was filed against him by Receiver Hanna of the National Bank of America, Frederick Pringle and Edward D. Shotwell. At the same time an answer to the petition in bankruptcy was filed. The answer denies that Morse is insolvent and asks that the question of insolvency be left to the determination of a jury.

Derelict-Destroyer Launched.

NEWPORT NEWS, Va., March 18.—The United States steel derelict-destroyer Seneca was successfully launched at the Newport News Shipbuilding & Drydock Company's yards today. The Seneca is the first craft of her type ever constructed.

Goes Unaided, Though Skull Cracked

LOS ANGELES, March 18.—After suffering a fracture of the skull, Victor Rosendahl, an employe of the Lewellyn Iron Works, employed upon the new Hamburger building, this afternoon boarded a car and went unattended to the Receiving Hospital for treatment. He was injured when the head of a sledgehammer wielded by a fellow workman flew off the handle and struck him upon the head. The surgeons say he has a good chance for recovery.

Moors Capture Fishermen.

PARIS, March 18.—The government today announced that the crew of a French fishing vessel, the Balaie, had been captured recently by Moroccans, after imprudently landing near Cape Juby. An attempt will be made to rescue the men.

OFFERS MADE TO BEAVERS

OUTLAW LEAGUE TRIES TO TEMPT M'CREEDIE'S MEN.

Send Contracts to Cooney, Johnson, Groom and Others, but There Are No Desertions.

SANTA BARBARA, Cal., March 18.—(Staff Correspondence.)—The would-be moguls of the California State League are trying the old outlaw methods on McCredie's players. During the past couple of days, in fact since the Beavers beat the White Sox, Cooney, Johnson, Bloomfield, Groom and even Raftery have received contracts from a number of the State League managers. McCredie is not worrying about this, for the men to whom the overtures have been made are satisfied with the terms that McCredie made them. This morning he received a telegram from Charley Baum, who is managing the Fresno team, asking for terms on Carr. He is willing to let Carr go and told Carr to wire Baum his terms. Carr did this. This morning the players took a five-mile hike over the hills and in the afternoon they played a seven-inning game.

NO LOTTERY IN PORTO RICO

Council Vetoes Native Measure. Public Utilities Commission.

SAN JUAN, P. R., March 18.—The Legislature adjourned today, the clock being turned back 48 hours. Most important bills were introduced during the session, 94 of which became laws. The lottery and cockfighting bills, the former providing for the allotment of \$40,000 a month in prizes, which were introduced by natives and passed by the House, were killed in Executive Council. The public utilities bill, drafted after that of New York, was passed. Big appropriations for education and good roads were made.

BRINGS SUIT FOR WIFE

Edwin Still Demands That J. L. Hendricks Give Up Daughter.

SANTA BARBARA, Cal., March 18.—(Staff correspondence.)—J. L. Hendricks, formerly of Portland, but for five years past a business man here, was served today with a writ of habeas corpus by Edwin Still, also formerly of Portland, to compel Hendricks to surrender to Still the latter's 17-year-old wife. According to Hendricks, Still is also known as Vance, and it is declared by him that

HANBURY'S ARE RECONCILED

MILLIONAIRE WILL DROP HIS DIVORCE SUIT.

Friends Surprised to See Couple at St. Francis Hotel in San Francisco.

SAN FRANCISCO, March 18.—(Special.)—David H. Hanbury counts himself the luckiest man in San Francisco tonight. The millionaire mine and landowner re-won his wife tonight and brought to an end the sensational divorce proceedings which had thrilled the state last week. Mr. and Mrs. Hanbury walked in to dinner at the St. Francis Hotel tonight and at once the news spread that they had been reconciled.  
"Yes, it is true," said Mr. Hanbury. And it's for good this time."  
In his divorce complaint he charged that Mrs. Hanbury had whirled through Bohemia on a dizzy pace.

CHICAGO RESIDENT RELATES MOST GREWSOME EXPERIENCE

During L. T. Cooper's recent visit to Chicago, where his new preparation and theory created the usual sensation, many hundreds of people brought enormous internal parasites to the young man, which had left the system after taking his medicine.  
Among these people was Mr. Emil Winkler, who brought to Cooper a tapeworm that proved to be over ninety feet in length. Mr. Winkler, who resides at 182 East Ohio Street, Chicago, had this to say of his experience: "For five years I have been more or less complaining. I have had severe headaches, and any food that I would eat would nauseate me. I would have had dreams almost every night; dizzy spells would compel me to quit work. Black spots would appear before my eyes when stooping over and rising quickly. I would feel tired most of the time; in fact, I had no life in me to speak of for the last five years. I tried various treatments, and one physician in St. Louis was recommended to me, and I was under his treatment some time, but as usual I obtained no relief.  
"So many people asked me to try Cooper's preparation that I decided to do so, and after using it for a few days, this awful thing passed from my system. I feel much better already, and I want to say right here that I think Mr. Cooper a hundred times for what his medicine has done for me. I would not take \$500 and have that thing back in my system again."  
Mr. Winkler is a fair sample of the experience of many during Cooper's stay in Chicago, and this no doubt helped to account for the enormous sale of the Cooper preparation in this city and others, recently visited by the young man.  
We sell and will be pleased to explain the Cooper preparations.—The Skidmore Drug Co., Portland; Huntley Bros. Co., Oregon City, Or.
