FIGHT OVER COUNTY JUDGE

Candidates in Marion County Indulge in Accusations.

SALEM, Or., April 13.—(Special)—The contest for the Republican nomination for County Judge in Marion County has become the bitterest fight of the campaign and intense feeling exists among the candidates. There are four candidates—M. L. Jones, W. W. Hall, W. M. Bushy and G. P. Terrell. The present incumbent, Judge John H. Scott, is supporting the candidacy of Bushy. For some time personalities have been handed back and forth, but the greatest animosity has been sprung by M. L. Jones, who has published an affidavit showing that Judge Scott received \$5 from Beale & Co., of Portland, to pay his way on a trip East two or three years ago, and that the County Court has purchased \$3000 worth of road machinery from Beale & Co.

It is understood that Judge Scott, who is president of the Oregon Good Roads Association, will issue a statement in which he will explain that he was going East to study roadbuilding problems and that Beale & Co. gave him the \$5 to cover the additional expense of a visit to their factory, which they were anxious he should make. The affidavit against Judge Scott is made by J. P. Winstanley, of

Portland, who was bookkeeper for Beale & Co. at the time of the transaction and who paid the money to Scott.

FIVE JURORS SECURED

Better Progress Made in Ford Case. Dilatory Tactics Abandoned.

SAN FRANCISCO, April 13.—The prosecution exercised four of its five peremptory challenges after the jury-box was filled in the Ford trial today, and the defense excused three of the ten peremptory challenges to which it is entitled. The five men who were sworn to try the case, after the challenges, are: John Dove Mansfield, freight department Denver & Rio Grande Railway; William J. Brady, machinist; Charles A. Bowman, hardware merchant; Jacob Levy, merchant; Fred W. Williams, glover.

Judge Lawlor instructed the jurors who had been accepted that they would be placed in the hands of the Sheriff and locked up as soon as the jury was complete, and that they would be kept in confinement during the progress of the trial.

The sixth day of the Rief trial was productive of four jurors, making ten men who have thus far been passed, subject to peremptory challenge, to sit in judgment upon the ex-hoos for offering a bribe of \$100 to ex-Superintendent Jennings Phillips. William Veresch and William Brown are the last two jurors in the box, and their examination will be taken up tomorrow. The ten jurors temporary passed are: Joseph Koneman, grocer; Charles Fredel, grocer; Isaac Penny, contractor; Patrick Sullivan, retired; Paul Berberich, retired; Patrick Connelly, retired; John O'Connell, hose tanner; Edward B. Carr, blacksmith, and John Bowes, retired.

The defense today did not use the dilatory tactics which marked the preceding days of the trial. The four jurors examined were passed and accepted by both sides without any useless questioning. The trial is being looked after by Special Attorney Charles W. Cobb and District Attorney Langdon in the absence of Francis J. Heney.

Gladstone's New School.

OREGON CITY, Or., April 13.—(Special)—The newly-created school district of Gladstone is to have a new school building, to be erected at a cost of \$5000, and a meeting of the taxpayers has been called for May 4 to vote a bond issue to cover the cost. The building will be a two-story frame, with eight rooms, and the four rooms on the lower floor will be completed, while the upper-floor rooms will remain unfinished until such time as the needs of the district demand their completion. A special school meeting will be held May 4 to select a site.

BARRED OUT BY TARIFF

Sound Flour and Grain Exporters Lose Philippine Trade.

SEATTLE, April 13.—Local millers and exporters are almost a unit in favoring the removal of the duty on shipments of flour and other articles between the United States and the Philippine Islands. Morris Thomson, president of the Centennial Mill Company, says American millers are virtually excluded from the valuable business in the islands on account of an onerous tariff. He charges that trade which should belong to this country now goes to Australia and China.

W. W. Robinson, a prominent exporter of hay and oats, says Americans cannot gain a foothold in the Philippines as long as present tariffs exist.
