Mr. Fulton also defined his position on Statement No. 1. He stated that he favored the election of Senators by the people, but did not consider it his province to attempt to dictate to candidates for the Legislature the position they should take on the question.

Mr. Fulton's remarks on his own defense were warmly applauded. He was introduced by Hon. W. I. Vawter, and the opera-house was packed to overflowing.

Lumbermen announced after the meeting that the mills now operating will close down before the rates become operative on the 15th. Today's meeting was one of the largest gatherings of its kind ever held in the Northwest. Nearly 300 mills were represented.

ISSUES CLEAR CUT

Two Republican Legislative Tickets in Marion.

DIVIDE ON STATEMENT NO. 1

Five Candidates on Each Side—Registration Throughout County Is Above Average—Warm Contest on Judge.

SALEM, March 30.—(Special.)—With eight days remaining before the registration books close for the primary election, about 4500 voters have registered in Marion County. This is as good a record as was made two years ago, and in some precincts more voters have already registered. The conclusion of the two years ago up to the time of the June election. It is generally supposed that there are about 7000 persons in the county entitled to register as voters.

The activity of persons who circulate nominating petitions for signatures has had a very marked influence in inducing voters to register. Signers are expected to be registered voters and many people are personally reminded that they have not registered when someone presents a petition for them to sign.

It is believed that the coming June election, though not involving as many exciting contests as in a gubernatorial year, will bring out a vote which will indicate a considerable increase in population in Marion County since 1906.

Among candidates the warmest contest will be over the office of County Judge, for which four men are seeking the Republican nomination. W. M. Bushey, W. W. Hall, M. L. Jones and G. P. Terrell. Among the voters generally the chief interest will be aroused over the legislative ticket.

The issue upon Statement No. 1 has now been clearly presented in Marion County, for W. L. Simeral tonight announced his withdrawal from the race, thus leaving five candidates opposed to Statement No. 1 to make the contest against five Statement No. 1 men. There are five Representatives to elect, and unless new candidates should appear, which seems unlikely, the county of the Republicans in the county of the Statement No. 1 will be fairly tested. The candidates are:

Statement No. 1—H. D. Patton, W. C. Winslow, H. S. Miller, O. L. Hattenberg, A. C. Libby. Anti-Statement No. 1—L. T. Reynolds, F. A. Turner, Samuel Hughes, S. D. Adams, C. H. Crittenden.

There has been systematic effort on both sides to keep the number of candidates down to five, and the effort has apparently succeeded. Considerable interest is felt in the forthcoming address of Senator Fulton, and a big crowd is expected when he speaks here on the evening of April 4.

CAMPBELL TAKES STATEMENT

Finds Clackamas Voters Suspicious of Instruction Amendment.—OREGON CITY, Or., March 30.—(Special.)—James U. Campbell, Republican candidate for the legislative nomination, today changed his platform to a straight State No. 1 declaration, in place of a pledge to be governed by the majority of the voters on the People's Instruction Amendment. Mr. Campbell signed Statement No. 1 pledge two years ago, when he was elected Joint Representative from Multnomah and Clackamas Counties. He finds that the country voters of the instruction amendment are suspicious of the instruction amendment, and he believes that it is a pretended evasion of Statement No. 1. The eight candidates for the legislative nomination have declared their allegiance to the statement, with one exception, and the opponents of the "so-called" people's choice will have no candidates of their belief.

MR. FULTON AND MR. CAKE

One or the Other of Them the Republican Candidate.—Oregon City Enterprise.—United States Senator Charles W. Fulton is back in Oregon to remain until the close of primary campaign, and perhaps until the June election. It is this "perhaps" that is worrying Mr. Fulton, but he surmises, as the Washington dispatches tell us, to go out in the towns of Oregon and fight for his return to the Senate, where he has served his state with ability for the last five years. Mr. Fulton has been a prominent figure in the politics of Oregon for many, many years. As a member of the State Senate, as president of the body, as a leader in the councils of his party, he has long been a commanding person. He has made a careful study of politics with a view to accomplishing something in Washington, and he has made good. He is one of the big men of the Senate, and has demonstrated his capacity to secure legislation of interest and benefit to Oregon.

But Fulton has the light of his life on his hands. In less than a month the

CHRONIC STOMACH TROUBLE

A great many people who are suffering from indigestion are suffering unnecessarily. They get tight on their diet and the right remedy to tone up the weakened organs are all that is required.

Proper attention to the diet and the right remedy to tone up the weakened organs are all that is required. The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a feeling as if weight on the chest, a full feeling in the throat.

Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom.

Miss Julia A. Van Sickle, of 74 No. Ninth street, Fort Dodge, Iowa, says: "Last winter I suffered from loss of appetite, general weakness and exhaustion. I had no desire for food of any kind. I had a nervous headache nearly every afternoon, especially when I began to get tight on my diet. It troubled me—skipping a beat every once in a while."

"My father urged me to take Dr. Williams' Pink Pills as he thinks very highly of them. In a few days I saw they were helping me. My appetite returned, and I had not been bothered by stomach trouble or nervousness since."

Sufferers from dyspepsia in any form who find their condition unrelieved or actually growing worse while using other remedies, would do well to try
