GIVE UP ATTEMPT TO LOCATE PLANT

Independent Packers Will Probably Withdraw Request at Today's Meeting.

WILL NOT MAKE FIGHT

Coast Manager Declares Schwarzschild & Sulzberger, if Permitted, Would Have Extended Original Plans.

Because of the opposition that has developed to the Schwarzschild & Sulzberger project of a packing plant on the old Zimmerman site in South Portland, it is probable that the ordinance submitted by the company to the Council will be withdrawn at today's session. The Schwarzschild & Sulzberger people are disappointed at the failure of Portland people to grant them a permit, and they will make no further attempts to locate a plant here. It is understood they will go either to Tacoma or Seattle and establish themselves there.

Not Pleased With Reception.

It is understood that Ferdinand Sulzberger, president of the company, whose headquarters are in New York, is disappointed at the attitude of Portland people, but he takes the position that the attitude of the city does not injure the company in any way and that other cities will be found to be well suited for the needs of the company. He has directed, it is understood, that no further efforts be made to force an opening in Portland.

J. S. Heisey, Pacific Coast manager for the Schwarzschild & Sulzberger interests, deplores the opposition that has arisen to the project, but attributes it to misunderstanding of the situation, brought about, as he believes, by rival packing interests and by those interested in property in other parts of the city.

Heisey Ready to Withdraw.

"If this matter is left to me, I would ask the Council to place the ordinance on the table in view of the hostility that has been developed," said Mr. Heisey. "Our company did not come here to antagonize any one. We would not think of coming here and operating a plant that would do any less than we claim for it, because in that way we would lose standing with the public and it would hurt our business. I may say now that if the city had seen fit to grant us the right to build and operate a modern packing plant on the site we had chosen, our company would have spent money here that would have far exceeded the estimates already made. We had extensive plans for development in this city.

"We realize that criticism of our plan was ill advised and came from people who did not know what they were talking about. We have been criticised because our plant would turn blood, grease and refuse into the river and pollute the stream. This is entirely an error, for no plant with modern arrangements would permit such a waste of material for a moment. Blood is too valuable to the packer to be allowed to run away, as is grease and every particle of offal. Everything is made into something useful.

"Our proposition to the people of Portland is strictly bona fide, just as it was outlined to them in The Oregonian. That they do not want to benefit by our offer is not our loss, but theirs."

FIRST CONCERT FRIDAY

Portland Symphony Orchestra Will Play at the Marquam.

The first concert by the Portland Symphony Orchestra will be given Friday afternoon at 3:30 o'clock at the Marquam Theater. The orchestra will appear under the leadership of Mr. Charles Dierke, with Mrs. Beatrice Barlow Dierke as piano soloist.

The C-minor symphony, to be played by the Portland Symphony Orchestra at the first concert next Friday afternoon, is the best-known and most admired of all of Beethoven's nine symphonies. This perhaps because it is the most human in its qualities. Nearly all critics have arrived at substantially the same decision—namely, that it pictures the struggle of the individual with Fate, the alternations of hope and despair, and the final triumph. This symphony is written in four movements, two of which the orchestra will interpret Friday—the andante con moto in A-flat and allegro. The orchestra has been working diligently on this number and Mr. Dierke feels satisfied with the results of the earnest work. The programme is as follows:

Coronation march.....Giacomo Meyerbeer
Symphony, No. 5 Ludwig von Beethoven.
Andante con moto.
Allegro.
Concerto for pianoforte.....From Liszt
Allegro maestro.
Tempo guisto.
Quasi adagio.
Allegretto vivace.
Allegro animato.
Introduction to the third act, from Lohengrin.....Richard Wagner
Le Cygne.....Saint Saens
Papillons.....Moritz Rosenthal
Etude.....Paul de Schlozer
Slavonic dance.....Anton Dvorak

CRITICISES FATHER YORKE

Says He Is Too Stubborn to Admit His Error About Schmitz.

PORTLAND, March 23.—(To the Editor.)—Whenever a man cannot get an audience in his own city, except by his own blind followers, he tries to "shape his jaw" over some other community. Witness Rev. Peter C. Yorke, so-called "father," who insults the people of Oregon by condemning the brightest and most honest public prosecutor of the age. The people of Oregon know Francis J. Heney, even better than we of California. Wherein has he incurred the wrath of this son of Erin? I'll tell you, for I lived 20 years in San Francisco and I know.

Rev. Father C. Yorke worked, and worked hard, to elect the putrescent Eugene Schmitz and the more degenerate Board of Supervisors, all very ignorant men, but they would have been elected without his help, for it was during one of those psychological moments when the "gelatine-stained" people were clamoring for a change just as an experiment. And when Schmitz and the Board of Supervisors robbed the people as they were never robbed before, Rev. Peter C. Yorke, knowing that the people of San Francisco knew what side he took in that election, was, and is to this day, too stubborn to admit that Schmitz did any wrong. Hence he is trying to hold his infallibility inviolate. His blind zealots are all around him, throwing their hats higher than their brains can soar, making a little god of him, until he, poor man, takes their fanatic gibberings for truth and believes he can stem the torrent of popular wrath against the release of Schmitz.

Most people are too busy to protest. They simply grit their teeth and tolerate.

For candor and broadmindedness, I commend Rev. Peter C. Yorke to the average editor of a metropolitan newspaper. Such a man is usually ripe in scholarship, has a judicious mind, and shows an almost intuitive grasp upon the most intricate and perplexing poblems of the day.

BRUIN MAKES REJOINDER

Declares Sullivan Should Resign as Editor of Catholic Paper.

Patrick Bruin yesterday submitted a statement to the Oregonian in answer to the interviews with Mayor Lane and Patrick E. Sullivan, in regard to the latter's appointment to the executive Board. After directly charging Mr. Sullivan with divulging information to the Lane administration which Bruin had given him in confidence, Mr. Bruin says:

"Sullivan adopts the tactics of the San Francisco grafters in his various interviews published in The Oregonian. He will not make an affidavit that he has not had a dinner with Tom Greene recently and that politics was not the subject matter of the discussion at the dinner and political deals were not framed up. He will not deny that he tried to sneak in the impression that he was a Democrat until he was forced out to announce he is a Statement No. 1 Kavanaugh. He went into the details of the matter, and held that any reasonable action taken to insure safety to life and limb by compelling wires to be placed under ground would likely be upheld by the courts. The Commission considered the opinion favorable to the plant for the conduit system, and decided to proceed and to secure at once an estimate of the cost. If the matter goes through a vote of the people will be asked to determine whether bonds shall be issued to pay for the improvement.

Mayor Lane, City Engineer Taylor, Councilmen Baker, Kellaher and Vaughn and T. G. Greene, of the Executive Board, were present. Mr. Baker is a member of the majority faction of the Council which opposes practically everything that Mayor Lane wants. He therefore came in for a lot of good-natured bantering by Mayor Lane and others; but he proved himself capable of taking care of his own interests, and when Mayor Lane remarked that it probably was idle to transact any business because of the fact that the Council would likely behead the Commission soon, Mr. Baker moved to proceed and to authorize the expenditure of the funds appropriated by the ordinance. He said he would favor the conduit system and would vote against the resolution to recall the whole plan.

"I think it all wasted time to do anything here today," said Mayor Lane, jocosely, "as the Council will behead us tomorrow."

"Notwithstanding the jibes of his honor, I think we had best proceed," replied Mr. Baker. "Why anticipate? Let's go ahead and transact our business and make a report of our work."

Mr. Baker's suggestion was not adopted, but later Mr. Greene made a similar motion, which was carried. The Commission then adjourned, but will meet at the call of Mayor Lane, if the Council does not recall the Commission.

Meantime, there is a resolution to come up before the Council this afternoon which is recommended for passage by the committee on judiciary. It recalls the Commission, together with the $5030 appropriation.

SALEM, Or., March 24.—(Special.)—R. Robertson, of Roseburg, today filed notice of his candidacy for Republican nomination for Railroad Commissioner in the First District.

MAY CANCEL GRANT

Committee Opposed to Hydraulic Elevator Franchise.

WILL REPORT TO MAYOR

Kellaher Informs Councilmen That Portland Railway, Light & Power Company Has Secured Permit and Dismantled Plant.

Revocation of the franchise granted in 1882 to the Portland Hydraulic Elevator Company, will be recommended by the special committee, recently named by Mayor Lane, to inquire into public service franchises. At the first meeting of the committee, which is composed of Councilmen Kellaher, Vaughn and Rushlight, it was voted to report to the Mayor in favor of the revocation of this particular franchise, as it was found by members yesterday afternoon that the hydraulic company had gone out of business. It also became known for the first time that the grant had been taken over by the Portland Railway, Light & Power Company.

Mr. Kellaher, chairman of the committee, reported that he had made considerable investigation into the matter and had ascertained that the old company had been taken over by the Portland Railway, Light & Power Company. He said also that although the latter company had dismantled its plant, located on the water-front, President Josselyn told him the franchise is a valuable one, and that the company does not desire to give it up.

There was considerable discussion among the members of the committee as to what action should be taken, but when the ballot was cast, a motion by Mr. Vaughn to recommend revocation of this grant was carried.

Mr. Kellaher was the first of the city officials to have his attention drawn to the fact that the old hydraulic company had abandoned business. He at once began an investigation that resulted in the information given yesterday afternoon. He said that the Portland Railway, Light & Power Company had dismantled the plant and evidently did not intend to do anything more in the way of furnishing hydraulic power. Business men along Front street, in particular, Mr. Kellaher said, had been affected by the change, as they were forced to install electrical apparatus in their elevators or go to the expense of connecting with the city mains.

After consideration of the matter, the committee voted to recommend to Mayor Lane the revocation of all franchises not now in use. The Mayor, in turn, will make his report to the Council. This procedure is due to the fact that the committee was named by the Mayor. A committee of three was recently authorized by the Council, but at the following meeting was recalled. Mayor Lane then stepped in, under the authority vested in him by the charter, and renamed the members, with the exception of Mr. Menefee, in whose place Mr. Rushlight was appointed.

The committee voted to probe every franchise on the books of the city. The next in order is the grant held by the Pacific States Telephone & Telegraph Company. The Portland Gas Company will be investigated, as it has been reported that the corporation is refusing, in some instances, to furnish gas to certain people who wish it. Similar action will be taken in the case of the Portland Railway, Light & Power Company. The committee will soon meet again at the call of Mr. Kellaher.

Make Move for Economy.

At a meeting of the committee on accounts and current expenses, held yesterday afternoon at the City Hall, a report was adopted, recommending that the proposed ordinance, appropriating $10,000 for the relief of the unemployed, be not passed. The committee also voted to recommend against further increases in salaries of municipal employes, unless the petition is presented by the head of the department under which the applicant is working.

FORCE COMPANY TO PAY

University Park Citizens Object to Charge for Wiring.

At the meeting of the University Park Board of Trade Monday night W. J. Peddicord presiding, the opinion of City Attorney Kavanaugh on the liability of the electric light company to furnish without cost wire connections within reasonable distance to houses was read and discussed. The opinion is an exhaustive review of all the electric light franchises that have been granted in Portland. It was rendered at the request of the University Park Board of Trade made because the company is charging for running wires into private houses. The other civic organizations on the Peninsula will take the matter up with a view to bringing it before the municipal authorities.

A committee was appointed to make arrangements to hold a special meeting at Portsmouth Hall next Monday night to hear M. G. Munly, president of the North East Side Improvement Association, discuss the proposed location of a high bridge at Hancock street. While many of the members are hostile to the location, they thought it fair to give Mr. Munly an opportunity to speak in favor of the location.

COVER PARKS WITH ROSES

Board's Plan Is Criticised, but No Change Made.

People living in the vicinity of the Park blocks, where the roses that were recently donated are being planted, are complaining about the manner in which the work is being done, according to the statement of Mayor Lane to the members of the Park Board yesterday afternoon. The roses are being planted 40 inches apart all over the blocks, and some persons believe a better plan would be to mass them around the edges of the blocks. Superintendent Mische is following instructions of the Board in the matter, and as no action was taken at the meeting yesterday, the work will probably be finished according to the present method.

The Board, at its session yesterday afternoon, awarded the contract for selling confectionery at the City Park to Mrs. E. S. Burnett. She bid $350 for the privilege, which, being the highest offer, was accepted.

The matter of benches for the various parks was taken up and it was decided to ascertain at what cost they can be secured in Portland. The members seemed to believe a saying could be made by having benches manufactured here rather than ordering them elsewhere, and it is likely that bids will be asked for.

The Board voted to apply to the Civil Service Commission for a bandmaster and 32 musicians, to furnish music for the concerts in the parks this Summer. As no musicians are certified to by the Commission it is practically certain that the Board will have the privilege of electing a bandmaster.

IRISH BEAT DUTCH

Carry Them Home in Basket to Tune of 3 to 2.

GAME OF HEART DISEASE

Both Sides Put Up Championship Ball—Team Wins Home in Sunny Town and the Citizens Want the Boys to Stay.

BY WILL G. MAC RAE.

SAN LUIS OBISPO, Cal., March 24.—(Special.)—Fans of this burg had a real touch of baseball this afternoon, when the Irish beat the Dutch 3 to 2. It was a game that was full of sensational fielding in which First Baseman Danzig and Cooney at short were the stellar attraction with a great running catch made by Harmon, who was playing in right field. Bloomfield again took the Dutch down the line and Bud Pernoll shot them at the Irish. The Dutch outhit the Irish, but it did not win.

Whole Town Sees Game.

Practically all the business of San Luis Obispo was suspended this afternoon and the whole population turned out to see the game. The yellow ribbon of the Dutch predominated and but for a little hard luck in the opening inning, the Dutch would have won. Twice the Dutch had the bases full, with no one out, but they went down when the weak hitters could not deliver the goods. In the seventh inning, Raftery's long wallop that jolted a board off the left field fence, scored the winning run. All the way through the game was a heartbreaker, and the two teams battled in championship style.

Heart of San Luis Won.

Portland players have won a home here and tonight a delegation of citizens waited on Manager McCredie and tried to get him to remain here until the end of the week. McCredie, however, had promised Salinas a couple of games and since Monday the Salinas fans have been calling him up by long-distance telephone asking him when he was coming. We leave here in the morning for Salinas.

During the game, Tom Madden, the catcher, was struck by a foul tip that split his hand very badly. It was necessary to have a couple of stitches taken in the injured member. He will be out of practice until the season opens.

DISTANCE MEN DO STUNTS

Pacific University Athletes Go Three Miles in 18 Minutes.

PACIFIC UNIVERSITY, Forest Grove, Or., March 24.—(Special.)—A. E. Austin this afternoon won first place over 11 competitors in the three-mile handicap race in 18.1 minutes. Reiher won second place in 18.18 minutes, Thomas third in 18.27 minutes, and Alexander Robinson fourth in 18.47 minutes. A heavy gale of wind blowing from the west somewhat retarded their progress.

The result proved that Pacific has some good material to choose its distance men from for the coming track events. These distance men have been running all Winter long under the direction of Coach Hahn. The first four men will be presented with the three emblems by the athletic committee. The other men participating in the race were: L. L. Gardner, G. A. Clapp, D. A. Mobley, C. F. Koch, A. Mills, G. Berkmier and K. Abraham.

Officials were: Archie Hahn, starter; Principal H. L. Bates, A. C. Allen, H. P. Humphreys and S. B. Lawrence, judges on finish.

Fights to Entertain Fleet.

LOS ANGELES, March 24.—The Jeffries Athletic Club was formed here yesterday for the purpose of holding 25-round bouts at Vernon. James J. Jeffries is president of the club and will referee the fights. The club intends to hold its first bout during the week in which Admiral Evans' fleet is in Los Angeles ports.

American Wins the Lincolnshire.

LINCOLN, England, March 24.—The Lincolnshire handicap, 1500 sovereigns, for 3-year-olds and upwards, the first big race of the Spring season, was carried off today by J. H. Martin, an American jockey, on F. S. Barnard's Kaffir Chief. Longcroft was second and Snatch ran third.

Twenty horses started. Kaffir Chief was an outsider and started in the betting at 100 to 7.

Cricket Club to Give Dinner.

The annual dinner to celebrate the opening of the cricket season will be held in about two weeks. Many old lovers of the game have announced their intention to be present, and there will also be several new players who have joined the local team.

Baseball Scores at Jacksonville.

JACKSONVILLE, Or., March 24.—(Special.)—Jacksonville nine defeated Medford Sunday, 7 to 5. A second-team game with Central Point was lost, 15 to 11.

Portland Team Anxious to Begin the Season and Has All Kinds of Confidence in Being Able to Do Things With Opposing Teams.

BY WILL J. MAC RAE.

SAN LUIS OBISPO, Cal., March 24.—(Special.)—Kid Mohler, captain of the Seals, says: "The only team I am afraid of is Los Angeles." When the Portlanders get through with his fledglings, the kid will have a new song to set to music.

Chief Pinnance is a fancy penman. The team has discovered the fact and the Indian has a steady job addressing envelopes to best girls.

* * *

There is a chance for some of the Tri-City moguls to get hold of a couple of good players when McCredie begins to weed out his crew. There will be Pitcher Marshall, Catcher Walsh and Outfielder Malloy.

* * *

All of the regulars are anxious to get to San Francisco. They want to be on hand to see the Britt-McFarland fight.

* * *

Boston baseball critics, after seeing Jimmy McHale in action, say he is a good fielder, but a weak sister at the bat. It will be back to the small bushes for Jimmy, just as it was for Pat Donahue.

* * *

Benny Henderson, who jumped McCredie to join the California State League, has been breaking his back to get into decent company again. The National commission is still setting on the Henderson lid.

* * *

McCredie issued his new uniforms on Thursday. The regulars got their new togs and it was pitiful to see the expressions of disapointment on the faces of the youngsters. It wasn't necessary after this to tell them they hadn't made good.

* * *

The Beavers—isn't this a rotten name for a ball team?—are confident they will be able to take the Seals down the line. They are not lacking in confidence and it is this feeling that wins many a ball game.

Diet vs. Cosmetics

Good Food Clears the Complexion

The best "Beauty Doctor" in the world is a good, pure food. Rich, greasy, or poorly cooked foods will ruin the finest complexion a woman was ever blessed with, and all the cosmetics and treatments she may give it will only cover up, not remove the blemishes.

The treatment must come from the inside, for the pores of the skin must have the proper food to be healthy.

A lady living in the West of London, England, writes as follows:

"Grape-Nuts food has done me a world of good. Some years ago I fell a victim to a serious illness, which did great damage to my constitution. I gave up hope of ever recovering my natural good health until last Winter, when tempted to try Grape-Nuts more from a liking for that kind of food than from any hope of it doing me good.

"I found to my surprise after trial of a week or two that I was getting quite plump, my voice much stronger, and my complexion was becoming beautifully clear. In fact, since eating Grape-Nuts my friends say I look 10 years younger, and I believe them, as my glass tells me it is true."

ALBANY GIRLS' BASKETBALL TEAM

CHAMPION OF WILLAMETTE VALLEY HIGH SCHOOL LEAGUE.

ALBANY, Or., March 24.—(Special.)—The girls' basketball team of the Albany High School has completed the most successful season in the history of girls' athletics in the school. The team has won the clear and undisputed championship of the Willamette Valley High School League, losing only one game in the series, while the teams of Salem and Roseburg, Albany's closest competitors, each lost two games.

The local team also has an equal claim with any other school to the girls' championship of the state. The only blot on its record in this connection is a defeat it suffered at the hands of the team of the Silverton High School. Silverton lost to the Oregon Agricultural College, which had a strong claim on the state honors until defeated by the Albany High School. The O. A. C. later lost to Chemawa Indian School and also won a game from the Indian maidens, thus leaving the state championship in a muddle.

The team's record for the season is a total of 118 points, against 58 for opponents.

The members of the team (reading from left to right in the picture) are: Front row—Norma Greffoz, substitute; Dolly Bending, forward and captain. Middle row—Melissa Martin, guard; Professor Lloyd Marquam, coach; Clara Eckert, center. Standing—Bessie Thayer, guard; Evans Houston, manager; Mildred McBride, forward.
