HOW VOTE IS ON COMMITTEEMEN

County Central Organizations Formed by Both Parties at Primary.

KEEN INTEREST EXHIBITED

Hot Contests for the Honor in Many Precincts-In Others Few Votes Cast-Official County Board Canvassing the Result.

VOTE ON SENATOR IN MULT-NOMAH.

the official returns in Multinomah County give Cake a majority of 2089. The vote being, Cake, 8993, Pulton, 6004. The canvam of the county has not been completed because one of the election boards in Precinct No. 46 has falled to return to the office of County Clerk Fields the tally sheets and the record of the vote representing half of the count in that precinct. The unoffigive Cake 194 and Pulton 84. will increase Cake's load 110 and give him a probable majority in Multnemah of 2199.

County Clerk Fields, assisted by Justices Otson and Shreve, began the official canvass yesterday. The count will not be completed before tomorrow. . It developed yesterday that W. J. Clemens, of the Statement No. 1 Representative ticket, has a lead over Joseph W. Beveridge, a candidate on the Republican voters' choice ticket. It may require the official count to determine the 12 candidates for Representative.

Keen interest was taken by Republicans and Democrata in many of the precheeks in the election of precinct com-mitteemen, at the primary election last Friday. The vote for committeemen for both parties was canvassed yesterday by the official board of the county, consist-ing of County Clerk Fields, Justice Fred ing of County Clerk Fields, Justice Fred L. Olson, of the East Side, and Justice T. C. Shreve, of the Mount Tabor dis-trict. The certificates of nomination for the members of the newly-organized cen-tral committees of the two parties were prepared yesterday by County Clerk Fields and will be delivered today. Not having the addresses of the different committeemen, Clerk Fields will deliver the certificates of nomination to the chairmen of the Republican and Demo-eratic County Central Committees for deivery to the men who have been elected The vote for precinet committeemen was canvassed first in order to expedite the reorganization of the central committees of both parties, which is planned for this week. In order that effective work may be done during the campaign precision the second alertics in June

eding the general election in June.
The returns disclose that the Republi-The returns disclose that the Republicans falled to elect committeemen for Precincts 25 and 107. In Precinct 26. H. T. Page was elected committeeman by the majority party, although he resides in Freeinct 113, where he was chosen unanimously for the office. Certificates of nomination were issued to Page as committeeman for both precincts. In Precinct 29. D. S. Dunbar and Cal Shepard tied for committeeman, each receiving one vote.

ing one vote. The Democrats do not have as com plete a central committee as the Repub-licans, having falled to elect committee-men for Precincts 29, 108, 104 and 107. There are also three ties to be decided other precincts, as follows: Precinct T. J. Cratg and Phil Harris, each re-7 votes: Precinct 81, where John H. McKinzle and Earl Ogle received 13 votes each, and Precinct 106, in which one vote was cast each for C. E. Russell

and W. W. Sharp.

Friends of the Food and Dairy Commissioner Urge Him to Make Race.

GREAT RUN IN PRIMARIES

Gets More Votes Than Any Other Candidate, and Yet His Total Campaign Expenses Amount to Less Than \$30.

Food and Dairy Commissioner in last week's primaries, than to any other candidate who had opposition, and he made less campaign than any. His majority over his opponent, Dr. Alex-ander Reid, was 15,000, and the exander Reid, was 15,000, and the expense of his campaign was less than \$50. He issued no picture cards and his campaign altogether was the quietest ever made by a successful candidate for a state office. Mr. Balley's friends expect him to run far ahead of other nominees on the Republican ticket in the June election.

Mr. Balley has been for ten years Food and Dairy Commissioner and probably has a wider acquaintance than any man in the state, not excepting Governor Chamberlain. His dutles have taken him into all parts of Oregon. The backbone of his support is the livestock and dairy interest, toward which he has devoted most of the 30 years of his residence in Oregon.

Four years age in the state conven Four years ago in the state convention Mr. Balley proved his strength by defeating the powerful Matthews machine that had marked him for slaughter. This created a tremendous surprise, and was the only occasion that the Matthews machine failed to rule the convention. In the June election Mr. Bailey ran first on his ticket with the biggest majority of any candidate.

Mr. Bailey's friends are booming him for Governor two years hence. They say

or Governor two years hence. They say that he is the only well-known man who can prevent the usual Republican boil to the Democratic candidate. In the last primary campaign Mr. Bailey issued no posters and his picture appeared

in no advertisement, although his friends repeatedly urged him to boost litmself in that manner. His only newspaper adver-tisement was an item in The Oregonian the day before the primaries. His only other announcement was on small printed cards, circulated a few days prior to the primaries. He spent less than \$30 and most of that expenditure was for cost of circulating his primary petition for signatures. His petition contained 1500 names. The usual price paid to petition circulators is between 5 cents and 10 cents a between 5 cents and 10 cents a but Mr. Balley's friends did most

im. Mr. Bailey's rival, Dr. Reid, spent a large sum of money. He traveled considerably to make blusself acquainted and

REPLIES TO COMPLAINT IN CASE OF LONG VS. CITY.

City Attorney Contends It Is Too Observations taken at 5 P. M., Pacific Late to Revoke Referendum After Law Takes Effect.

That the referendum cannot be invoked against a law after that law goes into effect, and that the referendum does not apply to city ordinances, but only to the state laws, are the two contentions of City Attorney Kavanaugh in his answer to the suit brought against the city by George Long. The questions were argued before Judge Gantenbein yesterday, and the case taken under advisement.

Long's suit was brought to restrain the city officials from collecting a license under the vehicle tax ordinance, which was passed by the City Council over the Mayor's veto on February 13, last. The city demurred to the complaint, alleging that it did not state facts sufficient to constitute a cause of action.

The City Attorney and his deputy, Frank S. Grant also contend that the ordinance became effective within ten days of its passage, according to the provisions of the city charter. Long's attorneys, however, contend that the state law provides that ordinances shall go into effect 30 days after their passage. Should it be found by Judge Gantenbein that the referendum law does not apply to citics, it is probable that one will be placed before the next Legisla-Republican interest is now directed to-ward selection of the Oregon delegates to the National Republican Convention in Chicago. June 18, in the state and Congressional district conventions, to be held in Portland May 14. The Oregon delegates will be eight in number, four chosen by the state convention to repre-sent the state at large and two by each district convention, to represent its re-spective districts. Among the talked-of-men are Senators Bourne and Fulton, S.

not apply to cities, it is probable that one will be placed before the next Legisla-Suit Settled Out of Court.

The suit of Emma A. Conway against the Portland Railway, Light & Power Company has been settled out of court. Mrs. Conway sued to recover \$10,389, damages for injuries sustained when she was thrown against the corner of a seat while riding on a Mount Scott car, on October 17, 1907. The car was standing at the corner of First and Main streets, when another O. W. P. car crashed into it. An agreement was reached by which the company is to pay Mrs. Conway \$808.25. Mrs. Conway testified yesterday morning the Portland Railway, Light & Power Conway testified yesterday morning that on account of her injuries she was compelled to give up her position as stenographer after the accident. She was formerly employed by Long &

COUNTY ASSESSOR UPHELD

os Angeles Court Sustains Taxing of Corporation's Franchise

LOS ANGELES. April 20 —A decision of importance to a large number of corporations whose principal place of business is located in Los Angeles, but whose property is situated in other counties of the state, was today handed down by Superior Judge James. The decision was in the suit of the Western Union Oil Company against the County of Los Angeles, the court sustaining the demurrer to the complaint of the company, the corporation contending its franchise was non-assessable and that the assessment levied by the County Assessor in March, 1967, was arbitrary. The Board of Commissioners fixes the value of the franchises at \$1.05.495, on which a tax of \$11.105 was levied. The tax was paid under protest and the company asked for a refund of the amount. Judge James, in sustaining the demurrer, says if the corporation franchise was assessable at all, it was in the county where the corporation had its principal place of husiness. A large num. county where the corporation had its principal place of business. A large number of auts against the county similar to that of the Western Oil Company are pending and the decision is expected to have an important bearing on them.

RAILROADS ASK DAMAGES

California Development Company on Account of Flood.

LOS ANGELES, Cal., April 20.—Two suits in which damages aggregating \$1.182,271 are asked were today filed on the Superior Court against the California Delopment Company. The suits ar ought by the Inter-California Railroa Company and the Southern Pacific Rall-coad, and are the result of the work of the development company in turning the course of the Colorado River in order to

rotect the Imperial Valley, The Southern Pacific in its complain says damage caused by the deposit of salt, sand and mud on its tracks between Mecca and Imperial Junction has been done to the extent of \$731,598, and that \$333,498 has already been expended in repair work. The Inter-California Railroad Compan

mays its tracks and roadbed between Im-perial Junction and Calexico, and thencouth beyond Mexicall, Mex., have bee damaged in a similar manner and seeks to recover \$146,363.

NEBRASKA JUDGE WRONG

Reversed by United States Suprem Court in Chinese Case.

WASHINGTON, April 20.-The Suprer Court of the United States today decided that Lieu Hop Fong, a Chinaman, who came to the United States in 1829 as a student, but who has since been found working, should not be deported, as was decreed by the United States District Court of Nebraska. The latter declared that Hop had only studied to the ex-tent of taking lessons in Sunday school and, finding that his certificate declaring that he was coming to the United States for the purpose of engagings in the pursuit of scholastic knowledge was fraudulent, ordered that he be sent back to China.

Today's opinion was by Justice Day and reversed the order of the Nebraska court. Justice Day took the position that there was the contract of the court. Justice Day took the position that there was no testimony before the District Court to justify the disregarding of the certificate as was done by

ASSESSOR SIGLER WILL CREASE VALUATION.

Downtown Property Will Remain the Same as Last Year on Forthcoming Rolls.

County Assessor Sigler this year exassessed valuation of Multnoma County property. The 1967 roll, on which 1908 taxes are being collected, aggregated \$232,000,000, and the proposed increase will bring the total up to about \$17,500,000. This increased assessment will be levied prin-cipally on property in the suburban dis-tricts which have advanced in value since the last assessment was made. Down-town business property will not be dis-turbed materially, Assessor Sigler feel-ing that the assessable values on last year's roll are high enough.

"I am convinced that the value of

ban property, on the contrary, has been increasing gravity of his mulady advancing steadily in value and will be brought to the Washington State Ast

ssessed proportionately higher. Improve. ments throughout the city will be cov-ered thoroughly and listed at fair valua-tions. The same is true of personal prop-erry. The aggregate of the roll will not nereased more than \$4,000,000 or \$5,000,000

These calculations, so far as the total of the 1908 roll are concerned, are based on the presumption that the 1907 personal property assessment of \$16,000,000 against the O. R. & N. Company, which is being contested by the corporation, will be sustained in the courts and the company required to pay the layer of quired to pay the faxes on the ascons-ment. If the controversy is decided adversely to the county by the courts, the effect will be to reduce the aggregate of the roll this year.

EDWARD CHLOPECK DEAD

Member of Portland Business Firm Dies in Tacoma

SEATTLE, Wash., April 20,-(Special. Edward Chlopeck, of the Chlopeck Fish turbed materially, Assessor Sigler feeling that the assessable values on last year's roll are bigh enough.

"I am convinced that the value of property in the business districts of the city has not advanced materially during the last year," said Assessor Sigler yesterday, "and for that reason I expect to list that class of property substantially at the same values of last year. Subarrate the same values of last year. Subarrate has property, on the contrary, has been increasing gravity of his maids.

tum at Steilarsom. He was later taken to a private hospital at Tadoma, where he died. Mr. Chlopeck was 42 years of age. He

Mr. Chlopeck was 42 years of age He was born in Wisconsin and came to Che-halls. Wash. about 29 years ago, Later he removed to Portland and established his business there. The firm established likelf in Seattle in the early '90s. He leaves a brother.
