

WRITE MESSAGE ON LABOR ISSUE

Roosevelt Will Give Reasons for Not Yielding to Demands.

APPEAL TO PUBLIC OPINION

Amendment to Anti-Trust Law Will Be Indorsed After Introduction and Extreme Demands of Unions Condemned.

WASHINGTON, March 20.—The President has decided to send another message to Congress within a day or two, calling attention to the proposed amendments to the Sherman anti-trust law and to the proposed bills for the relief of labor.

It is said at the White House that the message has not been written and it is now probable that it will not be sent to Congress before the introduction of the Clegg bill.

No information whatever can be had from any official source for publication of the reasons which have brought about the decision, after it had been announced that there was no intention to send a message to Congress at present.

Lay Case Before People. The fact that the labor people are asking for legislation that goes far beyond the limit which the President has fixed in his own mind as proper at this time, possibly has suggested to the administration leaders the necessity of laying their own case before the people in order to counteract as far as possible the appeals which are certain to be made to the mass of organized labor through their various organizations.

APRIL 1 CONTRACTS TO BIND Miners Must Quit Work Where They Are Not Signed.

INDIANAPOLIS, March 20.—The convention of the United Mineworkers of America completed its discussion of the report of the scale committee by resolution. The first action adopted today was the one which levies an assessment of 50 cents per month on all members of the organization.

Other resolutions empowering the international executive boards to increase, decrease or discontinue this assessment; ordered miners to proceed to work where contracts are signed or joint conferences are being held on April 1, and ordered all miners to cease work in the 30 city districts where no contracts have been signed or joint conferences are not in progress.

The action of President Mitchell in sending delegates to Washington to join other labor leaders in urging Congress to repeal the section of the Sherman anti-trust law relating to labor contracts, was approved. A motion urging all miners to support for legislative offices those in sympathy with labor organizations was adopted. The delegates sang "My Country, 'Tis of Thee," in chorus, and the convention adjourned sine die.

ST. LOUIS, March 20.—Martin Sheridan, of the Irish-American Athletic Club of New York, tonight broke the world's record in the 55-pound weight lift for height, with a throw of 56 feet and 7 inches, at the annual indoor meet under the auspices of St. Louis University. The previous record was 15 feet 3.3 inches. The throw was made in a contest, two other contenders, R. M. Robison, of St. Louis University, and N. Dunham, of the Missouri Athletic Club, being for second place at 13 feet. The old record had stood for 27 years and was made by John Mitchell, formerly of the New York Athletic Club.

DESCRIBES THE DEMOCRATS

SPEND TIME FIRING ROCKETS AND DODGING STICKS.

Governor Hughes Tells of Duties of Republican Party Before Ulster County Club.

KINGSTON, N. Y., March 20.—In a speech before the Ulster County Republican Club tonight, Governor Hughes warned the Republican party to acquit itself with honor in the administration of state affairs. Having a majority in the Legislature, the Governor said, the people would hold it accountable for its exercise of power. Good administration and the enactment of laws demanded by just sentiment would mean more for the success of the party than months of political maneuvering, the Governor said.

The speaker also took occasion again to emphasize his position in the matter of race-track gambling. Governor Hughes first made reference to the demands upon the Republican party as a whole, declaring that in both Nation and State "it must justify itself by good sense and constructive work."

"The opposition," said the Governor, "at least that part of it which seems to be dominant, makes no appeal to the intelligence of the electorate. They speak eloquently but it is the eloquence of words, not deeds. The people have not the slightest faith in the promises which these false prophets would have committed this great Nation. Their record is one of the sky rocket policies, the performers dividing their time between sitting down and dodging the sticks."

ACCUSED OF COLLUSION

Alleged Scheme to Have Government Pay for Land-Fraud Witnesses.

WASHINGTON, March 20.—A charge of collusion between defendants in the Hyde-Diamond-Benson land-fraud case to make the Government pay for summoning witnesses from the Pacific Coast for a defendant able to pay the expense of his own trial, was made by District Attorney Baker today. A. H. Brney, attorney for John Q. Benson, one of the defendants, presented a number of affidavits before Justice Stafford in the criminal courts asking that he issue an order for the summoning of more than 100 witnesses from California and Oregon at the expense of the Government. Benson in his affidavit stated that his entire property was destroyed in the San Francisco earthquake and that he is unable to pay the expense of summoning witnesses. Mr. Baker objected, claiming that some of the witnesses named could not testify in the Benson case and that they were wanted to be used on behalf of Hyde, who has ample funds to apply to summoning his own witnesses. The attorneys for the joint defense defendants denied that there had been any collusion.

A few miles out it was struck in the mud and 20 miles farther on met with a more serious accident.

BEWARE OF IMITATIONS

Cheap Substitutes and "Just As Good As."

Unscrupulous dealers, mindful only of profit, and caring nothing for the health of their patrons, are offering for sale low-grade, impure whiskey, which they tell you is as "good as Duffy's."

It is a cheap concoction and fraud, intended to deceive the people. Of course, when a remedy has been before the public so long, has been proscribed and used by the best doctors and in all the prominent hospitals, and has carried the blessing of health into so many thousands of homes as DUFFY'S PURE MALT WHISKEY has, imitations are bound to arise. But they can imitate the bottle and label only—no one can imitate the contents.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

Any firm that will sell imitation or substitution goods will sell impure drugs. The firm that is dishonest in one thing would not hesitate to be dishonest in another. Whenever you see imitation and substitution goods offered for sale by a firm, beware of anything and everything put up by that firm. You endanger your own life and the lives of your family and friends by dealing with them.

BEWARE OF FRAUDS Duffy's Pure Malt Whiskey is sold in sealed bottles only—never in bulk. A facsimile of the genuine bottle, full size, is printed here so that you may easily recognize it. It is our own patented bottle—round, amber-colored, and with the name "Duffy's Malt Whiskey Company", blown into the glass. The trade-mark—the Old Chemist's Head—is on the label, and over the cork there is an engraved paper seal. Be certain this seal is not broken.

REFUSE IMITATIONS AND SUBSTITUTES When you ask for DUFFY'S PURE MALT WHISKEY be sure you get the genuine, which is the only absolutely pure malt whiskey containing medicinal health-giving qualities. Imitations and substitutes, far from relieving the sick, are positively harmful. Demand DUFFY'S, and be sure you get it. Be on your guard against refilled bottles. Duffy's Pure Malt Whiskey promotes health and longevity. KEEPS THE OLD YOUNG—THE YOUNG STRONG It is the only whiskey recognized by doctors everywhere as a family medicine. The genuine is sold by all reliable druggists, grocers and dealers, or direct, \$1 a bottle. Write Dr. R. Curran, Consulting Physician, for free illustrated medical booklet and free advice.
