

BEAR WAYS IN RETURN FROM RUN

Pacific Coast Company Reported as Trying to Purchase Craft.

GOOD PASSENGER BOAT

Vessel Has Been Operating Between Portland and Marshfield for the Past Year—May Go on Eureka Run.

Rumor has it that the steamship Breakwater, owned by the Southern Pacific Company, now operating between Portland and points on Coos Bay, will shortly go into the hands of the Pacific Coast Steamship Company and be operated in service between San Francisco and Eureka. Officials of the Coast Company have made offers for the vessel. The Breakwater is a first-class passenger ship and is fast enough for the requirements of the run.

The Breakwater has been in commission for a year between Portland and points in Coos Bay, operating under the house flag of the Southern Pacific Company and in connection with the railroad from Marshfield to Coquille. She steams about 12 1/2 knots under ordinary conditions with soft coal. With a good grade of fuel, she will make between 13 and 13 1/2 knots.

The Pacific Coast Company has been criticized on the Eureka run since the loss of the Pomona several weeks ago. Two craft have been running out of San Francisco to the Humboldt Bay city, but are both slow and unable to maintain a five-day schedule and handle the freight which offers.

In case the Breakwater is retired from the Portland-Coos Bay run, another steamer will be supplied for the business which the Breakwater has secured on the Portland route. The Carina is being operated by the Southern Pacific between Coos Bay and San Francisco. While she is able to handle the freight business, she is not equipped to handle the passenger trade. The lumber shipments south from Humboldt.

MOJESKI IS Hired

Will Get \$5000 to Report on River Crossing.

HIGH BRIDGE OR SUBWAY

Mayor Acquiesces in the Ordinance: "The Council Will Go Broke Anyway." He Tells Executive Board Sarcastically.

The Executive Board, at its adjourned meeting yesterday afternoon, employed Mr. Mojedski, at a fee of \$5000, as a means of solving the traffic problem across the Willamette River. There seemed to be a disposition on the part of the members to feel that the City Council had overstepped the authority given it by the charter in specifying in an ordinance the engineer who was to be engaged to do the work. Mayor Lane, who was presiding, declared that the Council could not employ that engineer as the function of the Executive Board. However, he said, probably Mr. Mojedski is the proper person in this instance.

Whether or not at this time it is wise to expend \$5000 on this project is a question with some city officials, but a sufficient number of the board members voted to pass the ordinance, and the Executive Board was directed to employ Mr. Mojedski, who is also to report on the feasibility of a subway under the river. Some make the assertion, however, that Mr. Mojedski is not qualified to go into the subway proposition, asserting he is an expert on bridges only. Others declare he is qualified to handle both questions and that his word on the practicality and feasibility of either would settle the matter with every one.

"While the Council has no power to employ any one," said Mayor Lane, "it has in this case employed Mr. Mojedski as the engineer to be engaged for this work, and probably he is the best person we can get. The Council is going to go broke anyway, and so you might as well proceed, if you see fit, and employ Mr. Mojedski for this purpose."

City Engineer Taylor reported that Consulting Engineer Lockwood, who formerly was authorized to proceed with plans and specifications on this same subject, would now rather drop the work and give way to Mr. Mojedski. Although having more than half completed his drawings, and having valuable data at hand, Mr. Lockwood said he would cease and turn over all information to Mr. Mojedski. Mr. Lockwood was working on an appropriation of \$1000 recently made by the Council for that purpose.

ILLNESS PROVES A BLESSING

THROUGH BEING SICK SENATOR PENROSE WINS.

When Condition Is Announced Vicious Attacks Upon Him Cease and He Wins in Primaries.

OREGONIAN NEWS BUREAU, Washington, April 27.—A serious illness is sometimes a blessing in disguise. It proved so in the case of Senator Penrose of Pennsylvania. But for his late illness it is quite probable he would have been defeated in the Pennsylvania primaries and would today be nearing the end of his career in the United States Senate. As it is, he is assured a re-election and will hold on to his seat for another six years.

Up to the time Penrose was taken ill he was subjected to the heaviest kind of fire in Pennsylvania. His record was being attacked and records taken were held to be justified, and the onslaught was having effect. It was generally believed that Penrose would be defeated.

But he was taken ill; for days his life hung in the balance, and as soon as the people realized his condition, the attacks ceased. The very fact that he was ill created sympathy for him, and many voters supported him who would have voted against him had he remained in sound health. Pennsylvania did herself no credit in voting to return Penrose to the Senate, for Penrose has never been a credit to his State. He is a notorious gambler, a school, but lacking Quays' ability. When Quay died, Penrose naturally succeeded him as boss, he having been chief lieutenant of the notorious Matt, but Penrose has not been a second Quay; he has been a poor substitute, even in the eyes of his followers. It was his most unfortunate day for Pennsylvania when his illness broke to his sick-bed with a primary election approaching.

SUICIDE WITHOUT REASON

William Burdine Mysteriously Drinks Carboic Acid.

INDEPENDENCE, Or., April 27.—(Special).—William Burdine, who resides on the top ranch of D. B. Taylor, five miles south of this city, ended his life Saturday by drinking carboic acid. No cause can be assigned for the act, and it is believed that it was the result of temporary insanity. He was a married man and had a six-year-old daughter to whom he is said to have been devotedly attached. They were not known ever to have had trouble, and his accounts with Mr. Taylor were clear and his personal finances were in good condition.

Mr. Burdine returned from Independence Saturday afternoon about 5 o'clock and was seemingly in good spirits. Having brought some groceries home for one of the neighbors he went about to deliver them along with some carboic acid. He went in search of the bottle in a nearby outbuilding, from where he called to his wife to bring him a glass of water. When the wife came a few minutes later he raised himself up from the floor and said: "Come and see me good-bye. I am going." Mrs. Burdine ran to the house for some milk to administer when she found what had happened, but when she returned the man was unconscious, from which condition he never recovered, but died a few minutes later.

He was married eight years ago at Willamette Falls, at which place the parents of both the husband and wife reside. His father and sister came from Willamette Falls this morning to take charge of the body, which was taken to that place. He was a member of the order of Woodmen of the World.

Pleas of Trouble.

is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness, and the poison which causes jaundice, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding the stomach.

Metzger fits glasses for \$1.00.

REFLAMMATORY RHEUMATISM

Most Treatments Are Unsatisfactory but Dr. Williams' Pink Pills Have Cured So Many Stubborn Cases That They Command a Trial.

It is unnecessary to tell the sufferer from inflammatory rheumatism that the ordinary treatments for this disease are unsatisfactory. Physicians are not of one mind on the subject but the highest authorities hold that rheumatism is a disease of the blood. All admit that in attacks of rheumatism there is a marked and rapid thinning of the blood. This is a condition that a treatment with Dr. Williams' Pink Pills at once arrests and corrects. The thin blood is enriched, the strengthened organs of the body throw off the poisonous impurities and the patient gets well.

Mr. John F. Crichton, a retired grocer, of 1287 Fulton street, Chicago, Ill., and a veteran of the Civil war in which he served as a member of Co. A, 144th Illinois Infantry, bears witness to this truth. He says:

"I was afflicted with inflammatory rheumatism for twenty years and have received only temporary relief from the doctors. About three years ago I was helpless in bed with it. I could not use either hand or foot for over two months and suffered intense pain. My limbs were swollen and I could not move at all without great pain. I had sleepless nights and thought I would never be able to get around again. My friends and comrades thought I was going to die."

"I had paid out a lot of money in doctors' bills but was not cured. One day an old man commended me to try Dr. Williams' Pink Pills as he knew of cases they had cured. Before I had taken them a great while, I was feeling much better. I improved rapidly and was able to get out of bed and move around. I am now in perfect health and have not had a touch of rheumatism in any part of my body since."

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams Medical Co., Schenectady, N. Y.
