Wonderful Combination Sale Shoes Worth to \$4.00 Hose Worth 50c to 65c Both \$2.89

A novel sale that is bound to stir all economical Portland to action. A pair of stylish shoes and a pair of the most popular styles of hosiery for less than the regular price of the shoe alone. Women's Oxfords in leather or cloth. The leathers come in browns and tans; in such wanted styles as the "Murray two-button," "Garden Tie," "pumps," "Gibson" or regular cut oxfords. Plain or tip toes; tops plain or finished with neatly inserted panels of oozie or suede leather. The cloth shoes are of the finest Sea Island canvas in all fancy and staple colors, including pink, baby and Alice blue, green, gray, brown and white. You may have your choice of these in light or heavy soles and in many styles of button, lace or pumps. Remember, with every pair of shoes bought you may select a pair of stockings to match, for the stockings are here in immense quantities. No charge will be made for the hose,—you simply pick them out when you buy your shoes, and

during this sale both go in this tremendous offer at \$2.89. To realize the immense importance of this sale, you must see the superb assortment of sizes and widths, as well as the line of colors and styles of shoes. Then too, you should know that the Hose are standard qualities and best designs in 50c and 65c grades. It's the greatest opportunity to save on fine footwear that Portland has ever known. A display of stockings and shoes will be made in both the hosiery and shoe departments. Also see the Fifth street window display. Select your shoes in either department and save from \$1.00 to \$1.76 on every purchase. Today and tomorrow shoes with stockings sell for

Kaiser Says Gossip Exaggerated Hill Incident.

CONFERENCE OF DIPLOMATS

Von Sternberg Meets President, Secretary Root and Assistant Bacon at the White House to Settle the Entire Matter.

WASHINGTON, March 30.—With a view to bringing to a close the gossip connected with the reported disappearance in Berlin of the appointment of Dr. David Jayne Hill as Ambassador, and terminating the incident, Baron von Sternberg, the German Ambassador, called at the White House today by appointment to see President Roosevelt and Secretary Root. Assistant Secretary Bacon was also present. At the conclusion of the conference the following statement was given out:

"In addition to the communication already made public from the Foreign Office, the German Ambassador has also conveyed to the American Government the assurance of the Emperor that there has never been any change in his attitude toward Mr. Hill, and his cordial willingness to welcome Mr. Hill to Berlin. The Emperor's favorable opinion of Mr. Hill was communicated to the Washington Administration last November, and his attitude has never changed since. Apparently some remarks in a casual conversation have been distorted by gossip and exaggerated by rumor so as to give a totally erroneous impression of the whole matter."

STILL TRIFLING WITH LAW

Ruef's Lawyers Again Stave Off the Trial With Technicalities.

SAN FRANCISCO, March 30.—With the proceedings against him in one court effectively blocked for the time being, Abraham Ruef today began the same tactics in another court and temporarily checked the prosecution with a counter move, when the attempt was made to

place him on trial immediately upon an affidavit.

Ruef on Saturday filed a lengthy affidavit, having for its purpose the disqualification of Judge Dunne to preside at the trial. As if Judge Dunne had anticipated such a move, when court convened this morning, Judge Maurice T. Doelling, of San Benito, who sat for Judge Dunne in the Tevis-Bulletin libel trial, took the bench.

Henry Ach, of counsel for Ruef, demanded a separate trial for Ruef, who was jointly indicted with W. I. Brobeck, George H. Umbsen and Joseph Green, prominent real estate men. This was granted. Mr. Ach then moved that the case be transferred to some other department of the Superior Court, and both he and his associate, Frank J. Murphy, argued long against Judge Doelling's right to try the case.

This motion was denied, and the defense then gave notice that affidavits setting forth the personal disqualification of Judge Doelling would be prepared, and the case was continued until 10 o'clock tomorrow morning, when they will be presented in court. Counsel for Ruef also announced that after the matter of a judge to preside at the trial was disposed of it would be followed by a series of motions asking for the dismissal of the charges against Ruef on various grounds, among them being to "dismiss in furtherance of justice."

A motion by Mr. Murphy that all proceedings be set aside on the ground that the court had no jurisdiction, because Ruef was arraigned before bench warrants were issued, and that the same had never been served upon him, arguing that he therefore was not properly in the custody of the court, and that the arraignment was void, was denied by Judge Doelling.

The cases against Brobeck, Umbsen and Green were continued for 30 days, because Ruef was arraigned before Judge Doelling tomorrow night. Judge Lawrence will consider motions and argument by counsel for T. L. Ford, whose third trial is to commence this week, why further proceedings against him should be set aside.

Riley Granman, Plunger, Dying.

SAN FRANCISCO, March 30.—It is reported that Riley Granman, once a noted plunger and one of the best-known followers of the races in the United States, is dying at Rawhide, Nev. He was stricken with pneumonia and the physicians held out no hope of his recovery. Telegrams telling of his affliction were received today by friends at the Emeryville track.

Salem, Ore.—A nominating committee of the Salem Board of Trade has decided to recommend John H. Albert for election as president of the board to succeed F. G. Decksbach.

Meisner Six glasses for \$1.00.

WILL DODGE ALASKA

American Auto Going by Ship to Vladivostok.

ROUTE ACROSS SIBERIA

Hanson Recommends the Southern Road, Which is Traversed by the Convicts—Not More Difficult to Cross Than Indiana.

SEATTLE, Wash., March 30.—The American car in the New York-Paris race, with George Schuster, driver, George Miller, machinist, and Captain Hans Hanson, arrived in the city this morning, on board the steamer City of Puebla. Owing to advice regarding the condition of the trail between Valdez and Nome, the Alaska part of the trip will be abandoned, and the party will probably take the first ship from Seattle to Vladivostok, and go through Siberia by the southern route.

Captain Hanson will have charge of the party on the Siberian trip. He recently returned from that country, where he was located for 18 years, and has crossed Siberia both by the northern and southern routes. Captain Hanson stated tonight that the final plans for the remainder of the trip will not be determined until advice are received from New York, but he has recommended the southern route through Siberia, by way of Vladivostok, and expects to sail from Seattle on the next steamer.

If the southern route is adopted, the entire trip through Siberia will be over the convict military road. If the Northern Siberia route is used, it will be necessary to cross over 1600 miles of country where there are no roads. If instructions are received to take the northern route, the party may be held in this city for an indefinite period, as the scheme to take the big automobiles over the Alaska route has been deemed to be impossible, on account of Spring overflows, and in that event it would be necessary to take boat to Nome or direct to East Cape. Captain Hanson said:

I am of the opinion the southern route will be the decision of the New York officials, as the northern trip at this season

would be almost impossible. Of course, I am willing to believe we can make almost any kind of country after some of the experiences we have had in Indiana, and, if we reached this city earlier, we would have tried the Alaska and Northern Siberia route, but there was a clause in the articles signed that, failing to reach Nome, Alaska, by April 15, we should have the privilege of taking the boat to Vladivostok and going by the southern route.

I have spent 10 years in Siberia and do not believe there is any more difficult country to cross than we have found in Indiana. There are no arrangements here made to supply the machines with gasoline either by the northern or southern route, and we are ready to follow directions from New York.

The automobile and its crew were given a great ovation on their arrival. The wharf was crowded with automobile enthusiasts, and at noon a big automobile parade was given. Tomorrow night the motorists will be the guests of honor at a banquet to be given by prominent automobilists of Seattle.

The Corwin is the first boat to sail from Seattle for the Bering Sea, and she leaves May 10.

SAN FRANCISCO, March 30.—The Italian car left Rhyolite, Nev., yesterday, and should have arrived at Daguerre, Cal., tonight, but no word of it has been received.

TONOPAH, Nev., March 30.—The French De Dion car, which arrived here at 10:20 tonight. It will leave in the morning for Goldfield. The car covered the distance of 226 miles from Ely in 14 hours.

GRANGER, Wyo., March 30.—The German car arrived here tonight.

POMONA GOING TO PIECES

Hope to Save Engines—Rose City Carries Many Passengers.

SAN FRANCISCO, March 29.—The Pacific Mail liner City of Panama arrived in port today from ports along the West Coast. The City of Topeka sailed for Eureka this morning.

MAN AND GIRL FOUND DEAD

Music-Teacher and His Pupil Discovered in Vacant Lot.

CLEVELAND, March 30.—The bodies of a man and a woman—the former believed to be that of Carl Bernthaler, a music teacher and the latter that of Miss Lena Zeichmann, a public school teacher, were found in a field near Euclid Heights, a suburb, today. Both had been shot through the heart and it is believed that either both were murdered or else that the man killed the woman and then shot himself. On the body of the woman was found a letter apparently from a sister in Los Angeles. It was signed "Elsie" and began with "my dear Marie." The dead woman was about 26 years of age. The man was about 35.

Later in the day the couple were positively identified. Bernthaler was a married man and leaves a family. A daughter of Bernthaler said that Miss Zeichmann appeared to be in love with her father. She was his pupil.

Marshall Is Defeated.

BERLIN, March 30.—The feature today in the chess tournament was the defeat of the American, Marshall, at the hands of his countryman, Johner Schlechter, of Berlin, is still in the lead.

Most children eat too much, overtax the digestion, get thin, weak, languid, stop growing—that's malnutrition or non-digestion of food.

Scott's Emulsion has helped countless thousands in this condition. It is both nourishment and medicine—a most powerful aid to digestion. A small dose three times a day will work wonders, but be sure to get Scott's. A large sample will be sent free upon receipt of this advertisement and your address. SCOTT & BOWNE, 409 Pearl St., N.Y. All Druggists.

McKenna Junction

Before you buy real estate, look the situation over, satisfy your mind as to where the most rapid, stable and extensive development is going to be, then buy.

McKenna Junction

Is where the most experienced investors are now putting their money. Because it is the logical center of the most immediate action. Because right next door Swifts are building their \$4,000,000 plant. Because it is at the approach to the projected Dana-street tunnel under University Park. Because here is the intersecting point of the O. R. & N. and Harriman's Puget Sound line. Because this is the point where the reserve for railroad yards has been made, and because the whole McKenna Junction townsite situation is hemmed in by a chain of industrial activity stretching along the entire navigable waterfront.

Remember, prices will be advanced tomorrow at 6 P. M.

Till April 1 lots in McKenna Junction will be

\$275 and Up 10 Per Cent Cash and 10 Per Cent Quarterly
