

DEFIES HER STORY

W. W. Culver Says He Was Not Cruel to His Wife.

RESISTS ALIMONY CLAIM

Thinks Home in St. John Decided to Spouse Sufficient for Her Needs—News of the Courts.

William W. Culver has filed in the Circuit Court his answer to the complaint for divorce brought by his wife, Alice E. Culver. He says that he has always treated her in a kind and indulgent manner. To the allegation of his wife that he owns \$10,000 worth of property he replies that its value is far less, and that as he is a man of 52 years old, dependent on a pension of \$11 a month for a livelihood, he needs all the property he has. He says that he fitted up a comfortable home in St. John for himself and wife, and that when he found that he could not live happily with her, he decided to let her have the furniture. He says also that she has \$500 which she obtained from a former husband.

Mrs. Culver alleges in her complaint that her husband had a habit of continually nagging at her. She says she often visited trance mediums and clairvoyants, and advised her husband to do so. She says she has visited mediums and clairvoyants, and advised her husband to do so. She says she has visited mediums and clairvoyants, and advised her husband to do so.

Culver's criticisms are alleged to have extended to the church. Ministers came in for their share, and slighting remarks were made about Mrs. Culver because she attended church services and was a member of church organizations. Even the work of paper from Mrs. Culver's home town was objected to. She says her husband's sarcastic remarks about it were so frequent that at last she decided to have it sent to her son's home. She then paid the son a visit every week to read it. Mrs. Culver also charges her husband with insane jealousy.

The couple married at St. John, November 12, 1904. Mrs. Culver wishes to resume her maiden name of Allen. Lulu Luckey has filed a complaint against Jesse Ray Luckey. She says he lived with her only six weeks after the wedding, which was in Portland, November 5, 1905. She asks to resume her maiden name, Brown.

Alma Fredrika Johnson desires a divorce from Swan John Walfrid Johnson, whom she married at Helsingborg, Sweden, October 12, 1894. She says her husband has a violent temper, and slapped her face many times until it was black and blue. She says he also threatened to "knock her head off." She asks the custody of the two children.

RULE ON DEMURRERS TODAY

Judge Cleland Will Decide Marquam Case Among Others.

Judge Cleland, of the Circuit Court, will decide this morning whether it will be possible for P. A. Marquam to buy back the title Bank will also be decided by Judge Cleland. Argument was had in the Circuit Court upon these demurrers last Thursday.

The jury for the April term of the Circuit Court is to be drawn at 2 o'clock this afternoon in Department No. 3, by Presiding Judge Cleland.

The demurrers which Judge Cleland is to decide are as follows: Lowenberg & Goring vs. G. W. Espey; demurrer to amended answer. William Reid vs. F. S. Stanley; demurrer to amended complaint. Gaud Company vs. Stanley & Shoemaker; demurrer to amended answer. State vs. J. Thorburn Ross, T. T. Burkhardt, John B. Atchison and George H. Hill; demurrers to informations. P. A. Marquam vs. United States Mortgage & Trust Company; motion and demurrer to amended complaint.

Furnish Detention Home. The County Court is to order furniture for the new juvenile detention home at Central Addition, on the Montavilla carline, within the next few days. It is to cost not to exceed \$100. The list made up by Superintendent Nixley calls for the expenditure of this amount, but the court has been of the opinion that the home could be furnished for less money. The Juvenile Improvement Association, however, is in favor of the expenditure of this amount in order that the place may be made homelike and comfortable for wards detained here.

Both Charged With Theft. Richard Baugh and R. H. Raugh, father and son, respectively, were arraigned before Judge Cleland in the Circuit Court, yesterday, and allowed until 2 P. M. today to enter their pleas. They are charged with stealing 12 pairs of corduroy trousers, eight pairs of plain worsted trousers and four suit cases, worth altogether \$250. The goods were stolen, it is alleged, from the Southern Paper Company.

Collects \$250,763 in One Week. Deputy Sheriff Martin turned over to County Treasurer Lewis yesterday \$250,763 received for taxes. This is the amount which has been collected and tabulated during the week. Only two weeks more remain in which the taxes may be paid without the penalty being attached. Monday, April 6, being the last day before they become delinquent.

WORK FOR UNEMPLOYED Mrs. Dunway Places It Before Municipal Light Plant.

PORTLAND, March 23.—(To the Editor.)—Having learned by experience that the opinions of a disfranchised citizen carry little weight, I have not troubled the Oregonian very much of late. But there has arisen an idea in my mind this morning, by perusing The Oregonian's editorial on a municipal light plant, concerning which I should like to speak.

The Oregonian says: "An electric light requires a great deal of attention, and a further large troupe of employees," etc., etc. All of which is true. After reading my paper an errand called me down the street, past the "bread brigade," lined up be-

fore the City Board of Charities. Later, I crossed the Plaza, past the soldiers' monument, and found the grass and benches covered with unemployed men. And I couldn't help thinking, notwithstanding my present political rating with idiots, insane persons, criminals and Chinamen (of which good men are arising in battalions to avenge their mothers in June), that it would be for greater economy to pay a municipal tax in every city to keep men employed at living wages, than to tax us, as now, to feed them through charity.

Think what a vast army of men, and gradually increasing number of women, are employed in the Postal Service. Isn't the experiment well worth trying on a small scale, comparatively speaking, with a municipal light plant? I like the Oregonian's careful and comprehensive consideration of the subject in all its phases. But I think that the problem of finding employment to the great army of "out-of-work" is of greater importance than even the probable cost of the plant and its resulting expenses, of whom the underdog is one, that the Assessor, or his deputy, never misses.

ABIGAIL SCOTT DUNWAY.

SHOWS RELATION OF ROADS

HARRIMAN AGENT PLACED IN ILLINOIS CENTRAL OFFICE.

Ticket Seller for Steamship Company to Be Established in Town by April 1.

Arrangements are being made by the Harriman transportation lines to establish a ticket seller in the town of Astoria, in the quarters occupied by the Illinois Central Railroad, in the heart of railroad row, on Third street. J. W. Ransom, agent for the Harriman steamer lines running out of Portland, has the matter up with the San Francisco headquarters of the San Francisco & Portland Steamship Company, and it is expected that the new office will be opened April 1.

The placing of a Harriman steamship agent in the Illinois Central office is interesting as showing the close relation that exists between the Illinois Central and the other Harriman transportation interests, for this is the first office that has been made locally toward consolidation of the Illinois Central with the O. & N., or Southern Pacific. The appointment of an agent for the steamer office has not yet been decided, but it is expected the man to take charge will be named within the next few days.

While no closer relations of the Illinois Central with other Harriman interests are announced at this time, it is considered not unlikely that eventually the business of this road may be handled by the older Harriman lines exclusively. It is said likely that the Harriman interests of the Illinois Central with the other properties here is not far distant.

MILWAUKIE WOULD SUFFER

Could Not Expect Same Service With Five-Cent Fare. That the decision of the Milwaukee rate case, if adverse to the Portland Railway, Light & Power Company, will result in poorer service on the lines affected by the decision is the announcement of Benago S. Jassby, president of that company. He maintains that if rates are cut to the point desired by the complainants in the suit brought before the State Railroad Commission, which has since been appealed to court, it will be impossible to maintain the present service and says that schedules will undoubtedly be lengthened on the Oregon City division.

"We are not combating the reduction in fare from Milwaukee and Oak Grove so much, but it will mean a cut in rates all along the line and will cut down our earnings to a point where we cannot afford to maintain our present excellent service on that division.

"We are constantly striving to give better service on all lines and now have a half-hour passenger schedule on the Oregon City line. We will be compelled to lengthen out rather than shorten our schedules if the earnings are reduced to the extent proposed by the rate reduction now being asked for. This is possibly a phase of the situation that has not been generally understood by those directly interested in this suit."

CONCURS IN TOURIST RATE.

Northern Pacific passenger officials have concurred in the round trip tourist rates from Eastern Oregon to the Pacific Coast during the Summer already announced by other transcontinental lines. These tickets will be on sale at Eastern Oregon offices from June 1 to September 15 inclusive, and special sale dates from the Coast points to the East will be announced later, tentative dates having already been agreed upon and recommended. The fare by these reduced round-trip rates, to induce tourists to visit the Pacific Coast points, is \$90 from the Missouri River and St. Paul, \$2.50 from Chicago and \$10 from St. Louis, with corresponding reductions from other Eastern points.

MARINE PARADE A FEATURE

Water Carnival Committee of Rose Festival Plans Spectacle. Captain J. Speier, chairman of the water carnival committee of the Rose Festival, will issue a call today for members of his committee to be held the latter part of the week. At that time the matter of decorating the docks for the carnival will be taken up and letters will be addressed to all owners of barges asking their co-operation in the matter.

It is the desire of Captain Speier to have all docks placed in as good condition as possible and to have them illuminated with arc and incandescent lights. The bridges will be decorated, and every available craft on the river will be pressed to service. Owners of every craft which floats on the river will be invited to take part in the grand marine parade, which will be one of the main features of the Carnival.

Sorosis Debaters Win at Corvallis. OREGON AGRICULTURAL COLLEGE, Corvallis, Or., March 23.—(Special.)—The Sorosis Society of the Oregon Agricultural College won a victory over the Peronians in a debate Saturday night. The debate was one of the series between the two literary societies of the college for the Gatch cup. The Sorosis team was composed of Miss Agnes Langor, Miss Georgia Ewing and Miss Leona Kerr. The Peronians were Miss Cleo Johnson, Miss Beattie Herbert and Miss Esther Leach.

BUILD NEW SCHOOL

Contract Let for Structure at Peninsula.

MANY BIDS ARE RECEIVED

Board of Education Also Quits Fears of Lower Albina Citizens Who Fear Removal of Proposed High School.

Work will begin immediately on a six-room school building at Peninsula. At a meeting of the Board of Education last night, M. E. Freeman was awarded the general contract for \$22,950. William Stevenson received the contract for the plumbing at \$3,935.75, and W. P. Fuller & Co. will furnish the glass for \$675.

The bidding for the work was exceedingly close, as the following estimates were submitted: General contract, Martin Clancy, \$22,925; Merchants & Bridge, \$24,441; B. White, \$23,400; Steele, Bertelson Company, \$25,978; Peter Hobkirk, \$23,970; M. E. Freeman, \$22,900; W. B. Steel & Son, \$23,950; plumbing, William Stevenson, \$3,935.75; Rudy Brothers, \$3,667; William Mulrhead, \$3,250; Williams & Beegs, \$3,244; Paulson & Co., \$3,100; Donnerberg & Rademacher, \$3,075; Robert Gillan, \$2,300; Glass, W. P. Fuller & Co., \$675; Central Door Company, \$681.

Over 120 bids were received for furnishing four fire escapes for the East Side High School, but both proposals were considered too high and were rejected. The bids were: Portland Works & Iron Works, \$315; City Iron Works, \$375.

A large delegation of the patrons of the district from Lower Albina attended the meeting to protest against a reported change in the location of the Albina High School and to request that the hours for voting on the proposed \$250,000 bond issue for the school building be extended from 4 P. M. until 3 P. M. The Albina people were assured that there would be no change in the location of the proposed new High School and it was explained that the hours for voting on the bond issue were fixed by law and could not be altered.

The election on this question will be held Tuesday afternoon, April 7, and taxpayers desiring to vote will be required to go to the office of the District Clerk at 100 East Washington street, between 1 and 4 P. M. There is no opposition to the proposed bond issue, which will probably be voted unanimously.

MRS. SARAH BENNETT DEAD

Well-Known East Side Resident Leaves Large Family. Mrs. Sarah Bennett, wife of Henry Bennett, died yesterday morning at her home, 525 East Ash street, after an illness of nearly a year. She was well known on the East Side, where she had

The Late Mrs. Sarah Bennett.

lived for more than 20 years, and was loved and respected by a wide circle of friends. By her death her husband loses the companion of his youth, whom he married in Canada 62 years ago. Eighteen children were born to them, most of whom are still living. Mrs. Bennett was 78 years old and had several faculties to the end. Her husband, was sexton of Lone Fir Cemetery for a number of years. Her surviving children are: Mrs. Charles Mitchell and Mrs. R. G. Wright, of Ontario, Canada; Mrs. Andrew Story, of Gaston, Or.; William Bennett, of Cornelius, Or.; Mrs. J. W. Cason, of Fresno, Cal.; Mrs. Joseph H. Bennett; Henry Bennett, Albert Bennett, John Bennett, I. Bennett, of Portland; Ephrem Bennett, of Washington County; Hiram Bennett, of Alameda, Wash.; Hiram Bennett, of Washington County; and a great-grandchildren.

MUSIC AS AN ALTYRE FACTOR

Children Should Be Given Musical Education—Piano in Home a Modern Necessity—Small Payment Plan Opens Way to Every One.

Music, the noblest of the arts, is defined by Sidney Lanier as "Love in Search of Words." It is an inexpressible something in the heart of man which seeks to define itself into speech, but, failing in this, music flies to its relief, and melody flows out of the soul. Home is not home without a piano. It is barren and incomplete—something lacking—and your children are denied the privileges that others enjoy. Fathers and mothers, in fact all those who hold the reins of education, whose duty it is to direct with care and caution, the lives, tastes and education of boys and girls—mothers and daughters of our land, should see to it that their children are given a thorough musical education.

EASY TO BUY. There is not a home, no matter how small the income, but that can afford a piano or organ. But where to get the greatest piano value for the money is the question. The purchase that should be made seriously and with deliberation. You are making a lifetime purchase.

Very few people know actual piano value and are unable to decide whether it is sold at the right price. This is because there is not a dealer in the country, from the largest down to the smallest, who will not charge you as much as he can get for his goods. He will not claim to sell you cheaper than anyone else, but he will try to stand in a row with downright facts.

DEAL WITH A RELIABLE HOUSE. It is therefore necessary that you deal with a reliable house. One that has an established reputation for fair and honest dealing. The House of Eilers is acknowledged the largest dealer in high grade piano organs in the West. More instruments are sold annually by Eilers Piano House than all other dealers combined. This tremendous business has been built up solely by dealing fairly and honestly with their customers and giving the greatest intrinsic value for the money.

No matter how low the price, you are absolutely positive that in the Eilers store you will secure an instrument worth the price. In fact, the Eilers establishment there is no doubt as to the quality and there is a positive assurance of one price to all, and that price the very lowest.

Settle this piano question today. Come to our place, explain our small payment plan. We will make the terms so easy that you will feel them, and still enjoy the piano while you are paying for it. Eilers Piano House, Bigelow street, between Third and Washington streets. Stores in all large cities. Headquarters for Talking Machines, Records and Fine Violins.

Building Permits. W. H. JONES—To erect one and a half story frame on Broad and East Washington streets, between East and West Washington streets, \$1000. Whenever a sore or ulcer refuses to heal it is because the blood is infected with poisonous germs or some old blood taint which corrupts and pollutes the circulation. Nothing is more trying than a non-healing, chronic old ulcer. The very fact that it resists all external applications, and ordinary treatments, is good reason for alarm, for the same germ which produces cancerous ulcers is back of every old sore, and especially is this true if the trouble be from any inherited taint. Surface treatment cannot reach the trouble—the blood is at fault and must be purified before a cure can be hoped for. In S. S. will be found a remedy for sores and ulcers of every kind. It is a perfect blood purifier—one that goes directly into the circulation and promptly cleanses it of all impurities, poisons and taints. The ulcer can never heal while the blood discharges into it the noxious matter with which it is infected, but when S. S. has rid the blood of this cause and freshened and built up the circulation the sore will heal naturally, and of its own accord. S. S. S. begins at the bottom and heals the place as it should be healed and makes a permanent and lasting cure. Book on Sores and Ulcers and any special medical advice desired will be sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.
