HERMANN AIDS SENATOR FULTON

Sends Telegram Saying Delegation Did Not Agree on Hall's Reappointment.

REPLY TO HENEY'S CHARGE

Hermann Denies Absolutely Testifying Before Grand Jury as Heney Stated in Saturday Night Talk. Fulton Again Calls "Liar."

LA GRANDE, Or., April 13.—(Special.)—That Heney lied when he said Saturday night in Portland that Binger Hermann had testified before a grand jury that two-thirds of the Oregon delegation was in favor of Hall for reappointment as District Attorney was the counter-charge made by Fulton tonight in his speech defending himself from the attacks of Heney.

Fulton not only called Heney a liar in this instance as well as in many others, but read a telegram from Binger Hermann, received today, in which the former Representative flatly denies having made such testimony. He mentions the inconsistency of this, as he favored Percey Kelley, of Albany. The telegram was easily the feature of the address. Fulton believed Hermann to be in the South, but wired to Roseburg to learn his address. His query was answered by Hermann himself. It follows:

Roseburg, Or., April 13.—Hon. C. W. Fulton, La Grande, Or.: I assert that I never testified before a grand jury that the delegation agreed to support Hall for reappointment, as such was not the case. If we had so agreed he would have been recommended by us, which he was not because we could not agree among ourselves. My choice was Percy R. Kelley. BINGER HERMANN.

Senator Fulton spoke to one of the largest political gatherings of the campaign tonight. The opera-house was packed.

Mr. Fulton was given an auto ride over the valley and visited Cove, Union and Hot Lake, where he was given a banquet. Scores of his friends visited him in his room at the Hotel Foley today.

ANXIOUS FOR THE PUBLICITY

Fulton Wants Smith Suit Tried, Will Go Over, Though.

SALEM, Or., April 13.—(Special.)—The slander suit brought by J. S. Smith against United States Senator C. W. Fulton will probably not be brought to trial this term of court but will go over to the June term. Smith has been endeavoring to get the case to trial at once in order to thresh out the issues before election, but will not be able to do so. Last Saturday Senator Fulton filed a demurrer, upon the ground that the complaint does not state facts sufficient to constitute a cause of suit, and the issues not having been made up before the first day of the term, the case cannot be tried if either party objects. The filing of the demurrer is taken as indicating that Senator Fulton does not want the case tried at present.

It is generally understood that the purpose of Smith in filing the suit was to place the controversy in court where all the parties who knew anything about the Mitchell-Smith bribery affair could be placed under oath, called upon to testify and be subject to cross-examination. Since J. F. Powell, of Albany, made an affidavit contradicting some of the statements made by Smith in his affidavit, the latter has been anxious to get Powell where he could cross-examine him. He wants to do the same thing with Senator Fulton, who has charged that Smith's affidavit is false.

That Smith's object is not so much to get a judgment for damages as to give publicity to the facts of the now famous transaction, is evident from the anxiety of Smith's attorney, L. H. McMahan, to get the case to trial. When the demurrer was served upon him by Senator Fulton's attorney, G. G. Bingham, McMahan offered to accept the first 12 men called as jurors, without questioning one of them as to his qualifications, provided Senator Fulton would go to trial at once. McMahan said he could be ready for trial on 24 hours' notice.

Mr. Bingham did not accept the proposal and the case will apparently be continued till next term.

DIVORCE BECAUSE OF FAITH

Judge Yakey Establishes Precedent in Christian Science Case.

SEATTLE, April 13.—That a divorce may be granted where Christian Science has caused either man or wife to suffer the belief that its teachings have failed to recover the health of a child when one or the other of the parents desired medical aid, is the decision handed down yesterday by Judge Yakey, in the Superior Court.

O. B. Mooney sued his wife for a divorce, charging her with cruelty, inasmuch as she insisted on Christian Scientists attending their 18-year-old daughter. Mooney protested and asked that a physician be called for the girl. His wife, however, is said, with the aid of friends, to have kept him away from his child, who died. Mooney sued for a divorce. Judge Yankey's decision may establish a precedent.

TREE SPLITS; CATCHES MAN

Timber Faller Victim of Peculiar Accident—Will Die.

CENTRALIA, Wash., April 13.—(Special.)—Sam Bunch, a timber-faller in the employ of the H. H. Martin Company, was fatally injured this afternoon at the camp. Bunch was felling a tree, which split at the base as it started to fall, and flew back, catching Bunch in the cleft. Fellow-workmen came to his assistance, but he was so tightly wedged in that they pried the tree apart and rescued him with great difficulty. He was taken to the Centralia General Hospital, and no hopes are held out for his recovery. He has been conscious all the time despite the fact that a piece of his skull two and a half by one inch was removed. He leaves two children who are dependent on him.

Albany Dogs Muzzled.

ALBANY, Or., April 13.—(Special.)—Half of the dogs of Albany, and practically all of the valuable ones in the city are now wearing muzzles. It is not because the local canines have become suddenly dangerous, but to prevent them from eating poisoned meat. In the past two weeks 14 Albany dogs have been poisoned.

Two Populists in Polk.

DALLAS, Or., April 13.—(Special.)—The total number of voters registered in Polk County before the primary election this year is 2569, an increase of 215 over the registration of 1906. The greatest increase is in the precincts of Dallas and of Falls City, while a few of the other precincts registered up to date, 1453 are Republican, 528 Democratic, 119 Socialist and the remainder scattering. Only two have registered as Populists.

ACCUSED OF EMBEZZLEMENT

Paymaster of Receiving Ship Philadelphia Before Court-Martial.

SEATTLE, April 13.—The court-martial of A. S. Brown, Paymaster of the United States receiving ship Philadelphia, charged with shortage of $500 in his accounts, was commenced today before a board consisting of officers of the yard and of vessels now there. Commander C. A. Gove, of the Milwaukee, is president. Conviction may mean dismissal from the Navy.

It is admitted, however, that intricacies in the work make possible errors of this nature without any actual misappropriation of funds. Brown has been on the Philadelphia six months.

BROWNELL AGAIN APPEARS

Will Make Speech on Political Issues in Clackamas County.

OREGON CITY, Or., April 13.—(Special.)—Ernest P. Bands, a well-known surveyor and former champion of the Republican county central committee, has delayed his departure a week for Eastern Washington, where has has a surveying contract, for the express purpose of working and voting for United States Senator Fulton, who will deliver an address Wednesday evening in Shiveley's Opera-House.

On Thursday evening, preceding the day of the primaries, ex-State Senator George C. Brownell will make an address at Shively's Opera-House on the issues of the campaign, this being his first appearance on a public platform in nearly two years. Candidates for Republican nominations at the coming primaries will be present and make brief speeches.

REUNITED TO DIVORCED WIFE ON DEATH BED.

TACOMA, Wash., April 13.—(Special.)—A complete reconciliation and what may prove a death-bed marriage was solemnized this afternoon at the Oakland Hotel, when Richard Oxford and Mrs. Lizzie Oxford were remarried by Rev. C. F. W. Stover, pastor of St. John's English Lutheran Church. Mr. Oxford is in a very serious condition from a complication of diseases and his recovery is considered doubtful. The marriage was the result of his wish that he and his wife be reunited before his death.

Mr. and Mrs. Oxford were divorced about six months ago. Mrs. Oxford brought the action, alleging cruelty among other things. A few days ago Mr. Oxford was taken suddenly ill. He was told by his physician that his recovery was doubtful. He wished to be reunited with his wife at once if that was the case, and the marriage today followed.

Bad for American Fishermen.

VICTORIA, B. C., April 13.—As a result of his cruising in Hecate Straits this Winter, Captain Newcombe, of the fishery protection cruiser Kestrel, says he has succeeded in cutting the catch of American fishermen from 1,500,000 pounds monthly to 250,000 pounds, and says that with two other cruisers he would cause them to leave these grounds entirely by preventing them from using the British Columbia harbors to clean their fish.

Work on Wireless Station.

ABERDEEN, Wash., April 13.—(Special.)—Contractor Strand has gone to Westport to commence work on the wireless telegraph building at that place. Charles F. Stuggar has the contract to erect the two masts, which will be 190 feet high. They will be in three sections, tapering from two feet to six inches in diameter, and will be set in a concrete foundation seven feet deep. Over 10,000 feet of wire cables will be required as guys for their support. The cost of this station is estimated at $12,000.

TRIES TO KILL HIS SONS

Comes at Them With Ax—Wife and Daughter Flee and Give Alarm. Five Men Needed to Bind Him After He Is Shot Down.

VANCOUVER, B. C., April 13.—(Special.)—William Kenyon, a rancher of Chemainus, Vancouver Island, went violently insane this morning and attempted to kill his sons and daughter with an ax. Later he had to be shot down and nearly killed before he could be overpowered.

Kenyon rushed in the back door of his home while the family was seated at breakfast. He carried an upraised ax and wildly shouting tried to dash out the brains of his youngest son. An older lad attempted to disarm his father and the wife and her young daughter escaped. Kenyon repeatedly tried to kill his eldest son, who ran towards the woods with his father in pursuit. The lad escaped and when Kenyon returned to the house his wife and daughter had fled to the town of Chemainus.

A posse of citizens armed with rifles turned out. They found Kenyon breaking up the furniture in his house. When he saw the armed men he ran at them swinging his ax.

They at first fled, hoping that he would drop his weapon, but he kept on and as he charged a second time a Constable fired at close range. The bullet crashed through Kenyon's shoulder and he dropped the ax. Even then it took five men to bind him.

SALOONS TO CLOSE ON SUNDAY

Marshfield Must Observe State Law, Says Prosecutor.

MARSHFIELD, Or., April 13.—(Special.)—The saloons of Marshfield must hereafter close on Sunday. District Attorney George M. Brown, of Roseburg, has been in the city and held a conference with the liquor-dealers. He cited the state law regarding Sunday closing and told the saloon men that he would see to it that the law was enforced and that he would prosecute any violations. North Bend recently passed a city ordinance providing for closing every night at 12 o'clock and on Sunday all day. The Marshfield City Council passed a midnight ordinance but did not take up the Sunday-closing question. The Anti-Saloon League of the county has since been endeavoring to bring about the enforcement of the state law prohibiting the sale of liquor on Sunday. The league has succeeded in securing a sufficient number of petitions to place the local option question to a vote of the people at the next election.

District Attorney Brown has announced that he has chosen L. A. Liljeqvist, a young lawyer, to assist him as Prosecuting Attorney for this district.

CANNOT AGREE ON THE PRICE

Salmon Canners Have Meeting, but No Scale Is Set.

ASTORIA, Or., April 13.—(Special.)—A meeting attended by representatives of practically all the salmon canneries of the Columbia River was held here this afternoon to discuss the prices to be paid for raw fish during the season, which will open at noon on Wednesday, but although two sessions were held in an effort to get together, no agreement was reached. It is understood some of the canners wanted to pay 5 cents a pound for cannery fish and 6 cents for cold storage fish, those weighing 25 pounds or over, others wanted to fix the prices at 5 and 7 cents, the same as set by the Fishermen's Union, while still others contended that 5 cents for small fish and 8 cents for all over 20 pounds in weight was proper. What the disagreement will result in is hard to foretell, but it is probable the season will open at the prices fixed by the fishermen and the size of the catch will soon determine whether or not the rates will go higher.

NEW HILL LINE TO PORTLAND

Rumored Great Northern Will Build Independent Road.

TACOMA, Wash., April 13.—(Special.)—That the Great Northern will have to build an entire new line into Tacoma is the substance of a rumor in railroad circles today. The proposal of President Hill, of the Great Northern, to enter Tacoma over the Northern Pacific tracks in return for giving that road an entrance to Vancouver, B. C., over the Great Northern tracks, is said to have been turned down.

Without a line to Tacoma the Great Northern will derive little benefit from the North Bank road. The Northern Pacific, which built the line jointly with the Great Northern, has direct connections with the new road. For the Great Northern to get on the same basis it will be necessary to have a direct connection to Puget Sound. As far as the Great Northern is concerned, without connections with Puget Sound, the North Bank road begins nowhere and ends nowhere. Realizing this, it is believed by railroad men that the Hill interests will lose no time in getting a line into Tacoma.

FRUITGROWERS MAY ORGANIZE

Movement on Foot for Coos County Association.

MARSHFIELD, Or., April 13.—(Special.)—President Newell, of the Oregon State Horticultural Board, and A. H. Carson, Committeeman for the Third District, will visit Coos County the last of this month for the purpose of getting in closer touch with the fruitgrowers of the district. County Inspector Pohl will arrange a meeting when the visitors arrive. Plans are now in progress in Coos County for the organization of a County Fruitgrowers' Association. Inspector Pohl is engaged in visiting the orchards of the county and announces that he will cut down trees which are not properly sprayed by the owner after due notification.

ECZEMA ONLY SKIN DEEP.

Local Cure of Diseased Surface Now Recognized as Proper Treatment.

In gathering data for an address before the Pathological Club, Dr. D. D. Dennis, the skin specialist of Chicago, prepared a table of results on microscopical blood examinations of 468 sufferers from skin disease.

These tests were from the blood of persons who had called at his office within a period of two years. Less than 10 per cent of all these cases showed anything at all the matter with the blood, and in not a single instance could the physicians present trace the slightest connection between the skin affection and the blood humor.

This personal experience furnished the Chicago physician with the basis for a brilliant exposition of his contention that Eczema, psoriasis, salt rheum, barber's itch and other skin diseases are first and last diseases of the skin and have nothing at all to do with the blood. At the conclusion of his paper, Dr. Dennis was congratulated on his demonstration by the prominent medical men present.

For several years Dr. Dennis has allowed a private company to manufacture and sell his celebrated compound of thymol glycerine and oil of wintergreen known as D. D. D. Prescription, and it was particularly gratifying to him that other first-class physicians, free from prejudice and jealousy, should recommend the D. D. D. Prescription to all skin sufferers.

It is simply wonderful—the instant relief—the complete taking away of the itch the very moment this oil of wintergreen compound is applied to the skin. We know, we vouch for it! Woodard, Clarke & Co. and Skidmore Drug Co. Just try it. We recommend D. D. D. Prescription especially when used with D. D. D. Soap.
