THIS IS THE STORY OF A Famous Black Stocking

A few years ago an American woman went into a little German shop and bought some stockings. There seemed to be nothing unusual about them at that time, but she found them to be far and away the best stockings she had ever worn.

They were made of a peculiarly strong thread and dyed a never-fading, lustrous black. They did not lose their shape, as stockings ordinarily do. They fitted as perfectly after many launderings as at the beginning. They were absolutely fast color. So satisfactory were they that after some investigation the American learned the make of these stockings, and as a result, they have been registered in America as the "Wearwell brand," and have for a long time been one of the specialties of Lipman-Wolfe's Hosiery Department.

Many Portland women have tried them, generally because of some one's personal recommendation. Hardly any one will wear anything else, once they are known. "Wearwell" Stockings may be had nowhere in America outside the Lipman-Wolfe store, but mail orders will be filled for any part of the United States. In sizes for women and children, 25c a pair.

Every pair bears the "Wearwell" trade-mark. Look for it. Don't be deceived or imposed upon by stores with a low standard of business honor.

TELLS ALL TO JURY

**J. Dalzell Brown, ex-Banker,
Turns State's Evidence.**

SAYS GUILTY; SENTENCED

Ordered Confined in San Quentin
18 Months—Will Be Used as
Witness by Prosecution in
Other Bank Cases.

SAN FRANCISCO, April 27.—J. Dalzell Brown, formerly manager of the California Safe Deposit & Trust Company, pleaded guilty this morning to the charge of embezzling \$5 mortgage bonds of the Sacramento Gas & Electric Company and was sentenced to 18 months' imprisonment at San Quentin. In the afternoon Brown appeared before the grand jury and made a complete confession. He will now be used as a witness by the prosecution in the trials of Barnett and Treadwell. Brown was arrested several months ago for his part in the alleged wrecking of the California bank, and pleaded not guilty when first arraigned before Judge Conley. Leniency was exercised by the judge upon the statement of Assistant District Attorney Cook that Brown had never profited through the crooked financial methods of the bank, was the least culpable of the bank officials and is in a position to assist the depositors to a material extent.

Accused of Embezzling Bonds.

The crime charged against Brown was that of embezzling \$5 mortgage bonds of the value of \$1000 each from the Sacramento Gas & Electric Railway Company.

"I have never profited to the extent of one dollar in the bank's failure," said Brown, when asked by the judge whether he had anything to say in his own behalf. There was a trembling in his voice, but no sign of weakening in his face. He stood up straight and made his statement in a matter-of-fact air, without bravado.

J. Dalzell Brown appeared before the grand jury this afternoon and made a complete confession. He will appear as a witness for the prosecution in May against William J. Barnett and James Treadwell, ex-directors of the suspended California Safe Deposit & Trust Company. After making the confession, he gave out the following statement:

Never Got a Dollar Himself.

"The latter part of my life has been given to the California Safe Deposit & Trust Company. When I became manager of the institution, about 10 years ago, I found approximately eight-tenths of its capital invested in or loaned to the interests of the Treadwells. I did for the bank what I never would have done for myself, and what ever I did that was culpable was done with the sole object of aiding the bank and protecting its directors and depositors. By no act that I committed did I ever profit a single penny, nor did I ever divert to myself a single dollar that I procured culpably for the benefit of the bank. I believe there are many ways in which I can yet aid the depositors and creditors of the California Safe Deposit & Trust Company. I could be of no service to them harassed by indictments and being subject to numerous trials, and I finally concluded that I would accept a punishment worse than death, confinement in state's prison, that I might be able to tell the story of the institution and render my aid to those who are interested in it. When I have rendered my service to the receiver, I will go to my punishment and try to live through it."

PREMIER LAID TO REST

Funeral Services at Westminster
Largely Attended.

LONDON, April 27.—The funeral service of the Church of England was solemnized in Westminster Abbey at noon today over the body of Sir Henry Campbell-Bannerman, late Premier of Great Britain. In the presence of a large gathering, representing the political life of England. After the service a short procession moved from the Abbey to Euston Station, where a special train took the coffin, some of Sir Henry's relatives and a few of his closest friends to Scotland. It was a typical gloomy London day, and a dismal rain was falling when the cortege made its way through the streets. The Abbey and the railroad station each had its crowd of spectators, who found shelter from the weather under a sea of umbrellas.

The last time a body of a Premier of England was taken to Westminster Abbey was in 1898, when Gladstone was buried there. The ceremony of today held much less of display than was seen when Mr. Gladstone was laid to rest, but the grandeur of the Abbey and the character of those who assembled today for the last honors to Sir Henry Campbell-Bannerman formed a noteworthy historical scene.

Several of the former Premier's political associates of the were present, but his two predecessors in office, Mr. Balfour and Lord Rosebery, were unable to attend. The hymns sung during the service were "Brief Life is Here Our Portion," while the coffin was being carried into the Abbey "I Heard a Voice" and "Oh, Our Help in Ages Past."

The dead march from "Saul" was played while the procession was leaving the Abbey.

ART COLLECTORS DUPED

Well-Known Dealer Said to Have
Practiced Extensive Frauds.

NEW YORK, April 27.—As the result of an inquiry which is being conducted by several of the leading art collectors of this city, together with their counsel, a story has been revealed that cannot fall to astound the art world of America and Europe.

These well-known collectors reached the conclusion that for years the most competent critics and the most discriminating buyers of paintings have been grossly imposed upon by a well-known art dealer, who has systematically co-operated with a painter endowed with extraordinary ability not only to finish the uncompleted works of recognized masters, but even to imitate their individual style so as to suggest imitative powers amounting to genius. Several collectors who now believe they have been imposed upon have put the matter in the hands of lawyers.

TWELVE PEOPLE DROWNED

Showboat Capsizes on Marion River
in Arkansas.

HELENA, Ark., April 27.—Twelve persons were drowned, one a woman, when the showboat Marion capsized eight miles above the mouth of the St. Francis River late yesterday.

The Marion, a 65-ton boat, left Helena Sunday afternoon carrying members of a carnival company that had been playing here. About 3:30 the boat was struck and capsized. The 62 passengers and members of the crew climbed on top of the overturned boat, and the engineer and a negro set out for the shore in a skiff. Waves capsized the skiff and both were drowned.

Waves ten feet high swept the overturned steamer and several were washed from the boat, drowning before the eyes of their helpless companions.

BISHOP HARRIS INDORSES JAPANESE OCCUPATION.

Sees Hand of Providence Working
for Good of Hermit Kingdom.
Friends Fear Assassination.

HONOLULU, April 27.—Bishop Harris, of the Methodist Church, in an interview here, said that in the occupation of Korea by the Japanese he sees the hand of Providence working for the good of Korea, and that upon his arrival in Washington he would tell President Roosevelt that he is convinced that Marquis Ito and Baron Hayashi are in earnest in their desires to improve conditions and are working patiently and earnestly for the good of Korea.

Local Koreans are greatly incensed and excited over these remarks, and it is feared by mission workers among the Koreans that Bishop Harris may be assassinated upon his arrival at San Francisco on the steamship Corea.

LIFE IS ALL A GAMBLE

Therefore Hughes' Crusade Is Ill-Advised, Says Croker.

DUBLIN, April 27.—Discussing American politics, Richard Croker, once boss of Tammany Hall, today gave it as his opinion that Governor Hughes' indorsement by New York is merely complimentary.

"Mr. Hughes' anti-gambling attitude," he said, "will injure him undoubtedly in his own state. Why can't such men keep out of that rut? Life is all a gamble! But they select the part of the gamble that's pleasant and gives pleasure and propose to penalize it."

INSANE AND NEAR DEATH

Robert Caldwell, Wanted for Perjury in Druce Case, Dying.

NEW YORK, April 27.—There seems to be little chance that Robert Caldwell, "the great American identifier," will ever face an English court to answer to the charge of perjury that has been made against him. He is in the city insane hospital on Ward's Island and is reported by the physicians as getting weaker daily and he has but a short time to live.

Caldwell went to England and testified in the famous Druce case that he knew Druce as the Duke of Portland and that he arranged a false burial for Druce, placing a roll of lead in the coffin. When the grave was opened Caldwell's statement proved untrue and he escaped to America.

He was indicted and a demand was made for his extradition. Two months ago he was sent to the insane hospital.

CHINA LODGES PROTEST

RESENTS JAPANESE USURPATION IN CHIEN TAO.

Declares Extension of Korean Administration to Include This Territory Was Surreptitious.

PEKIN, April 27.—China has lodged a formal protest against the extension by Japan of administration of Korea to include the Chien Tao territory, the district between Korea and China, the sovereignty of which is in dispute. China declares that Japan has accomplished this in a surreptitious manner and says that this extension of control strengthens the position of Marquis Ito, resident-general of Korea, who is represented in Chien Tao by three officials of the residency.

The Chinese Foreign Board finds that Japan has imposed the burden of proof in the Chien Tao boundary controversy upon China and that Japan has admitted the justice of the Chinese case as submitted, but it declares that Japan has invaded Chien Tao while refusing to reply to the Chinese representations in the matter, on the ground the Marquis Ito is ill and that Hokko is at present occupied with other affairs.

Japan, it is declared here, will take advantage of this delay and she is threatening to annul the negotiations already started between Tang Shao Yi, the Gov-

ALL RUN DOWN

In the spring—that is the condition of thousands whose systems have not thrown off the impurities accumulated during the winter—blood-humors that are now causing pimples, boils and other eruptions, loss of appetite, bilious turns, indigestion, and other stomach troubles, dull headaches and tired feelings.

Hood's Sarsaparilla removes all these troubles; cures all these troubles; sharpens the appetite, renovates, strengthens and tones the whole system. This is the testimony of thousands annually.
