FERREIRA TRIES TO RESIGN

PORTUGUESE PREMIER'S REQUEST IS NOT GRANTED.

Lisbon Indignant Over Bloodthirsty Conduct of Municipal Guard, Which May Be Disbanded.

LISBON, April 10.—Subsequent to the voting of last Monday Premier Ferreira offered his resignation to King Manuel, but his majesty refused to accept it. The greatest indignation exists here because of the conduct during the disorders of the municipal guard, which has been described as a "wholesale shooting down of citizens." It has been reported that King Manuel is willing to disband the offending municipal corps as a balm to the irritation of the public. In the midst of the rioting the mob forced several prisoners who fell into their hands to cheer for "Liberty." Some priests refused, whereupon the mob fell on them and beat them so severely that they had to be carried away stunned and bleeding. The city is still held by troops and warships are in the roadstead. There have been no disorders today. The anti-government press declares that too much blood has been shed to make peace in the future sure.

PLOT TO FOUND REPUBLIC

Details of Scheme to Overturn Monarchy in Portugal. PARIS, April 11.—The Temps publishes a history obtained, it says, from an inside source, of a republican plot in Portugal, confirming the existence prior to the assassination of King Carlos and the Crown Prince of a veritable revolutionary organization, in which, it states, all the republican leaders, with the exception of Bernardino Machado, were involved. New and interesting details are furnished in the article concerning the distribution of arms and bombs and the support of the army, which the revolutionists. The plan was to take Lisbon by assault, capture the King and members of

the royal family and hold them as hostages while a coup d'etat was being effected. A blunder on the part of one of the conspirators placed some threads of the plot in the possession of the Premier, Franco, who immediately dispatched police forces to the headquarters of the plotters, resulting in the arrest of Almeida, Chalmers and half a dozen other leaders. This occurred about the middle of January last, when the police surprised the conspirators in session and later found large stores of revolvers, bombs and ammunition. This precipitated matters in Lisbon, and a few days later another uprising was checked almost before it had begun. The final coup was planned for January 23, when a provisional government was to have been proclaimed, but Franco succeeded in felling the conspirators.

Senhora Brava, Constante and Monica, leaders in the movement, were trapped in the National Library as they were awaiting the signal, and were placed under arrest. Senhor Alpoim alone escaped. Franco then, believing it to be a question of life and death for himself, hurried the Minister of Justice to Villa Vicosa to secure the consent of King Carlos to the famous decree giving the Premier absolute power to crush the government's enemies. This meant death, banishment and exile for the republican conspirators. It was too late for collective action, and according to the Temps, the individual revolutionary groups at once decreed the King's death, selecting Buica and his confederates to execute the order. After King Manuel's accession, the government decided to draw a veil over the murders, as a full investigation would compromise too many high persons and parties.

Eastern Washington Roads.

OLYMPIA, Wash., April 10.—(Special.)—Contracts for building state-aid roads No. 11, in Spokane County, and No. 9 and No. 8, in Whitman County, were let today by the State Board of Highway Commissioners. Ruth & Hartman, of Olympia, were awarded the contract for the construction of road No. 8, their bid being \$375,48. This same firm was awarded the contract on No. 9 for \$531. The County Commissioners of Spokane County will build the road in their county for \$14,500. The estimated cost of this road was \$14,500. The Commissioners were the only bidders. These roads are of macadam and will be the best in Eastern Washington when completed.

GRIT OF THE BURNED-CITY

AMBASSADOR REID SOUNDS SAN FRANCISCO'S PRAISE.

Before New Buildings Are Finished, They Are at Work—People Are Proud of America.

LONDON, April 10.—Whitlow Reid, the American Ambassador to Great Britain, was the principal speaker tonight at the annual dinner of the Chamber of Commerce of Luton, a town near the Ambassador's country place. Mr. Reid related in an interesting manner the rebuilding of San Francisco, which city he had visited recently. He said the people of San Francisco were doing business again. Sometimes they worked in shanties, while their new places were being finished, and many labored at desks made of boards laid across two barrels in rooms where carpenters were hanging doors and painters were at work on the walls and the windows. They were at work with so much energy that in the month of December, after the fire, the bank clearings were \$300,000 more than they were in the same month before the conflagration. A thing more striking than the earthquake or the fire, or the recovery from both, Mr. Reid said, was the spirit in which these indomitable people of San Francisco confronted the disaster and surmounted it. In conclusion, Mr. Reid said: "There are many things in the history of this country of which an American is intensely proud, but I protest that among them all there has been nothing in the 40-odd years since the greatest civil war of modern times, of which we have more right to be proud than of San Francisco in the earthquake and of San Francisco today."

Defense of Stevens' Assassins.

SAN FRANCISCO, April 10.—In Whan Chang, the Korean zealot who shot and killed Durham White Stevens, American adviser to the Korean Council of State, was held this morning to answer a charge of murder in the Superior Court. The defense will claim that none of the shots fired by Chang took effect, and that Stevens was killed by the bullet of some one unknown to the defendant. It will

ENGLAND REDUCES ACREAGE

PLOWS UP 5000 ACRES, MAKING 12 1-2 PER CENT LESS.

Market Dull and Further Decline Is Looked For—Yield Can Now Be Only 100,000 Hundredweight.

TACOMA, Wash., April 10.—(Special.)—Isaac Pincus & Sons received a cablegram from London today stating that probably more than 5000 acres of hops will be plowed up in England. The message also said that the market is dull with symptoms of a further decline. This report of a reduction in acreage is causing considerable comment in the hop trade today. Speaking of the advice, James Pincus said: "As will be noted from the cablegram, this is a reduction of 12 1/2 per cent in the hop acreage of England. Figuring on a basis of 10 hundredweight of hops to the acre, the maximum crop of that country from now on can only be 400,000 hundredweight. In 1905 England produced 700,000 hundredweight."

Fire-Drill Proves Value.

LOS ANGELES, April 10.—Fire in the belly of the Coleridge public school was discovered by a man passing this morning, while 200 children were busy at their lessons. The principal of the school, who was notified, immediately sounded the alarm for fire, and the children left the building without disorder of any kind and remained to watch a bucket brigade subdue the flames after damage amounting to several hundred dollars had resulted.

Proclaims Copyright Treaty.

WASHINGTON, April 10.—Proclamation was made at the State Department today for a copyright treaty between the United States and Mexico. This treaty resulted from the pan-American conference held in the City of Mexico in 1907.

LAND FRAUD JURY SPLITS

Cannot Agree on Dallas-McLeod Conspiracy Case.

HELENA, Mont., April 10.—After being out more than 28 hours, the jury in the joint case of Oliver C. Dallas, chief clerk of the Federal Surveyor-General's office, and John D. McLeod, failed to agree, and was discharged at 3:30 tonight by Judge William H. Hunt. The men were tried on a charge of conspiracy to defraud the Government, growing from alleged fraudulent surveys. The case against Albert S. Hovey, who was indicted on the same charge, was dismissed several days ago upon his turning state's evidence. The case will be called at the next term of court.

Overhaul Henry Villard.

ASTORIA, Or., April 10.—(Special.)—A force of men is at work overhauling the rigging of the American ship Henry Villard and getting her ready for the trip to Bristol Bay. Captain Davidson, her master, has received word that the new set of sails was shipped from San Francisco last Wednesday. The expected sailing date is April 14.

Hood's Sarsaparilla As a Spring Medicine

THIS IS ONE OF THE 40,366

Testimonials received in two years. It is genuine, frank, honest, and full of meaning to you. "I sincerely wish that I could express just how much help I have derived from the use of the wonderful remedy, Hood's Sarsaparilla. For many years I suffered from "A General Run-Down Condition of the system. Every spring would find me completely prostrated, suffering from dyspepsia and weakness, which some people rightly call that extreme tired feeling. After beginning to take Hood's Sarsaparilla every spring, I would experience relief almost from the first dose, and seldom have I needed a second bottle to effect complete restoration to health and strength. So I have for many years used this remedy. "Each Spring, and have been rewarded with good health during the summer and winter, and until the change to spring came on again. Now I want to tell you about a "Remarkable Benefit from the Sarsaparilla. Several years ago I became affected with a disease of the eyes, called conjunctivitis, the worst kind. I was obliged to stay in a dark room for a long time, and could not do any work. The doctors said if I did try to work I would be entirely blind. At this time I began to take Hood's Sarsaparilla, and to my surprise and joy, my eyes at once improved and my recovery was rapid. "Mr. Hood, I have told you the truth in regard to myself, and I hope Hood's Sarsaparilla will long continue to be a blessing to humanity." Mrs. L. Bickford, Gossville, N. H., March 10, 1908. Under the Pure Food and Drugs Act, no change was necessary in Hood's Sarsaparilla to conform to the law or to public sentiment. It is perfectly safe, pure, genuine and reliable. Sarsatabs are making new friends daily. While last year sales were doubling, this year they are trebling. Sarsatabs are Hood's Sarsaparilla in tablet form and have the same curative properties. Sold by druggists or sent by mail on receipt of price. 100 Doses One Dollar. C. I. HOOD CO., Lowell, Mass.
