BLOOD AND FEAR STILL RULE HAYTI

Crowded Prisons Find Sole Relief in Summary Executions.

REFUGEES URGED TO ARM

French Minister Fears Search for Rebels May Extend to Legation. Alexis Tries to Avoid Foreign Intervention.

PORT AU PRINCE, Hayti, April 1.—The spirit of uncertainty and of unrest still prevails in Port au Prince. The recent abortive attempt at a second uprising here, in which General Larraque, chief of the cavalry, and several other army officers are alleged to have been implicated, has given the government a cause for searching all quarters of the city in the hope of finding others it suspects of being involved in the plot.

Urges Refugees to Arm.

The French minister to Hayti, Mr. Carteron, has recently shown considerable alarm concerning the action the Haytian government may take against the refugees now in the French legation. Some of the refugees themselves say the minister has advised them to procure pistols and as much ammunition as possible, so that they may be prepared to defend themselves. According to the refugees, Mr. Carteron told them that he was unable to guarantee protection in the event of an attack upon the legation by government troops.

The French minister, when asked today with regard to this statement, declined to deny or affirm it, but he did say that he had made a representation of the case to M. Borne, the Minister of State, pointing out to him the French contention that giving safety to the refugees was an absolutely legitimate proceeding.

It is generally believed here that the alarm of the French Minister is unfounded. Up to the present the government's attitude has been conciliatory, and it seems to be its intention not to offer the slightest excuse for foreign intervention.

Secret Executions Nightly.

There are rumors here that summary executions continue in nearby country districts. For a long time past the government has had a large number of so-called political prisoners on hand and it is reported that almost nightly some of these are taken from the prisons, transported to the country districts not very remote from the city and shot. This the government vehemently denies.

The French cruiser d'Estrees has not returned here from the Island of St. Thomas, where she took the refugees from Gonaives. The German cruiser Bremen returned yesterday from Kingston, and the United States cruiser Des Moines and the gunboat Marietta are still here, the gunboat Eagle having left two days ago and the gunboat Paducah having sailed for Guantanamo, where she will coal to return later to Port au Prince.

ANARCHY RULES IN HAYTI

Report That American Troops Are About to Land.

PARIS, April 1.—A dispatch received here today from Port au Prince, Hayti, says that the situation there is extremely grave and that complete anarchy prevails. The dispatch further declares that American warships are preparing to land armies.

WASHINGTON, April 1.—American intervention in Hayti is regarded by the officials of the State Department as one of the most remote consequences of the present domestic disturbances in that island. It is explained that there is neither a desire nor any ground for any such action.

WEST SIDE TEAM WINS

EAST SIDE HIGH SCHOOL DEFEATED, 10 TO 5.

Much Enthusiasm Shown in Opening Contest of Portland Interscholastic League Season.

In the opening game of the Portland Inter-Scholastic League, the West Side High School defeated the East Side boys by a score of 10 to 5. The game was attended by about 900 young people, who made the grandstand ring with their songs and cheers. There was nothing doing in the run line until the last of the third inning, when Cason got a hit and Hewitt was safe on an error by Vosper. Cason stole third and when Cornell knocked a long fly to center field Cason scored on the throw-in. Briggs flew out to second, ending the inning.

The West Side boys could do nothing with Cason until the last of the fifth, when three hits and a number of errors let in five runs. In the first of the sixth the East Side boys made one on an error by McKinley and a two-bagger by Houk. In the seventh the East Side again scored on an error and a hit and the West Side boys came through with one run on a couple of errors and a hit.

In the last of the eighth the West Side team started a batting rally and made four runs on an error, a base on balls, two two-baggers, by McKinley and Hickson, and a hit by Word. In the first of the ninth the East Side nine tried hard to even up things and succeeded in getting two runs across the pan. The line-up:

W. P. H. S.	Positions.	E. P. H. S.
Hickson	P.	Cason
Patterson	C.	Thoburn
McKinley	1.	Graham
Word	2.	Hewitt
Vosper	3.	Houk

KNOCKED OFF THE BRIDGE

Jefferson Perkins, a Carpenter, Is Killed While at Work.

Jefferson Perkins, a carpenter engaged on the Burnside-street bridge, was knocked off that bridge yesterday afternoon at 4:30 o'clock and killed. It is said by some witnesses that his death was caused by the carelessness of the bridge engineer, who, having forgotten that the man was at work, threw open the draw, which struck him and knocked him into the river, 50 feet below. His body struck a raft of logs moored near the pile driver and then dropped off into the water, where he was found about ten minutes later.

Although unconscious, life was not totally extinct and an ambulance took him to St. Vincent's Hospital. He died shortly afterwards without having regained consciousness. The Coroner was notified and has started an investigation with a view of ascertaining whether the blame for the affair rests with Ernest B. Hayden, the engineer in charge of the bridge at the time. An inquest will probably be held this afternoon.

Perkins had been in Portland only about six months, coming from the East. He lived at 72½ Grand avenue with his wife and five little children, who are left in straitened circumstances.

CHANGES HIS TESTIMONY

Scott F. Sheldon on Stand in Oregon Land-Fraud Case.

LOS ANGELES, April 1.—During the course of the Oregon land-fraud trial today Scott F. Sheldon admitted making false statements in his former testimony. Sheldon is a Government witness and while being examined testified that although he had not agreed to sell any land of the Pacific Furniture & Lumber Company the first time he went to Oregon, the second time he went there he did sell land for the company. This second occasion was when he went to make his final proofs.

When up North he had sworn on the stand that there was no one interested in his claim. Today during the course of his examination he said this was a false statement. Sheldon explained that Manager Kerr, of the company, had explained to him that he and his wife had done the same thing; that it was merely red tape, and therefore it was all right.

BEATEN BY BOYS

Beavers Find St. Mary's College Good Players.

HARMON AND PERNOLL FAIL

Test of Young Pitchers Causes Defeat—Change of Men Comes Too Late—Johnson and Raftery Do the Scoring.

SAN FRANCISCO, Cal., April 1.—(Special.)—Walter McCredie's Beavers, who put in an appearance late Tuesday night from the Salinas training camp, jumped into the thick of work on the diamond at St. Mary's College this afternoon and were treated to a defeat at the hands of the Phoenix team of the college, by a score of 4 to 2. McCredie worked two of his young pitchers, Harmon and Pernoll, the early part of the game, and they were his undoing.

The collegians, in the best of shape, laid down bunts on the bushers, and four runs were the result. The "question judge" tried to save the day by sticking in Garrett, his acquisition from the Texas League, and Lakaff, one of the most promising of his new batch, but the harm was already done. The professionals found Hart was tough picking. He held the Portlanders down to six hits and two runs. Three double plays were made during the course of the game by the Phoenix nine.

Harmon opened for the Northerners. He was relieved in the second inning, after two hits had produced four runs, but Pernoll, who followed in the box, was no better. Four hits netted two more runs, and Lakaff and Garrett, who completed the affair, held down their opponents to a hit apiece. Three-baggers by Johnson and Raftery were responsible for the Portland runs.

The same teams play Thursday afternoon at Freeman's Park. The score by innings:

Phoenix	1	1	0	2	0	0	0	0	*	—4
Hits	1	1	0	4	0	1	0	1	*	—8
Portland	0	1	0	0	0	0	0	0	1	—2
Hits	1	1	1	1	0	0	0	1	1	—6

The first bout went 40 minutes, when Beell secured a full nelson and pinned the old war horse's shoulders down. The second fall lasted 51½ minutes, when, with toe-hold and cross-bar, Beell forced Burns to the mat.

TOMMY BURNS IN NEW ROLE

Champion Heavyweight Speaker at Sphinx Club Banquet.

LONDON, April 1.—Tommy Burns, the champion heavyweight fighter, appeared in a new role tonight. He was a guest at the dinner of the Sphinx Club and was down for a speech in a debate which had been arranged on "Publicity in Sport," which turned mainly to the ethics of Oxford's recent secret trial row.

Unfortunately for Burns, he was sandwiched in the speaking between Lord Alverstone and Mostyn Pigott, two of London's best after-dinner speakers. There was compensation in the fact, however, that Lord Alverstone, who was a great athlete in his young days, went over to Burns and, shaking him by the hands, said that he was pleased to meet a man who had played the game as cleanly as Burns had.

Neill, Burns' manager, will sail for New York on the Lusitania Saturday. He will try to arrange a match with Johnson and will cover Johnson's deposit of $2500 with $2500 additional. Burns says he is willing to allow the money to remain in the hands of the stakeholders for nine to 12 months in allowing the promoters an opportunity for arranging the contest. He would prefer 45 rounds or to a finish, which would limit it to California or Nevada.

Arrangements are about completed for another fight in England, in which Gunner Moir will probably be pitted against Burns for a percentage of the gate receipts. The fight, if it is arranged, will take place in one of the big football grounds and the price of admission will be from 1 shilling upwards, which means that at least 50,000 persons would probably attend.

STOPS IN JAWS OF DEATH

PASSENGER TRAIN RUNS TO EDGE OF YAWNING GULF.

Burning Bridge Collapses Under Engines, but Cars With 100 Passengers Stand Firm.

BUENA VISTA, Col., April 1.—Approximately 100 persons narrowly escaped instant and horrible death this afternoon, when the Colorado Midland passenger train No. 4 rushed up to a buring bridge at Yale Siding, four miles east of here. Only prompt application of the airbrakes by the engineers of both engines before they leaped for their lives held the coaches at the brink of the precipice, while the two engines attached to the train plunged to the bottom of the gorge. When the engines pulled loose, the train came to a sudden stop, the baggage car extending several feet over the edge of the yawning chasm. Beyond the shaking up of the engine crews no one was injured. Passengers were transferred and continued their journey.

SENT BACK TO BONAPARTE

Land Committee Suspects Joker in Mondell Resolution.

OREGONIAN NEWS BUREAU, Washington, April 1.—The House public lands committee, at its session today, gave evidence of its intention to deal squarely in the matter of the adjustment of the Oregon & California land grant, and no legislation that is loaded will be permitted to go through committee. It was evident after some scrutiny that the Mondell resolution contained a joker, and the committee very promptly refused to report it, referring it instead to the Attorney-General, with a request that he confer with B. D. Townsend and make such changes as will fully protect the interests of the Government. On Friday the committee will take up the Attorney-General's recommendations.

HOLDS UP DRY FARMING BILL

Heyburn Uses Club to Prevent Other Legislation.

OREGONIAN NEWS BUREAU, Washington, April 1.—The passage of the 320-acre dry farm homestead bill through the Senate today was prevented by Heyburn. Heyburn is not unfriendly to the measure, but was fighting other legislation and induced Gallinger to hold up this bill. It will be further pressed tomorrow.

Gallinger questioned the wisdom of allowing one entryman to have so much land. Borah amended the bill, making it apply only to "arid" land, and Carter offered a further amendment requiring the Secretary to certify that the land so disposed of cannot be irrigated because of the absence of available water.

Smoot explained the methods of "dry farming" applied on this class of land and declared that, considering the results to be secured, the amount of land referred to in the bill was equal to not more than 160 acres of land to be settled under the homestead act.

PINCHOT MAKES DENIAL

Says Neither Bureau Nor Himself Is Guilty of Charges.

WASHINGTON, April 1.—In view of the allegations on the floor of the House by Mondell of Wyoming, Smith of California and others, Gifford Pinchot, chief forester, has addressed a letter to Pollard of Nebraska, a member of the committee on agriculture, in defense of himself.

Mr. Pinchot denies that either the service or himself ever paid a cent to any newspaper or magazine to advertise the bureau's work; that either his bureau or himself ever instigated or procured attacks on public men and denies the misuse of public funds.

Buffalo Bill Breaks Down.

GANS STOPS SPIKE ROBSON

Only Referee's Veto Saves English Featherweight From Knockout.

PHILADELPHIA, April 1.—Joe Gans stopped "Spike" Robson, the English featherweight champion, in the third round of what was scheduled as a six-round bout before the National A. C.

Gans was nearly ten pounds heavier than his opponent and his long reach gave him a decided advantage. Robson was dropped for the count early in the third round, and a moment later he was again floored. The referee then stopped the bout.

LIVERPOOL, April 1.—M. Lazareff, who last year won the Russian Derby, has engaged Herman Radtke, the American jockey, to ride his horses in St. Petersburg. M. Lazareff also maintains a stable at Moscow, where another American, Wingfield, is the principal jockey.

Hoppe Again Beats Schaefer.

PHILADELPHIA, April 1.—The 2400 point 18.2 balk line billiard match between Willie Hoppe and Jake Schaefer ended here tonight with Hoppe a winner by a score of 2400 to 1195.

Chit-Chat of Sporting World

BY WILL G. MAC RAE.

"HOW will you have your baseball served this season, with or without slang?" is a query that an Eastern paper is asking the fans. Let's hear from some of the Portland fans on this question. Make your answers short.

The referee called the biffing contest between Abe Attell and Nelson a draw. Of course, the fighters weren't satisfied. From all accounts the fans got their money's worth.

Wise San Francisco fight fans who have seen Packy McFarland in action pick him to beat Britt. If he does, he'll be some fighter, at that.

Jesse Garrett, the Texas twirler, is a whole Texas cyclone of silence. He never takes any part in the fanning bees. Garrett just sits around and listens. He is quick to get next to a batter's weakness.

McCredie is looking for a place to farm Catcher Whalen. If the big youngster would only smoke up and display ginger he would beat little Red Walsh for second backstop.

Suter, the big Seal southpaw, has developed a knuckle ball that Danny Long says will fool all of the timber-wielders. Suter shoots the ball down the alley, holding it with the knuckles instead of by his fingers. Bobby Groom can use the ball also.

The Portland baseball songsters are Casey, Groom, Raftery, Johnson and Danzig. All of them have good voices.

There is one plate that the average baseball player never pulls away from. It's the dinner plate.

"Billy" Sunday, the ex-ballplayer, says he would sooner start a revival in hades than at Harvard. Evidently the students will offer no objections to Sunday's choice of locations.

Al Indicted for Grafting.

RATON, N. M., April 1.—The grand jury today reported against Mayor T. F. McAuliffe and Aldermen J. J. Shuber, Thomas McBride, A. J. Boulette, Henry Jones, Jatrick Boyle, J. M. Sandoval and Samuel Raines for extortion from keepers and inmates of disreputable houses. Guy Howe, son of Marshall Howe, alleged "go-between," was indicted on the charge of the embezzlement.

Wilfley Charges Tabled.

WASHINGTON, April 1.—The House committee on the judiciary today voted to lay on the table the report submitted by the sub-committee which investigated the charges of misconduct brought against Lebbeus R. Wilfley, Judge of the United States Court for China at Shanghai, until the testimony taken before the sub-committee has been printed and laid before the general committee.

Only a Holiday in Indiana.

TERRE HAUTE, Ind., April 1.—While Indiana miners are idle today it is not on account of a strike, but because the men are holding their annual celebration of Mitchell day, in honor of the eight-hour movement. Tomorrow the men will return to the mines as usual under the agreement with the operators to continue at work pending a wage settlement, which is being negotiated here in joint conference.

SEATTLE, April 1.—Governor A. E. Mead announced today that H. B. Dewey, Assistant State Superintendent of Public Instruction, will be appointed to the position of State Superintendent to fill the unexpired term of R. B. Bryan, who died recently.

Brief Shutdown at Pittsburg.

PITTSBURG, April 1.—About 40,000 miners in the Pittsburg district are idle today as the result of failure to reach a scale wage agreement. However, an effort will be made Thursday by the miners and operators to amicably adjust the slight differences. In any event it is believed the present suspension will not last longer than 30 days.
