HE VETOES GRANT
OF WATER RIGHT
Roosevelt Opposes Giving It Free.

SUGGESTS LINES OF POLICY
Prevent Monopoly of Nation's Natural Wealth.

MUST REQUIRE ACTUAL USE

WASHINGTON, April 14.—A special dispatches from Washington came yesterday evening in which President Roosevelt laid before the Senate a message criticising the policy of granting water rights without requiring the actual use of the water. The President stated that the Government had been in the habit of granting water rights for the development of water power without requiring the actual use of the water, and that this policy was leading to the establishment of a monopoly of the Nation's natural wealth. The President stated that he proposed to require the actual use of the water before the granting of any water rights.

SAIL FOR ORIENT TODAY
French and Italian Cargoes Put Aboard Steamer at Seattle.

NEW YORK, April 14.—A special cablegram received here to-day states that the French transatlantic liner Le Havre, which was due to leave New York on Sunday last, has been delayed by want of coal and will sail to-morrow for Liverpool, where coal will be loaded on board. The Le Havre is expected to arrive at Liverpool to-morrow, and will sail from that port on Thursday for the Mediterranean. The Italian transatlantic liner Amerigo Vespucci is also expected to leave New York to-morrow. The Amerigo Vespucci is expected to arrive at Marseilles to-morrow, and will sail from that port on Thursday for the Mediterranean.

WASHINGTON, April 14.—A special dispatch from Washington states that President Roosevelt has been in the habit of granting water rights for the development of water power without requiring the actual use of the water, and that this policy is leading to the establishment of a monopoly of the Nation's natural wealth. The President stated that he proposed to require the actual use of the water before the granting of any water rights. The President stated that he proposed to require the actual use of the water before the granting of any water rights.

SEeks DEATH ON RAILS
Nevada Laborer Sings in Front of Fast Passenger Train.

NEW YORK, April 14.—A special dispatch from New York states that a laborer in Nevada has been killed by a passenger train. The laborer was working on the railroad tracks in the vicinity of the town of Nevada when he was struck by a passing train and was killed.

WILL PUT KNIFE IN BRYAN
New York to Send Unofficial Delegation.

NEW YORK, April 14.—A special dispatch from New York states that a delegation of New York City residents will be sent to the Bryan campaign in the interest of Bryan. The delegation is expected to arrive in Omaha to-morrow.

CONTENTS TODAY'S PAPER
Geography of the House committee on public lands has been functioning for a number of weeks, and the committee has recommended that the United States should change land laws, and that it should be possible to change the laws without any change in the Constitution. The committee has also recommended that the United States should purchase land in foreign countries, and that it should be possible to purchase land without any change in the Constitution.
