LOS ANGELES, Cal., April 16.-(Spe LOS ANGELES, Cal., April 16.—(Special.)—Les Angeles, the worm, finally turned, after its tail had been chewed twice by the Beavers and 700 fans had the pleasure of seeing the locals win a ball game, after dropping three in succession, two to Portland and one to Oakland, Kinsella should have won, for he fanned six and allowed but six swats, but Los Angeles got its hits just as the Beavers juggled the ball and this is the whole story.

story.

Randolph pitched a fairly good game, which was his first this season, and the Beavers caught him just right for their two runs. Carri slugled to left, Raftery smashed a hard double to the left fence and both men scored on McCredle's drive to right field. This was all, for although they got men on bases several times, the locals played too strong a fielding game for them to score.

incals played too strong a fielding game for them to acore.

Los Angeles scored the first run on Bernard's passes, Cakes sacrifice, Dillon's mield single and Brashear's long fly. The eext two came on errors by Cases and Johnson. Basterly's sacrifice and singles by Deimas and Bernard. Umpire Perrin caused a large Fortiand roar in the seventh. Madden, on first, stole to second, on the throw down. Deimas dropped the fail slid it rolled six feet from him, but Perrin thought Deimas had touched Madden and called Madden out.

There were no great fielding or batting features.

# Will the People Select Their Own Senator, or Will They Permit a Self-Appointed Machine to Do So

For two years Mr. H. M. Cake has fought the efforts of the old machine to wrest from the people their right to elect their own Senator and to restore the old corrupt system which had brought disgrace upon the whole state

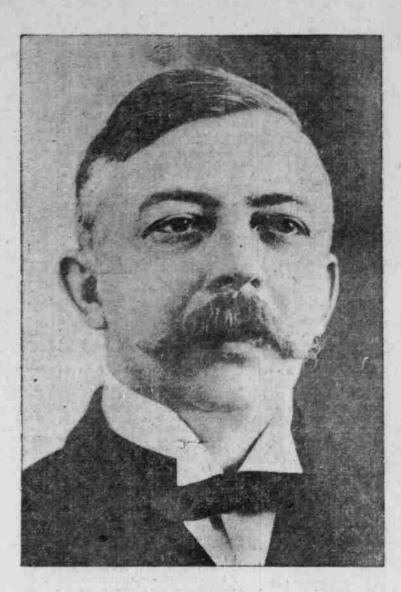

In this election Mr. Cake stands for the principles embodied in Statement No. 1. He appeals to those Republicans who believe in purity in politics as well as purity in private life. He appeals to those who believe in the highest type of citizenship, who demand a standard of unquestionable integrity on the part of their public officials.

Mr. Cake represents the business interests of Oregon, not the "Interests.

From every section of Oregon, he has received assurances from the people of loyal and overwhelming support.

Mr. Cake stands for the principle that is at stake at this election. That principle is clear. It is whether or not the people of this state are willing to yield up the rights which the machine is trying to wrest from them.

His opponents concede his nomination at the primaries to-day, if the people vote. They boast, however, that those who believe in Statement No. 1 and pure politics will not be sufficiently interested to go to the polls.

# Lard Laden Stomachs

"Necessity" is the mother of invention. Lard is the father of indigestion.

More than half the indigestion in the country to-day is directly attributable to greasy, indigestible food prepared with lard.

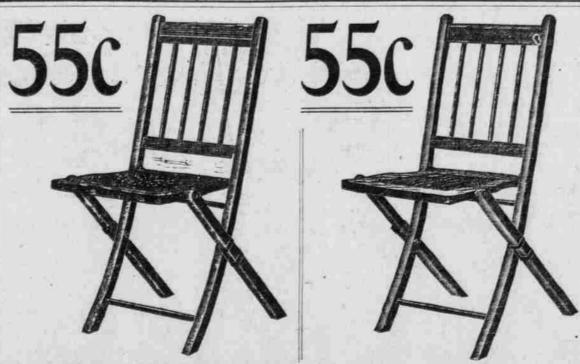

Cottolene is the original anti-lard product. It was the first, and it is the best. It is purer, more healthful, and will give better results than any other shortening medium.

Just as the original is always better than the imitation, Cottolene is superior to its imitators. Ask your grocer for Cottolene, and see that our trade-mark, a steer's head in a cotton-plant wreath, appears on the pail.

Cottolene is never sold in bulk; therefore, is a cleanly product, absolutely protected from all the odors and dust to which lard is usually exposed in the ordinary grocery store.
