FOR SALE—TIMBER LANDS.

TIMBER TIMBER TIMBER
Are you interested in investing your money in timber? We have 400,000 acres of the finest hardwood timber grown, MAHOGANY, LIGNUM VITAE, BALSAM COPOEBA, MANGROVE, OAK and CEDAR. This timber just costs the company 20c per thousand feet, and when milled into lumber has a value of $100 to $400 per thousand.
The Northwestern Exploration & Development Co. has just closed a deal by which it takes over this immense body of timber, and we will put in a mill and manufacture and market this very valuable lumber. In order to secure the necessary capital to install a mill of sufficient capacity, the board of directors has decided to sell a limited amount of its stock at 20c per share, par value $1.
Conservatively estimated each 20c invested in a share of this stock is secured by 1000 feet of standing timber, which has an intrinsic value of not less than $100.
There is not a commercial enterprise in the whole world which offers you such valuable security for your investment as this. These are facts and can be proven to your satisfaction. If you have money to invest, do it now. Here is a chance to secure a remunerative income on a small investment. Stock sold in blocks of 100 shares and upwards.
