SAN FRANCISCO, April 12.—(Special.)—The Seals and the Beavers divided diamond honors today in two sensational and highly interesting games, witnessed by immense crowds.

The batting eyes of the Beavers were still bright in the morning, and every one of them seemed to have a holdover wallop left in his club after the fast of Saturday.

HEAVYWEIGHT ARRIVES TODAY

McLaglen Comes to Wrestler Dr. Roller at Heiling.

Victor McLaglen, the heavyweight wrestler from South Africa, who is to meet Dr. B. F. Roller, of Seattle, on the mat at the Heiling Theater Wednesday night, will arrive in Portland today and take up his training at Tracey's gymnasium.

Dr. Roller, who has issued a challenge to Gatch, Hackenschmidt, Beeli, or any other heavyweight wrestler in the world, will arrive in Portland tomorrow. He is ready for the match with McLaglen, and expects to add another victory to his long string of conquests.

Roller is well known in athletic circles in Portland, and while most of his Portland admirers are more familiar with his ability as a football player, they have read of his feats in wrestling and are anxious to see him on the mat.

It is now practically certain that Herbert Greenland, the former champion wrestler of the Multnomah Amateur Athletic Club, will act as referee at the Roller-McLaglen match. Greenland has not yet accepted, but is being urged to do so by his friends.

CAN HIT THE BALL

Portland Players Have Good Batting Averages.

SEVEN STAND ABOVE .300

Delmas Now Leads Regular Players, While Casey, of Portland, is Tied With Melchior for the Second Place.

The batting averages of the Pacific Coast League, compiled up to and including the games played Saturday, show that Portland has seven players hitting the ball at better than .300.

Two of these are Pinnacle and Garrett, pitchers, and the other five are regular players. Casey leads the regulars, and incidentally is tied with Melchior of San Francisco, for second place. Bert Delmas, of Los Angeles, leads the regular players with an average of .423.

Casey and Melchior have played in one more game than Delmas and each has hit for a percentage of .332.

Wash. Johnson, Raftery and Danzig, of Portland, follow closely on the heels of Ellis and Brashear, of Los Angeles, and Berry, of San Francisco, the only other regulars with averages above .300.

Bassey has an average of .293 and is next in line to the leaders. "Pop" Van Halten and Cook, of Oakland, and Curtis Bernard and Jud Smith, of Los Angeles, have not yet begun to hit the ball and are now rated below the .200 figure.

In the total number of hits secured, Portland leads with 73 safe swats recorded. San Francisco, with 64, and Los Angeles, with 63, not having been charged with as many times at bat as McCredie's team, have better percentages.

Columbia Lard For Purity

Any person who holds the old-fashioned idea that pigs are more carelessly fed than any other animal, knows nothing about the requirements of a modern packing plant.

In the first place, a pig must be properly fattened on clean wheat and corn in order to produce good, wholesome leaf fat, such as we require. Second, the animals are passed on before and after killing by U. S. Government Inspectors. Again, the fat is tested before it is allowed to go into the vat.

Third, it is rendered, strained and run into sterilized pails in the most hygienic manner possible. For a pure, wholesome, reliable meat product, specify COLUMBIA LARD.

ing was not held by the Association, but by the men belonging to the church clubs.

The clubs are to meet here again Monday night, and perhaps the members will make some more speeches and endorse some other candidates," said Mr. Stone.

"A series of Saturday night debates for and against the initiative measures to be voted on at the June election are to be held at the Y. M. C. A., beginning next Saturday night at 8 o'clock. At that time we shall take up the measure which authorizes an appropriation for the State University. After the debate time will be given for five-minute speeches on each side. The debates are purely educational."

In his talk, which was illustrated with stereopticon, Mr. Zimmerman said that it is much easier to secure local option laws in the country districts than in the crowded cities, but that in the last year six large Eastern cities had gone dry, including Worcester and Lynn, Mass.; Knoxville, Tenn.; Birmingham, Ala. One-half the land surface of the United States is said to be under prohibition, and one-third of the population.

Mr. Zimmerman said that the Brewers' Association recently wished to link arms with the Anti-Saloon League in order to abolish the dives of the city, and regulate the saloons. "But," said he, "if the liquor dealers are sincere, they had better begin with themselves, by ceasing to manufacture or handle the stuff. The truth is they want to divert our attention from the extermination of the business to an effort at reform. But there never has been and never will be a respectable astor. You might as well talk of a respectable thief or a righteous devil."

Chit-Chat of the Sporting World.

JUST because Chief Pinnacle shut out the Seals, San Francisco baseball critics proclaim him the best pitcher in the league. "Let us hope their brand of dope is the real thing."

Perhaps some of the bugs who have been roasting McCredie's team will notice that Manager Mac has been accused of having a bunch of hopeless skulls on his pay roll.

It's a cinch that the Western woman whom a judge proclaimed was a good manager because she proved she held her household expenses down to \$14.50 a week, was married to a prize-fighter. Had she been, she would have had to earn her own \$14.50.

The Tri-City League will furnish some good baseball this season. All the management needs to do to make the league popular is to force the players to show more ginger and snap in the games.

Every once in a while you hear of Forest Smith's record. The only news we have of the fighter is that his Spokane record is "exact."
