THE MORNING OREGONIAN, THURSDAY, APRIL 2, 1908.

DALLAS. Or. April 1.-(Special.)-The accidental explosion of a piston head in the machine aloop of the Salem. Falls City & Western Bailwar Company this afternoon resulted in the death of one man and the serious minury of two others. The deatd

The dead: AUGUST GERLINGER, engineer. Gerlinger, master mechanic.

Impredi Carl Gerlinger, master mechanic, Join Cerney, apprentice. The master mechanic and his appren-tice wave heating a cylinder head to which it onto the shaft and it is supposed in the staff and it is supposed in the staff and it is supposed in the shaft are to cause the ex-plosion. August Geelinger, who was killed, was not employed in the shop but was an engineer on the road and had inverse stepped in to speak to the mas-ter mechanic, who is his brother. A frag-ment of the broken casting struck kim in the face, tearing open his skull and ap-parently killing bin instantity. The me-chanic's left arm was forn sway and two inverses, the apprentice, was slightly injured in the left hand and severely burned and bruised about the sistemen. August Gerlinger, the man killed, and

August Gerlinger, the man killed, and Chri Gerlinger, who was seriously in-jured, are nephows of Louis Gerlinger, of this city, president of the Salem, Falls City & Western. Mr. Gerlinger is at present out of the city.

#### BOILER EXPLODES, FIVE DEAD

## Accident in Shingle-Mill at Everett

#### From Defective Boiler.

EVERETT. Wash. April 1-A boller in the shingle mill of Garmon & Memmone explored this atternoon and as a result

exploded this afternoon and as a result five are dead. The dead A. O. Garmon, T. B. Ambuhl, Diward Olson, James Hopkins and Charles Lar-

Consol, Jamon Property and Charles Larger. Peter Carleon was seriously injured, but it is thought that he will recover. All the dead were residents of Diversit. The explasion is believed to have been due to a defective boiler, which allowed the firshow to fail in. The forces of the explosion completely demoilshed the mill, and furned the bolies of some of the vic-tims fully 100 feet. A curious fact in connection with the tragedy was the breaking of the big saw in time places, which flow in different directances, and of the flow in different directances, are of the fragments strik-ing one of the mon and cutting him in amail bits
