

# ROUGE SENT TO GERMAN VOTERS

## Alliance Committee Puts Ban on Bronaugh, Cole, Albee and Bell.

### FAVORS OTHER CANDIDATES

#### Leaves Wide Range to Members of Societies, but Takes Strong Stand Against the "Enemies of Personal Liberty."

Called foes of personal liberty, four candidates for Republican nomination are under the ban of the German-American Citizens' Alliance, an organization of 2000 members, which is expected by its leaders to poll between 2000 and 3000 votes in Multnomah county. The four candidates are E. C. Bronaugh, for Circuit Judge; James Cole, for District Attorney; H. R. Albee, for State Senator, and J. W. Bell, for Justice of the Peace. These men are charged with co-operating with prohibitionists, whom the German speaking element regards as enemies of personal freedom. The Alliance resents the accusation that it favors an open town, gambling and lawless liquor.

The Alliance has picked a list of Republican candidates from whom it calls on German voters of that party to select their favorites; also a list of Democratic candidates for German voters of that party to treat in the same way. It thus appears that the Alliance has not made a slate or endorsed a ticket in the strict sense of the word. Its members say they have simply recommended several candidates for each office, from whom German speaking folk should make selections. In some cases they have recommended particular candidates.

#### Name No Definite Ticket.

Whether the German vote will hold together is a problem. Officers of the Alliance foresee that the German vote would not unite on a ticket. The candidates not favored are saying that the German camp has already split to pieces on the recommendation. The selections were made by a committee of five members, headed by Otto Kleiman, after investigations had been made by a committee of 20, and are as follows:

- Republicans.**
- United States Senator, C. W. Fulton.
  - Congress, Second District, T. Y. Geor or George S. Shepherd.
  - Supreme Judge, Robert S. Bean.
  - Dairy and Food Commissioner, Dr. Alexander Reid.
  - Road Commissioner Second District, A. R. Hamilton.
  - Circuit Judge, L. A. McNary. (Voters are warned against E. C. Bronaugh as being an open enemy of personal liberty.)
  - District Attorney (choose one), George J. Cameron, Gus C. Moser, Roger B. Shinnott. (Voters are warned against James Cole as an enemy of personal liberty.)
  - Joint Representative, Clackamas and Multnomah, C. N. McArthur.
  - State Senator, choose one, J. C. Bayer, John B. Coffey, Elmer B. Colwell, John Driscoll, C. W. Hodson, Ben Selling, Sig Sichel, John D. Wilcox. (Under no circumstances vote for H. R. Albee; he is an enemy of personal liberty.)
  - State Representatives (choose two), A. Anderson, N. D. Beutgen, Joseph W. Beveridge, Fred Hollenbeck, J. C. Brown, H. E. Crouch, D. F. Hardman, G. W. Holcomb, K. K. Kubli, Louis Kuehn, Dave B. Mackie, George W. McMillan, Frank J. Richards, T. J. Kreider.
  - County Commissioner, T. J. Kreider.
  - County Clerk, F. S. Fields.
  - County Treasurer, John M. Lewis.
  - County Assessor, E. S. Galt.
  - County School Superintendent, R. F. Robinson.
  - County Coroner, E. E. Ericsson or Dr. Roy L. Norden.
  - County Surveyor, Philo Holbrook, Jr.
  - Justices of the Peace (vote for two), Fred S. Olson, William Reid. (In no case vote for J. W. Bell.)
  - Constable, Fred A. Frischkorn or Charles Martin.

**Democrats.**

- United States Senator, George E. Chamberlain. (This name must be written on the ballot.)
- Congress, A. J. Derby or John A. Jeffrey.
- Circuit Judge, Charles J. Schnabel. (This name must be written on the ballot.)
- State Senator, W. E. Farnham.

#### Send List to Members.

This list, signed by the secretary of the Alliance, Ernest Faculty, will be printed and sent to each member of the constituent societies of the Alliance. In Portland and in 23 societies, containing nearly 4000 members and in each of the following cities an organization: Eugene, Salem, Mount Angel, Sandy, Astoria, The Dalles, Hillsboro and Oregon City.

It will be noted that five of the eight candidates recommended for State Senators are members of the so-called Hodson ticket; also that of the candidates recommended for Representatives. In discussing the action of the Alliance, President Kleiman said yesterday:

"The committee has acted with utmost sincerity and has done its duty fearlessly and only recommended such candidates as openly declared themselves for our cause. That is the only fact which is openly favored is shown by the fact that the liberal members on the Democratic ticket are similarly recommended to the Democratic members of our association. The statement that the committee endorses the so-called Hodson ticket is a positive untruth, as the committee showed no favor to any particular ticket or faction."

#### Not Direct Indorsement.

The special committee has investigated all candidates and made out a list of the ones that openly declared themselves to be in favor of personal liberty. The list does not mean a direct indorsement, but a recommendation of those candidates whose principles are identical with the statutes of the German-American Citizens' Alliance. This is the reason why when more than one running for the same office, that the committee in choosing between them is left to the Germans. This was done for most offices.

An article published in the Journal Monday evening said that a complete machine ticket was put up to catch the German vote, also that a stand was taken against Statement No. 1. That this is a misstatement will be seen from examination of the list. Statement No. 1 did not enter into discussion, but only those candidates were recommended who declared themselves for the maintenance of personal freedom.

"It was natural that people like H. R. Albee, who are on the side of prohibition, could not be recommended. It is also evident that as most of the candidates for Statement No. 1 are indorsed by the Prohibitionists or from their ranks, they could not be recommended by our organization. No sane person would expect that we should support our enemies. This is also the reason why the Journal

is so bitter against the Germans, because we are combating prohibitionists, whose champion the paper is. This is the reason why it tries by insinuation that our committee is discriminating against Statement No. 1 to cause discord in our ranks.

"It has been asserted that we are strong for open town, gambling and lawless liquor. This does us injustice. We do not want gambling nor lawlessness of any kind. We are law-abiding citizens."

#### SEND OUT SUPPLIES TODAY

### County Officials Distribute Boxes and Ballots.

Supplies for the primary nominating election, to be held Friday, will be sent out today and tomorrow by County Clerk Fields, Sheriff Stevens and his deputies will take charge of the tents, tables, ballot boxes and other paraphernalia and will see that all are properly distributed.

Mr. Fields has sent out to the chairman of each election board six questions relating to improvement of the election service.

This was first done two years ago, and it was partly through suggestions received in reply that the portable canvass houses were secured, which are to be used this year.

All election boards are cautioned to place nothing in the ballot boxes except the ballots and stubs. One statement of the result of the election is to be posted, as required by the law, and the other returned to the office of the County Clerk. But this is not to be placed within the ballot box, for if this is done, the County Clerk cannot obtain the result of the election in that precinct until the official count is made.

### SINGLE TAX IS DISCUSSED

#### DUNWAY AND McALLISTER SPEAK TO BROKERS.

### Realty Board Decides to Accept Invitation to Visit Hood River Valley May 9.

At the meeting of the Portland Realty Board, held last night in the room adjoining the Board of Trade headquarters, in the Commercial club building, there was a discussion of the proposed amendment to the State Constitution, changing the form of assessment to conform to single-tax ideas. The speakers were Ralph Dunway and E. J. McAllister. Mr. Dunway said that danger existed in voters not being informed as to the operation of the proposed change in the Constitution. He urged a study of the existing provisions and what is proposed in the new measure, feeling confident that intelligent voters would decide to allow the present system of assessment to stand. He asserted that passage of the measure would make the ownership of land unprofitable.

Mr. McAllister informed the Board that if the amendment were adopted and the single-tax ideas prevail, they would have to go into some other business, for there would not be title to the land itself—only the reasonable revenue arising from it. Improvements put upon the land, he condemned the present system of taxation as unjust and said it lent itself to perjury in swearing to false statements of ownership of money in bank and other taxable personal property.

Secretary Stone, of the Y. M. C. A., who was present, announced that the Association has arranged for addresses to be delivered at the rooms Saturday nights on the different amendments proposed, to be followed by discussion, and invited the board to be present on these occasions.

A committee consisting of C. K. Henry, chairman; M. G. Griffin, A. H. Birrell, O. W. Taylor and G. C. Davidson was appointed to arrange for a public meeting to be held in one of the large halls or theaters in the interest of better streets. An invitation is to be extended to City Engineer Thompson, of Seattle, to deliver an address on the occasion on the district plan of improvements. Inadequate Lang was also invited to discuss the plan of improvements.

It was voted to arrange an excursion to Hood River Valley on May 9, a letter being read from that place on behalf of the business men, who promised to escort the visitors to the various points of interest. Secretary Rountree, A. F. Swenson, C. E. Fields and G. D. Schalk were appointed to arrange for the excursion.

An invitation was received from D. E. Keasey to the board to visit Portland Heights next Saturday. The invitation was accepted and the Secretary instructed to send notices to members. The party will leave Washington and Second streets on special cars.

Owing to the lateness of the hour when the addresses were concluded, it was decided to postpone consideration of the proposed real estate exchange until the next meeting of the board, which is to be held next Tuesday night.

### "Moondog" Appears in the Heavens

#### Paraselenic, Peculiar Lunar Phenomenon, Plainly Visible, Moon Center of Beautiful Luminous Cross.

A huge circle surrounded the moon last night and a cross was noticed radiating from the center of the luminary and the arms extended to the edge of the circle.

Where the horizontal arm of the cross cut the circle a second moon appeared. This light was not bright, but was apparent enough to be called a second moon, or "moon dog." It was not unlike the light that appears when the full moon is obscured by cloud banks.

The sight was a remarkably novel one and was witnessed by large numbers of people about the city. The double moon remained in the heavens for about an hour. The peculiar atmospheric condition that causes this phenomenon is rare and such a demonstration of the double moon is not often seen. The phenomenon is technically known as a paraselenic, or moon moon, reflected on a lunar halo.

ALBANY, Or., April 14.—(Special.)—In a ragged game on the college grounds, in this city, this afternoon, the Whitman College team, which is now touring the Valley, defeated the Albany Athletic Club 14 to 5. Huddlestone, of the Tri-City League team, played with Albany and put up a splendid game. He vaulted for six innings and then pitched for two innings.

### GIVEN A HOT ROAST

### Councilman Cattel Grilled by East Side Clubs.

### DEMAND HIS RESIGNATION

#### Apology Is Wanted if He Remains in Council for Calling East Side a District Fit Only for Woodyards.

The United-East Side Push Clubs grilled Councilman Cattel at the meeting held last night at the Sargent Hotel for his recent characterization of the East Side as a "dead town," fit only for slabwood yards. The club decided to demand that he apologize or resign, and adopted the following resolutions:

Whereas, Councilman Cattel made a most serious and insulting attack on the East Side, an integral part of the City of Portland with a great and growing population, characterizing it as a "dead town" and a "slabwood yard," while the matter of a high bridge for the North East Side district was under consideration; and

Whereas, this attack comes from a member of the City Council and displays a most remarkable animosity toward an important portion of the city in language that has caused widespread surprise and indignation to the people of the East Side, which he calls a "dead town" fit only for slabwood yards; therefore be it

Resolved, That a copy of these resolutions be sent to Councilman Cattel and that the affiliated push clubs be requested to pass similar resolutions.

On motion of W. C. Aylesworth, the club indorsed the ultimatum of ownership of a lighting plant that would supply 8000 kw. lights.

Frank Perkins presented the matter of locating the Madison bridge at Hawthorne avenue on the East Side and Jefferson street on the West Side. With maps he demonstrated that the location would be superior to the present one, as it would be 100 feet shorter, the East Side landing would not be on private land, as at present, and it could be built much higher. The matter was taken under consideration.

A motion was made thanking the City Council for appropriating \$500 to employ an expert engineer to investigate and advise the Council on the proposed high bridge in the North East Side district.

### GERMAN CAR IS SHIPPED

Leaves Pocatello for Portland on Way to Seattle.

BAKER CITY, Or., April 14.—(Special.)—The German car "Pronto," in the New York-to-Paris automobile race, passed through this city this afternoon on an O. R. & N. flatcar, bound for Portland, and from there will be shipped by rail to Seattle, so it is said.

The car was loaded at Pocatello, near which place it broke down. Many of the automobile enthusiasts turned out to see it and left their autograph on it where they could find room, for it was covered with autographs received all along the line. The car looks much the worse for wear.

Roseburg, Or.—Woodmen from nearly every city in Southern Oregon attended the Woodmen of the World rally at which 100 candidates were initiated. Head Consul Cook, of Colorado, was present.

#### BIG RALLY WILL BE HELD AT EMPIRE THEATER.

#### Those Running for Hotly-Contested Places on Ticket Are to Make Speeches.

This is the night of the big political pep show at the Empire Theater and all of the candidates for the Republican nomination for District Attorney, for Circuit Judge and George S. Shepherd, candidate for the Republican nomination for Representative, will speak. Councilman George Baker has had charge of the arrangements, and in addition to the speakers there will be music and Frank Hennessy will sing "Molly Malone."

This is the first time since the campaign for the primaries opened that all of the candidates for District Attorney have come together at the same meeting. There is a keen rivalry between them all and now that the primaries are at hand, the fight for the office is on in dead earnest. The three candidates for Circuit Judge have been working hard for the nomination. Each will speak tonight. They are Judge Earl C. Bronaugh, W. R. McGarry and Lawrence A. McNary.

George Shepherd and ex-Governor Geer are in a scramble for Representative. Each sent in the House of Representatives. Each is a candidate for re-election, has not left Washington. His friends have been very active, however. Both Shepherd and Geer have extended their campaigns over the entire district and with his speech tonight, Shepherd will put the finishing touches to his canvass. He will give a lantern display of pictures taken on the Columbia bar and will talk about the deepening of the river and harbor improvements. Shepherd thinks it is about time for Multnomah County to have a Representative in Congress, and if he gets the nomination and is elected, it will be the first one from this county in 22 years.

The first big game of the season will be played on October 21, and Willamette University will be the contending team. All the games, with the exception of one with the Seattle Athletic Club, and possibly with the Spokane Athletic Club, will be played in Portland. On November 21, when the University of Oregon and the Oregon Agricultural College teams meet on Multnomah Field, the club eleven will have an off date and will be able to see both teams in action.

November 14, just previous to the big inter-college game, will witness the resumption of football between the Multnomah Club and the Oregon Agricultural College, and on Thanksgiving day the regular game with the University of Oregon will be played. November 7 has been scheduled for a game with the crack Whitman College team, from Walla Walla. ### What Do You Know About Gold Pieces?

#### How High Would 20 Golden Double Eagles Stack Up? Problem Puzzles Many People About Town.

HOW high is a stack of \$400 worth of \$20 gold pieces?

This was the question that "stalled" a lot of experts yesterday, and created a lot of fun around banking institutions and at the City Hall. It came about in a peculiar manner. All sorts of guesses were made, and all of the bank employes and many others missed the correct measurement. A stack of 20 bright, shining gold pieces is a most deceptive thing.

Harbor-master Speler made a wager with a friend that a stack of gold pieces worth \$400 would measure at least four inches, and the two men entered the office of City Treasurer Werlein for measurement. Mr. Werlein at once told Mr. Speler's friend, who bet the coin would not stand two inches high, that he would lose. However, the pretty, yellow pieces were piled up, the rule applied and it was proved that they were a fraction below two inches in height.
