TOO STRONG ON BEAR SIDE

New York Brokerage Firm Is Wrecked by Rising Prices.
 NEW YORK, April 24.—The suspension of T. A. McIntyre & Co., brokers and members of the New York Stock Exchange, and of the New York Cotton and Produce Exchanges, was announced today. The firm did a large business and had

branches in Chicago, Baltimore, Boston, Hartford, Birmingham, Syracuse, Rochester and Hot Springs, Va.

The members of the firm are: Thomas A. McIntyre, George C. Ryan, John G. McIntyre, Thomas A. McIntyre, Jr., J. E. Hulsbier, James M. Hudson and Edward T. White.
 The suspension was without effect upon the market. While the firm was engaged in heavy transactions in the past, its present commitments are not large. It had taken a position on the bear side

of the market and the recent advance in prices caused its suspension.

An involuntary petition in bankruptcy was filed against the firm in the Federal Court today, as a result of which C. C. Burlington was appointed receiver.
 Astoria, Or.—John L. Johnson, of Clifton, an inebriate youth, 12 years of age, was committed to the state reform school by Judge Trenchard yesterday afternoon and was taken to Salem by Sheriff Pomroy this evening. The boy's parents have been dead for several years.

ONION SEED IS IMPORTED

Oregon Growers Will Experiment With Vegetable From Portugal.
 Onion-growers and others interested in producing the better grades of vegetables in Oregon will be pleased to learn that Taylor, Young & Co., of this city, have received a small shipment of seed of the large Portugal onion, sent by a seedsmen

of Ontario. These seeds will be distributed free to any making application.

This grade of onions is said to be not only of large size, but of delicate flavor. George Taylor, in referring to the matter, said yesterday that the Ontario seedsmen advise gardeners to plant the seed in hotbed and then to transplant, about a foot apart, in good rich soil. He added that in his opinion the Portugal onion is far superior to the Bermuda.

REPLACED BY TELEPHONES

Rock Island Does Away With Telegraph Operators.
 TOPEKA, Kan., April 24.—It was announced at Rock Island headquarters today that telephones will be installed to displace operators over the entire system. Dispatchers will be maintained at division points. The Kansas division will

be first equipped by July 1. The cost on this division will be \$20,000.
