

PAY TRIBUTE TO MARTYRS OF 1848

Berlin Socialists Heap Flowers on Revolutionary Monument.

RED THE RULING COLOR

Police Cut Treasonable Mottos Off Wreaths—Silent Procession of 12,000 People Followed by Many Mass Meetings.

HEILIN, March 18.—People of the east side of Berlin paid silent tribute today to the memory of the revolutionists who were killed in the street fight in this city in 1848.

The police had taken ample precautions to prevent any outbreak, but their services were not called for. There was no disorder. From early morning the police occupied the streets adjacent to the park and they marshaled the throngs, which in columns of four drifted slowly past the monument.

Many of the wreaths bore mottos. These were inspected closely by a lieutenant of police, who cut off with a pair of shears those construed as treasonable.

Red ribbons predominated on the wreaths and showed through the thick layers of snow, which was falling heavily. Nearly every person in the procession wore something red.

ENTHUSIASM FOR ROOSEVELT

Attorney-General H. W. Byers was temporary chairman, and made a speech laudatory of President Roosevelt and Mr. Taft, which aroused much enthusiasm.

By a vote of 583 to 599, the convention voted to send the Allison delegation from Des Moines County.

For delegates-at-large to the National convention, George C. Perkins, of Sioux City; Lafayette Young, of Des Moines; J. E. Lane, of Davenport; and Frank W. Simmons, of Ottumwa, were chosen by acclamation.

Mr. Allison's campaign manager, who was on the original slate for delegate, but withdrew, lest it be supposed that he had placed himself on the slate, and Mr. Simmons was named in his place.

NAME TAFT ON FIRST BALLOT

Federal Railroad Control.

LOS ANGELES, March 18.—According to Paul Morton, former vice-president of the Santa Fe Railroad and ex-Secretary of the Navy, who is now head of the Equitable Life Assurance Society, of

New York, the nominee for President of the Republican National convention will be William H. Taft, Mr. Morton, who served in the Roosevelt Cabinet with Mr. Taft, arrived in this city today.

CALLS SENATOR'S SPEECH ROT

Forgans Says La Follette's Assertions Are False.

CHICAGO, March 18.—James B. Forgan, president of the First National Bank of Chicago and chairman of the currency committee of the Bankers' Association, in an interview today said that the speech of Wisconsin Senator La Follette, of Wisconsin, in the Senate yesterday, said that the Senator was false in his assertions and a pandering class prejudice.

"The speech was rot," said Mr. Forgan. "It is worse than rot. It is a deliberate stirring up of passion and rage among the masses, with no facilities for acquiring knowledge at first hand and are dependent upon men whom they trust. The entire import of his speech is absolutely false."

BRITISH POLICY CRITICISED

ST. PETERSBURG, March 18.—The Novoe Vremya publishes an interview with a high official of the Foreign Office who criticises the British proposal to Macedonia, which is to produce a division among the powers. In Russia's view, says the official, the appointment of a Christian Governor-General for Macedonia would be an act which is impossible, as it would destroy Turkish sovereignty. Russia has communicated to the powers a counter-proposal looking to judicial and other reforms adapted to local conditions and holding a radical solution of the question.

LARGE GAIN IN REGISTRATION

CHICAGO, March 18.—Registration for the Aldermanic election April 7, and the primary election August 8, placed 64,553 names on the roll, an increase of 10,000 over the year before, and a total much in excess of that which had been expected. Two years ago when there was the last similar registration for an off-year, Aldermanic candidates numbered 10,000, and there were no candidates except for the City Council—the new registration was 4,351.

MONEY IN TELEPHONES

AMERICAN COMPANY TELLS OF GROWTH OF BUSINESS.

Vast Volume of Talk Over the Wires Yields Net Profit of \$25,819,700 for the Entire Country.

SAN FRANCISCO, March 18.—In the annual report of the American Telephone and Telegraph Company, which has just been issued, President Theodore N. Vail gives some interesting figures and discusses at length several features of the telephone business.

The business has shown constant gain during the year, and at the close there were 3,829,000 stations connected to the system, with a total of \$410,922 miles of wire. The total number of exchange and toll calls for the year was 5,987,999,000. During the year, \$32,921,600 was added to construction, and in the past eight years \$311,835,655 has been so added.

There are outstanding 1,525,280 shares of stock, 1,312,557 of which are held by 23,453 stockholders, an average of less than 50 shares each, the balance, 212,728 shares, being held by 16 shareholders, each with 5000 shares or over.

At the close of the year, the valuation based on the replacement cost of the existing plant without any allowance for franchise or fee amounted to \$1,488,298,000. Against this there were outstanding obligations of the American Telephone & Telegraph Company and its associated companies, including capital stock owned in the hands of the public, of \$554,939,000. These companies also had cash on hand, quick assets and investments of \$129,758,000, so that the obligations against the plant were only \$453,585,000, or \$24,411,000 less than its appraised value.

For the proper maintenance of the operating companies (that is, those companies which directly furnish the telephone service) is given, with gross earnings for the whole country of \$119,758,000; operating and general expense of \$53,242,300, and maintenance of plant, \$34,665,700. The balance available for dividends was \$25,819,700, out of which dividends amounting to \$13,206,100 were declared.

As regards public control in the absence of competition, the report says: "It is not believed there is any serious objection to such control, and it is independent, intelligent, considerate, thorough and just, recognizing, as does the Interstate Commerce Commission, that it is in the public interest that capital is entitled to its fair return and good management or enterprise to its reward."

GOVERNOR GUILD VERY ILL

COMPLICATION OF DISEASES THREATENS HIS LIFE.

BOSTON, March 18.—Governor Guild, who has been ill for two weeks, is in a critical condition. His physician, Dr. B. F. Winslow, said today that it was probably in late today that it was decided to call two other physicians into consultation, and Drs. F. C. Shattuck and Elliott P. Josline were summoned.

Mr. Mattone, who was at the Governor's residence tonight, said the Governor is suffering from a complication of diseases. His physician found he was suffering from a severe attack of rheumatism and the grip. The grip greatly weakened him, and his condition was further threatened by loss of sleep, due to severe rheumatic pains.

It was stated tonight that all hope had not been abandoned, and that a fatal termination of the illness was not looked for within the next 12 hours at least.

Tomorrow, Friday, will positively be the last day for discount on East Side gas bills.

PROTEST OF LABOR

Will Be Made Against Inaction of Congress.

AMEND ANTI-TRUST LAW

Delegates Will Ask Leaders to Exempt Unions From Provisions of Sherman Law, as Interpreted by the Supreme Court.

WASHINGTON, March 18.—That a memorial formally protesting against the inaction of Congress in the matter of legislation in the interest of organized labor and clearly setting forth its demands with respect thereto will be presented to the leaders of that body within a few days, was the most important action taken at today's session of the labor conference here, and which was the duty which will devolve upon the committee appointed by President Gompers,

BABY DIES FROM ACCIDENTAL POISONING

DOROTHY, TWO-YEAR-OLD DAUGHTER OF MR. AND MRS. CHAUNCEY COFFMAN, OF TROUTDALE.

SANDY, OR, March 18.—(Special.)—Dorothy Coffman, the two-year-old daughter of Mr. and Mrs. Chauncey Coffman, died at 11:30 this morning of accidental poisoning.

The child obtained the poison while her parents were out of the house. She took a portion of it. She died in a half hour, before medical assistance could reach her. As soon as the parents learned that the child had taken the poison they did everything in their power to save her, but in vain. Mr. Coffman is a forest ranger in the Government service. He lives about 10 miles east of here. He is a member of the First Presbyterian Church of Portland. The funeral will be held at 2 P. M. Friday. The arrangements are in the hands of C. N. of the American Federation of Labor, today, termed the "protest committee," which was directed to frame an address to be presented to those responsible for legislation in Congress. It was also decided to ask the leaders in Congress to fix upon a time when a committee from the labor conference could be invited to the public, but rather to present any injustice being done through the operation of law to organizations of laboring men, particularly through injunctions.

The proposed amendments are the result of recent conferences at the White House between President Roosevelt and others.

There are 117 National and international trade unions in America, and practically all of them were represented by one or more delegates.

WILL REPORT ON WAGE SCALE

Coalminers Will Today Decide on Future Policy.

STOLE PARTNER'S JEWELS

Supposed Mineowner Wanted in Nevada and New York.

SAN FRANCISCO, March 18.—Tonight it is learned that the man arrested here today by detectives on the strength of a photograph as J. Edward Burke, a New York jewelry buyer, wanted for the theft of \$50,000 worth of pearls and diamonds, in reality is J. E. Boeck and that for the past year he has been in Nevada, where he was supposed to be a wealthy mineowner. He became interested in a mine in connection with H. Seamon, of Goldfield and Reno, and visited this city frequently in company with Mr. Seamon,

when the two occupied apartments together at the Ramona Hotel. On two occasions Mr. Seamon reported to the police of this city the loss of jewelry from his apartments. Once in Reno, Mr. Seamon permitted Boeck to have the key to his safe deposit box on the pretext that he wished to deposit mining stock therein. It has been discovered by Mr. Seamon that \$20,000 worth of jewelry belonging to his wife is missing from the box.

Mr. Seamon tonight identified Boeck as Boeck, and when pawn tickets aggregating \$200 were found on Boeck's person by the detectives and the jewelry the represented trace to the pawnshop, it was found to be Mr. Seamon's jewelry. Boeck says that he is willing to go back to New York to face the charges against him there without extradition papers. The detectives believe he makes this statement because he would rather face the charges there than those that will be filed against him by Seamon.

MONONGAHELA IS DESTROYED AT NAVAL STATION.

WAS FARRAGUT'S FLAGSHIP

HAD LONG BEEN OUT OF SERVICE, BUT WAS AT TIMES COMMANDED BY GEORGE DEWEY AND WINFIELD SCHELEY.

WASHINGTON, March 18.—The Navy Department today received word that the old warship Monongahela had burned to the water's edge at her station at Guantanamo Bay. No lives were lost in the destruction of the vessel, which was one of the old unserviceable wooden ships of the Navy, having been constructed at Philadelphia during the Civil War. She was used as a station and store ship at Guantanamo.

News of the destruction of the Monongahela, which occurred last night, came in dispatch dated Calcutta, from Lieutenant-Commander Clark D. Stearns, her commander and also commandant of the naval station at Guantanamo. The vessel was on fire started on the aft gun deck, apparently by the ignition of signal rockets, which set the ship afire in numerous places.

The ship burned like a tinder. The flames drove the men from the pumps. The men who were quartered aboard the ship were 130 in number and found shelter in the house on the target range.

Originally the Monongahela was built as a sloop of war at the League Island Navy-yards at a cost of \$178,673. She was of 1728 tons and had a length of 227 feet. She took prominent part in operations on the Mississippi during 1867 and at various times during that period was commanded by the then Lieutenant George Dewey and Lieutenant Winfield Scott Schley and was for a time Admiral Farragut's flagship. Following the Civil War the Monongahela was used as a training ship for midshipmen and apprentice seamen.

GRAND OPERA ON TALKING MACHINE

Extraordinary Concert to Be Given by Eilers Piano House Tomorrow Evening.

What promises to be the most notable Talking Machine concert ever given in this city will take place in Eilers Reception Hall tomorrow evening. Leoncavallo's famous two-act musical drama, as especially recorded for the Victor Talking Machine by the La Scala Orchestra and Chorus, of Milan, Italy, under the personal direction of the composer, will be reproduced.

The records are the finest ever made by the great Victor Co. In fact, it would be hard to conceive of a more perfect rendition, and to listen to the reproduction of this beautiful opera no great imagination is required to picture the play and the players.

The artist's search for Leoncavallo to interpret his great work are well known and most competent ones. Mme. Husson will be by ticket only. Her delicate voice of Italian being contrasted with the splendid fire and intensity of Paul's singing. Badini, as well as the other soloists, who play smaller parts are well filled. Nothing need be said about the orchestra and chorus of La Scala, as their reputation is world wide. The theme will be brief and interestingly explained by L. J. Bruce.

While there will be no charge, admission will be by ticket only. Reserved seats can be procured upon application at Eilers Piano House, 353 Washington St. Only the seating capacity of the hall will be given out, and it will be prudent to secure tickets at once.

John O'Gara, Mr. Ach's 34 objections to Mr. Heney's affidavit and 114 to Mr. Burns were taken up aeriatim. The court sustained some of the objections, denied many and reserved ruling on many others. When court adjourned, only about half the objections had been disposed of.
