OFFICIAL PRIMARY ELECTION BALLOTS

Republican and Democratic Tickets to Be Voted For April 17, Completed.

PLATFORMS OF CANDIDATES

Declaration of Principles Published With Name—Printer Gets Copy Today—Republican Ballot Is Bulky, Democratic Small.

The official ballots of the Republican and Democratic parties for the primary election, to be held April 17, were completed by County Clerk Fields last night. Each candidate has been assigned to his place and his platform is given. The copy will probably go to the printer today. Candidates for five State Senators and 12 State Representatives are to be voted for. One Representative is to be voted for in the Joint Representative district, composed of Multnomah and Clackamas Counties.

Besides the precinct central committeemen there are but six candidates on the Democratic ballot. The Republican ballot, however, is a bulky affair. Both tickets follow:

WHICH SHALL IT BE OREGON OR FULTON CAKE CHAMBERLAIN ?

Shall the Commercial and Industrial Interests of Oregon be sacrificed in the wild scramble for the U. S. Senatorship?

Do you want to elect men to your legislature—Under the cloak of a U. S. Senatorship issue—or on their qualifications to legislate?

Think of the power your legislators have, and ask yourselves whether you will trust that vast authority to men who are basing their claims almost entirely on a U. S. Senatorship issue, or to men of responsibility and experience.

CUTS LEG OFF WITH KNIFE

Preacher Saves Victim of Wreck From Scalding to Death.

ST. LOUIS, April 2.—Five men were injured, three seriously, in a rear-end collision today at Spanish Lake, 15 miles north of St. Louis, in St. Louis County, between a freight train and a Burlington passenger train, No. 24. The caboose of the freight train and the engine of the passenger train were wrecked.

J. A. McKittrick, a stockman of Brookfield, Mo., was pinioned under the wreckage by his left leg, which was nearly crushed off at the knee. Scalding steam from the passenger locomotive was enveloping him, and to save McKittrick's life Rev. R. C. Allen, of Grove City, Pa., cut off the leg with a pocketknife.

With the scalding steam pouring upon him, McKittrick pulled out his knife and handing it to Mr. Allen, who, with others, was trying to extricate the man from the wreckage, commanded the minister to cut off the crushed leg and save him from being scalded.

Mrs. Emma Renner, a trained nurse from Cincinnati, a passenger, pressed a bottle of whisky to McKittrick's lips and told him to drink. The steam increased.

"Cut off that leg; I can't stay here and die!" shouted McKittrick.

Mr. Allen began cutting at the tendons with the knife.

It was dull and McKittrick suffered intense agony.

"Throw it away and get an ax," he finally cried out. But Mr. Allen continued, and finally had severed the tendons.

McKittrick was carried into a car, where Mrs. Renner made a tourniquet of her veil and stanched the flow of blood, and then gave him opiates. Later he was brought to a St. Louis hospital.

Rev. Mr. Allen, who performed the amputation, is a Covenanter minister, 60 years of age.

SOCIETY NOT SURPRISED

Vanderbilt Divorce Suit Foreshadowed by the Gossips.

NEW YORK, April 2.—There was little surprise expressed in any quarter today over the announment that formal action in a suit for absolute divorce had been taken by Mrs. Elsie French Vanderbilt against Alfred G. Vanderbilt.

Within the social set in which the couple have been leaders, it had been known for a year or more, it is said, that there was a lack of mutual good feeling between the young people. While the parties to the trouble and all their intimates maintained the utmost reserve since the reports of family troubles became public a week ago, still many circumstantial stories had found their way into print and been accepted as true, so that there is remaining little doubt that legal action will soon be taken.

The papers in the case which were filed in the County Clerk's office today show that every effort is being made to conceal the real nature of the suit. There is nothing in any of the papers available to show whether the contemplated action is for a separation or divorce. It is generally believed, however, that an absolute divorce will be asked.

Largest Docket Known.

ALBANY, Or., March 29.—(Special.)—The largest docket ever compiled for the Circuit Court in Linn County since the court was divided into two departments several years ago, will greet Judge William Galloway, when he convenes department No. 2 in this city tomorrow. The docket contains 87 cases. This unprecedented number of cases is in some measure due to the congestion of court business resulting from the holidays last Fall.

Twenty-nine of the cases, composing exactly one-third of the docket, are suits for divorce. A few of them are to be contested, but the majority will be default cases.

Money for Sound Forts.

WASHINGTON, April 2.—An appropriation to carry into effect contemplated fortifications for Puget Sound as planned by the Endicott and Taft boards, was agreed upon tentatively yesterday by the sub-committee of the Senate committee on appropriations, which is considering the general fortification bill. When completed this work will represent an outlay of between $9,000,000 and $10,000,000, of which more than $4,000,000 already has been appropriated.

Lard has been in existence a long time—so has indigestion

Human nature is hard to solve. People who are most particular about adapting the weight of their wearing apparel to the season and its conditions, who never think of going out in a storm without an umbrella and rubbers, who would not sit in a draft for a farm, will day after day eat lard-soaked food and not realize for an instant that it is clogging their whole inner machinery and likely to result in a full-fledged case of indigestion.

Lard is produced from hog-fat, sometimes impure, always indigestible, and there's a good day coming when no one will think of using it for cooking. *Cottolene* is the only rational frying and shortening medium in the world. It is made from refined vegetable oil and choice beef suet—everything about it is digestible and conducive to health.

It is a product of Nature.

It will make pure, palatable, healthful food, and food which anyone can eat and enjoy without the after-pangs of a disordered stomach.

Try *Cottolene* once and you'll never-more be a friend to lard.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.
