State Convention Praises Roosevelt, but Refuses to Indorse Taft.

RESOLUTION IS TABLED

Judge Cross, Nonogenarian Leader of New England Republicans, Loses Gallant Fight—Mention of Hughes' Name Cheered.

CONCORD, N. H., April 21.—Unpledged and uninstructed delegates to the Republican National Convention at Chicago were elected today at the New Hampshire State Convention, in this city. Delegates-at-large are the following:

United States Senator Jacob H. Gallinger, of Concord; Former Governor Chester B. Jordan, Lancaster; Attorney-General Edwin Eastman, Exeter, and Edwin F. Jones, Manchester.

A resolution indorsing Secretary of War Taft for President was tabled by a rising vote, only 25 delegates out of 763 voting for the resolution.

Senator Gallinger, chairman of the State Committee, called the convention to order. Ex-Governor John McKane, the permanent chairman, in his address, praised the administration of President Roosevelt and said:

Change Man, Not Policy.

"However the succession falls, changes of approaching election are to be those of person and not of policy."

After the appointment of a committee to nominate alternates at large the resolutions agreed upon by the committee last night were read. The platform renews allegiance to the principles of the Republican party whose record it declares is the history of the country's progress. While recognizing that existing tariff schedules should be readjusted to current conditions, emphatic opposition is declared to tariff tinkering by piecemeal.

The platform urges restoration of the American flag to the ocean-carrying trade, and generous pension legislation for Army and Navy veterans.

On the question of instruction, the platform asserts that the real interests of the Presidential candidate to be nominated will be best served without either specific or implied instruction in the form of resolutions or preference in this convention.

Cordial approval is expressed of President Roosevelt and his administration.

Veteran's Plea for Taft.

As the reading of the resolutions was finished, Judge David H. Cross, of Manchester, in a strong, firm voice, despite his 94 years, reported that he desired to present an amendment to the resolutions. He said he voted for William H. Harrison for President, in 1840, and for Fremont in 1856, and continued:

"Perhaps President Roosevelt has made a few mistakes but he has done more for the welfare of the Nation than any President for 50 years. Trust a man who stands out nobly and avows his doctrine.

"I admire a man who is fighting the racetracks in New York.

"I have looked over the various conventions held in this state since 1856 and I find that the Republican conventions have on nearly all occasions expressed a preference for a Presidential candidate. I believe that there is not a man in New Hampshire who does not believe that William H. Taft is the best candidate for President. He will indorse the policies of President Roosevelt. Even Governor Hughes indorses the President."

Demonstration for Hughes.

As Judge Cross mentioned the name of Hughes, there was a demonstration, some of the delegates rising and shouting "Hughes, Hughes."

Continuing, Judge Cross said: "Governor Hughes is a good man, but I desire to submit the following resolution:

Text of the Resolution.

Resolved, That while we are in favor of sending an uninstructed delegation to Chicago, it is our earnest belief that the man for the time above all others, embodying element of a triumphant candidate and successful administration, is William H. Taft, of Ohio.

After a short discussion, the resolution offered by Judge Cross was tabled.

TAFT MEN ARE DISAPPOINTED

But Believe They Can Count on New Hampshire.

CONCORD, N. H., April 21.—Leaders of the Taft movement in the state, including ex-Governor Frank W. Rollins, and Winston Churchill, while expressing disappointment over the outcome of the state convention today, stated, after the proceedings were over, that in their opinion, five of the six delegates chosen today will vote for Secretary Taft on the first ballot.

Preference Is for Taft.

BOSTON, April 21.—Unpledged delegates to the National Republican Convention were elected by the Twelfth Massachusetts convention here today. The delegates chosen are W. O. Faxon, of Stoughton, and Edward H. H. Baker, of Brookline. A resolution was adopted declaring that while the convention did not desire to bind its delegates by pledge or instructions, it did "deem it proper that the delegates know that the Republicans of this district have a decided preference for the nomination of William H. Taft for President of the United States."

Against Taft and Guild.

NEW BEDFORD, Mass., April 21.—An uninstructed Republican delegation to the Chicago convention was elected today in the Thirteenth Massachusetts District. Resolutions to indorse Taft for President and Governor Curtis Guild, Jr., for Vice-president, were voted down.

Uninstructed in Florida.

PENSACOLA, April 21.—The Republican convention of the Third Congressional District of Florida today elected an uninstructed delegation to the National Republican Convention.

HANGS HIMSELF TO BEAM

Murdoch McDonald Commits Suicide While Temporarily Deranged.

Despondent because of bad health and suffering from a temporary fit of insanity, Murdoch McDonald, 25 years old, a pressman by trade, committed suicide about 8 o'clock last night by hanging himself by a strap to a beam in the attic of his home, at 250 Sixteenth street. His body was discovered by members of the family who had been searching for him for perhaps an hour after his failure to appear at dinner.

McDonald, up until two months ago, had been employed at the printing plant of the Glass-Prudhomme Company, but was forced to give up his position owing to continued bad health. Since then he had been suffering from hallucinations and it is believed by his relatives that his mind had been affected from injuries received years ago when as a boy he ran away from home to become an acrobat with a traveling circus. During his career as a circus performer he met with several accidents that impaired his health and his memory and at last was forced to retire from this business. He returned to his home in this city about three years ago. He was not married.

As Mr. McDonald had a good home and lived in the most comfortable circumstances, the only explanation of his act was that he was out of his mind. His family has been living in the same place for the past 25 years and are well known in that section of the city. He is survived by his mother, Mrs. W. McDonald, and four brothers in this city.

ATHLETES READY FOR MEET

RING AND MAT ARTISTS HERE FROM SOUTH.

Boxers and Wrestlers Getting Into Splendid Shape for Multnomah Club Events.

Accompanied by two clever young ring artists and two equally as promising disciples of the grappling game, Wrestling Instructor C. A. McIntyre, of the Reliance Athletic Club, of Oakland, Cal., arrived in Portland yesterday, prepared to enter the contests to be held in the three-night tournament under the auspices of the Multnomah Amateur Athletic Club, commencing at the Exposition rink tomorrow night.

The Reliance boys, who worked out under the direction of McIntyre at the Multnomah Club yesterday afternoon, are a most likely looking bunch of young gladiators. The visitors at the club had an opportunity of sizing them up alongside of the Olympic representatives, and to judge from appearances, there will be some lively happenings when the young Californians come together.

Instructor McIntyre's boys are: G. J. Anloff, the crack amateur wrestler of Oakland, at 158 pounds, who is also entered in the heavyweight division in the coming tourney; Frank Brownell, a promising young grappler who goes on the mat in the 135-pound division; Fred Couture, the 115-pound boxer, who won the trip North by defeating a number of clever men during the preliminary tournaments at Oakland, and Larry Stokes, a speedy and splendid-appearing welterweight boxer, who will compete not only in that division, but also in the middleweight, or 158-pound class. Stokes is one of the most promising men produced in Oakland in years and his friends believe that he will win the events in which he has entered here with ease. This afternoon Stokes will work out at the Multnomah Club with Don MacKenzie, the former manager and sparring partner of Tommy Burns, who is now in business here.

Eddie Dennis (115) and Lawrence Grandfield (125), of the Olympic Club, of San Francisco, displayed some of their accomplishments before the privileged few of the club members who assembled at the gym yesterday afternoon. Both are shifty youngsters and are quick thinkers and evidently possess forceful biceps, to judge from the clouts they administered to their sparring partners yesterday.

The Seattle boxers and wrestlers will reach Portland either this morning or tonight. Director Frank, of the Multnomah Club, was advised yesterday that they will be in Portland Wednesday, and accommodations have been arranged for them. The Spokane contingent is also expected to reach Portland tonight, and with all these athletes limbering up in the club gym, the place assumes the busiest of aspects.

All the boys will be in perfect condition to enter the different contests tomorrow night, and a rattling good three-days' tournament is assured.

Jack Grant, of Portland, has been selected to act as referee of the boxing bouts, while J. N. Teal and Joseph Smith will act as judges according to the rules of amateur boxing. Herbert Greenland will be referee for the wrestling bouts.

REROLLE SHOWS FINE FORM

French Billiardist Leads McLaughlin in Exhibition Game.

NEW YORK, April 21.—Fine work with the cue by Rerolle, the French amateur billiardist, who held the French title for five years, losing it to Mortier just before sailing, characterized his first exhibition games played at the Liederkranz Club. Of the three games which he played, all at 18.2 balkline, the best exhibition was with Edward McLaughlin, the professional.

The Frenchman ran out his string of 300 in 16 innings, averaging 18 12-16 and leading McLaughlin by 17 points.

SUSTAINS AMERICAN CLAIM

Rothschild Decides Chess Contest as to Unfinished Games.

NEW YORK, April 21.—Baron Albert de Rothschild, of Vienna, referee in the Anglo-American cable chess match for the Newnes trophy, cabled to the Brooklyn Chess Club today as follows:

"Consider both games draws."

The message had reference to the two games left unfinished on March 14 and upheld the contention of the American committee that the games could not be won by the Englishmen. The final totals of the match, therefore, are 6½ games for the Americans and 3½ for the English.

FLYNN HAS BEST OF JOHNSON

Ten Fierce Rounds With No Decision Between Heavyweights.

LOS ANGELES, Cal., April 21.—The heavyweight battle before the Pacific Athletic Club here tonight between Jim Flynn and Battling Johnson was won by the former, after 10 fierce rounds. Flynn had all the best of the bout up to the eighth round, when Johnson delivered several good blows and would have put Flynn out but for the gong. Flynn came back in the next two rounds, however, and had a big lead over Johnson at the finish. The fight was a no-decision affair.

Auto Jumps Into River.

TARRYTOWN, N. Y., April 21.—The first serious accident occurred on the Briarcliff course, over which the automobile race is to be run on Friday next. J. R. Ryal, of Newark, N. J., had his left leg broken and Charles Murray received internal injuries. Ryal, Murray, Charles Robertson and James Weed started to go over the course in a 60-horsepower car. The car struck the side of a bridge and went into the river and the four men had a narrow escape from drowning.

LOS ANGELES, Cal., April 21.—It required 10 innings this afternoon for Los Angeles to snatch victory from defeat in the game with San Francisco. The audience was one of the largest, as well as the most enthusiastic, of the present season. It was the first lineup here for the San Francisco club.

Neither side had scored up to the fifth inning, when Piper, for San Francisco, doubled to center, putting Suter home. In the eighth Los Angeles tied conditions when Oakes singled over second, sending Easterly in. The ninth inning proved minus results for both sides, and in the tenth, Hosp singled over second, Bernard bunted and Hosp scored, showing up a 2-to-1 record for the home team for the day.

BUDDY RYAN JOINS BEAVERS

May Be Put on Third Base—Lakaff Goes to Tacoma.

SAN FRANCISCO, April 21.—(Special.)—Buddy Ryan, an infielder who was with Pueblo in the Western League last season and who was traded to Portland when Boston made the deal for Outfielder Jimmy McHale, joined the Beaver camp this afternoon. There was no chance to see him work, as the game was postponed on account of rain.

"Ryan is one of the best infielders in the minor leagues," said McCredie, "and we will find room for him on the team, although just where is hard to say. If my pitchers don't show up better than they are doing at the present, I may give Ole Johnson, the third baseman, a chance to pitch and put Ryan on third base."

McCredie also announced that he has turned over Pitcher Lakaff to Tacoma, in the Pacific Northwest League. The Beavers are carrying seven pitchers, and he thinks that he has enough.

Pinnance, the Indian, will pitch for Portland today against the Oaklanders at Recreation Park, weather permitting.

SCHOOL TEAMS PLAY BASEBALL

Williams Avenue Players Defeat the Thompson School.

The Williams-avenue School baseball team defeated the team representing the D. P. Thompson School in a well played game of baseball Monday by the score of 12 to 3. These teams are entered in the Grammar School League pennant race and the youngsters are evincing great interest in the games.

Yesterday afternoon the Highland School was defeated by the Shaver School by a score of 11 to 8. The youngsters put up a splendid game and but very few errors were noticeable. The batteries were: Highland—Holman, Evans and Craig; Shaver—James and Bateman. McBride, of Vancouver, umpired the contest.

Does 4% Interest Satisfy You?

If it does, why, put your money in a bank and let it stay there. If it does not, and you wish to get all of the earning power of your money, read the following announcement, and question yourself as to the advisability of keeping your money in bank.

We are offering our stockholders and the general public stock of a par value of $1.00 per share for **TWENTY CENTS.** This stock is amply secured by an immense tract of the finest hardwoods in the world—mahogany, cocoabola, lignum vitae, espava, mangrove, balsam capheba, and fifty other varieties of hardwoods, all of the greatest value for use in the manufacture of the finest furniture, pianos, billiard tables, inside finishing, and a hundred and one other necessary uses.

This tract contains over **FOUR BILLION** feet of valuable timber, and every share of stock sold is secured by one thousand feet, of an average value of at least $100.00. Can you find better security than this?

Mahogany, of which there is a great amount on this tract, sells in the open market for from $250.00 to $400.00 per thousand feet. Lignum vitae and cocoabola, both extremely heavy woods (running five to ten pounds to the foot), sell in San Francisco for from twenty to thirty cents per pound. Just think of this! At the smaller weight and price, this means **ONE THOUSAND** dollars per one thousand feet, or $1 per foot.

Our cruisers' reports show that this tract is exceptionally well adapted for logging purposes, and that all the timber can be logged to the streams at an average cost of only $6.00 per thousand feet.

The following is an extract from a letter bearing upon this particular tract, and written by W. D. Leadbetter, for years connected with the United States Hydrographic Bureau, and a well-known and esteemed resident of Portland.

"I have explored some of these rivers for a distance of 20 to 30 miles in steam tugs, and find sufficient water in them for vessels to ascend for loading, and deep water is found where large vessels can load at a dock. . . . In fact, in all my travels, both upon Atlantic and Pacific Coasts, **I do not recall any other port where conditions favorable to cutting, logging and exporting of timber meet the ideal as do the facilities presented in this particular locality.** . . . Conditions that are presented here do not and cannot exist anywhere else in the world. I have not any suggestions to make, as I am leaving this week. . . . I feel, however, that you have brought to my attention a matter of greatest merit and splendid possibilities. If I were to remain in this country, I would follow with interest what appears to me to be **one of the greatest commercial opportunities** for capital that I know."

The rivers mentioned in this letter are five in number, and cut this tract almost at regular intervals, running from the mountains to the sea. This means a tremendous saving in expense, as the entire tract can be logged to these streams by means of donkeys, and from these streams by rafts and lighters to the mill. Our cruisers' reports show this land to be gently undulating, not precipitous, and with but little undergrowth (not more than occurs with Columbia River timber).

Our market is already established. Our common grades of lumber will all be used within fifty miles of our operations, and the demand for the better grades far exceeds the supply.

As to the earning power of your money, invested with us, and if we cut only 25,000 feet per day, your money would earn for you over 50 per cent per annum. But we want to put in a mill with a capacity of at least twice this amount, in which event your money will be earning for you at least 100 per cent per annum.

Come in and see our exhibit of these fancy woods, and let us show you the proofs of the above statements. The price of this stock for the present is **TWENTY CENTS**, par value $1.00. The company reserves the right to increase it at any time.
