### ESPOUSES NEGROES. CAUSE

**PRESIDENT TAKES SOUTHERN RAILROADS TO TASK.**

Text of Letter Instructing Attorney-General to Bring Injunction Suits Made Public.

WASHINGTON, April 8.—President Roosevelt today made public his letter of April 2 to the Attorney-General, directing proceedings by injunction to compel certain railroads of the South to furnish equal accommodations to white and negro passengers. The text of the President's letter is as follows:

"To the Department of Justice: I forward herewith the report of the Interstate Commerce Commission containing his order of June 7, 1907, and the report of the failure of the railroad company to obey this order, under date of March 26, 1908, together with a letter of the commission of April 1, 1908. It appears that the Nashville, Chattanooga & St. Louis Railway Company has not complied with the order of the commission to furnish the same facilities to colored passengers paying first-class fares that are furnished to white passengers paying first-class fares. From time to time various complaints have been made to me by colored people to the effect that the accommodations furnished to colored persons on certain railroads are filthy and inadequate compared to the same accommodations furnished to white passengers paying the same fare. The commission has taken what is unquestionably the right ground; that where separate accommodations are provided for white and colored passengers the accommodations for colored passengers shall be as good as those furnished to white passengers for the same money.

"In other words, while there is nothing in the law which forbids separate accommodations, these accommodations

### WHEATLEY IS CAPTURED

**Fugitive Horse Thief From Harney County Found in Canada.**

LETHBRIDGE, N. W. T., April 8.—Sergeant Egan, of the Mounted Police, yesterday captured Fred Wheatley at Connor's ranch, near St. Mary's. Wheatley, it is alleged, is a noted Oregon horse thief, and escaped from custody last Fall, while being taken to trial by jumping from a car window, though handcuffed. He admits he is the man wanted.

PENDLETON, Or., April 8.—Fred Wheatley, an alleged horse thief from Harney County, was captured here last Fall and lodged in jail on charges from Harney County. He escaped at La Grande, from a Malheur deputy who was taking him to the county seat of that county. At the time of escape he was handcuffed, and nothing has since been heard of him here.

Tomorrow, Friday, will positively be the last day for discount on West Side gas bills. Portland Gas Company.

### PRaise OREGON SENATOR

**LEADERS IN SENATE INDORSE FULTON'S CANDIDACY.**

Speak in Highest Terms of His Ability and Devotion to Interests of State.

WASHINGTON, D. C., April 8.—(Special.)—Members of the Senate are much interested in Senator Fulton's contest for re-election. To a correspondent today, several Senators gave the following expressions as to the Senator from Oregon:

Vice-President Fairbanks—Senator Fulton is a most efficient Senator. He is able, indefatigable and fearless in the performance of his senatorial duties. He not only is a good worker in committee where much of the important work is fashioned, but is strong and forceful in debate upon the floor of the Senate. I have watched his senatorial work with very great interest and it gives me pleasure to testify to his excellent standing among his colleagues and to his splendid services.

Senator Knox of Pennsylvania, former Attorney-General and recognized as the ablest lawyer in the Senate, said—Personally I should be well pleased if the people of Oregon, at the approaching primary election, should vote to return Senator Fulton to the Senate. He is a very valuable member of that body for the country at large, as well as for his own state. The Senator is a deep student and a conscientious, tireless worker. Not only does he devote himself to matters of particular interest to his own constituency, but he makes careful inquiry into questions of national importance, and takes an able part in the

leading debates of the Senate. His discussion of national questions always shows that he has given them study and thought. As one of his colleagues on the Judiciary Committee, as well as his associate on the floor, I have had adequate opportunity to judge of his legal attainments, and it is my unreserved opinion that Senator Fulton ranks among the able lawyers in the upper branch of Congress.

Senator Cullom of Illinois—Senator Fulton is one of the best men we have in the Senate and ought to be returned. It would be a shame to defeat him. He is without doubt one of the ablest lawyers in the Senate, and his term of service, combined with his natural attainments, make him a man of great influence, as chairman of the Committee on Claims he is performing a most important duty, yet one that is anything but pleasant. Nevertheless he is faithfully performing the service imposed upon him by the Senate. I certainly trust that the people of Oregon will, in their wisdom, return Senator Fulton to the Senate, for he has worked conscientiously throughout his first term and has most certainly earned re-election.

Senator Nelson of Minnesota, a first-class debater and I have been intimately acquainted with Senator Fulton ever since he became a member of the Senate, having served on two important committees, the Judiciary Committee and the Committee on Public Lands, with him. I have found him to be one of the ablest, most energetic and efficient members of this body. He always attends committee meetings and is always present in the Senate Chamber. Senator Fulton is not only a good lawyer, but he is a first-class debater and I have found his judgment sound and reliable on all the important public questions that have come before the committee of which we have been members, and the Senate. He is one of the most industrious members of this body and gives careful consideration to every impor-

tant bill that comes up for action in the Senate. In connection with the passage of the railway rate bill, I found him to be one of the most energetic supporters of that great measure. On great public questions he seems to me to always be on the side of reform and in favor of legislation to promote the best interest of the public. I think the state of Oregon is fortunate in having such an able, energetic and efficient Senator.

Senator Lodge of Massachusetts—Senator Fulton is an able, vigorous and hard-working Senator. He is a good legislator, taking an active part in the regular and routine business of the Senate, the importance of which is not appreciated by the public, but which is essential to the conduct of the government, and of great importance. He is also a sound and able lawyer, and it gave me great pleasure personally to urge his selection for the committee on Judiciary, which comprises the best lawyers in the Senate, and of which he is now a member. My personal relations with Senator Fulton have been of the most agreeable nature and in my association with him on the Committee on Military Affairs and in the Senate I have not only learned to have a strong regard for him personally but have acquired a great respect for his ability and his power of work.

Get Acquainted, but Not With Men.

UNIVERSITY OF OREGON, Eugene, Or., April 8.—(Special.)—As a means of bringing the girls of the University into closer touch with each other, a committee from their numbers has brought forward a novel plan. Some variety of jolly-up performance, details concerning which it is of course impossible for the men to obtain, will be billed at the symposium next Saturday night. Singing, dancing, comic opera and light vaudeville are hinted at. The audience will be strictly feminine. The men of the University think they are being treated unfairly.

### SIXTY MILES IN 54 HOURS

**ALLEGED RATE SOUTHERN PACIFIC MOVED STOCK.**

Complaint of Serious Nature Lodged With Commission—Company Would Not Water Animals.

SALEM, Or., April 8.—(Special.)—W. E. Russell, a new arrival at the town of Sheridan, has complained to the Railroad Commission of negligence on the part of the Southern Pacific which, if true, makes a bad showing for some one in the employ of that company.

He says that he shipped a car of horses, cattle and household goods from Pendleton to Sheridan, and that though the car made fair time from Pendleton to Portland, it took 54 hours for the car to cover the 90 miles from Portland to Sheridan.

During this period of over two days he says that the company refused to furnish water for his stock, though he had provided a barrel in the car for that purpose, and he was compelled to carry all the water the animals had. During the last 24 hours the stock was without any water at all.

In addition to these grievances he says that he was compelled to pay 22 more charges than his contract called for. The Commission will take the matter up with the company and find out why so much time was taken in transporting livestock so short a distance.

U'Ren to Debate on Statement.

HOOD RIVER, Or., April 8.—(Special.)—In order to satisfy the members of Pine Grove Grange and others here who are interested in the relative merits of Statement No. 1, Hon. W. S. U'Ren, of Oregon City, and Hon. C. D. Living-
