

JURY IS SECURED TO TRY RUEF CASE

Twelve Men Selected From Among 600 Examined by Lawyers.

LAST MOVE FOR DELAY

Accused Grafter Will Ask Court Once More for Change of Venue Before Taking of Testimony Begins.

- MEMBERS OF THE JURY IN THE RUEF CASE. John L. Vermilye, hay and grain dealer. Valentine Franz, contractor. F. J. W. Anderson, contractor. James E. Lenson, lime and cement dealer. S. R. Crooks, real estate. William M. Leverone, butcher. John Kossmann, grocer. Edwin Wright, automobile supplies. Patrick Conolly, retired saloon-keeper. Isaac Penny, contractor. Robert Trowl, contractor. W. F. Swift, lumber dealer.

SAN FRANCISCO, April 28.—The jury to try Abraham Ruef, former political boss of San Francisco, on the first indictments charging him with bribery, was completed this afternoon after both sides had exhausted their peremptory challenges. The taking of testimony will commence tomorrow afternoon, the morning of the court being taken up by Judge Maurice T. Dooling, of San Benito County, who is sitting for Superior Judge Frank H. Dunning in the Ruef case. In hearing arguments on the motion made by counsel for the defense for a change of venue on the ground that there exists such a state of prejudice and bias in the public mind in this city that Ruef cannot have a fair and impartial trial. In support of this motion counsel for Ruef will introduce the files of all the daily papers in San Francisco and one in Oakland, from October 15, 1906, to date.

Will Offer Scrap-Books. In addition to these volumes of the daily papers, which it is alleged have worked up such a state of public opinion against Ruef that it is impossible for him to obtain a fair trial, counsel will offer in evidence several scrap books filled with hundreds of articles and many cartoons, the files of all the weekly papers in this city, one printed in Los Angeles and another in San Francisco, and articles and comments upon the bribery-graft prosecution in San Francisco. It is generally believed that Judge Dooling will deny the necessity of a change of venue. The work of empaneling the jury which is to try Ruef consumed 18 days and over 600 names were drawn before 12 men, acceptable to both sides were obtained. The particular charge upon which Ruef is first being tried is the offering of a bribe of \$1000 to Jennings J. Phillips, for his vote upon the Parkside trolley franchise.

Jurors to Be Prisoners. Immediately upon completion of the jury, Judge Dooling, after expressing his regret for the necessity of depriving them of removing it from all possible influence, ordered that the 12 men be locked up and not allowed to separate until the end of the trial. This brought forth a vigorous protest from some of the jurors, one of them, W. F. Swift, asking the court "Whether that was constitutional," that Judge Dooling finally relented and conceded that the jurors might be at liberty until tomorrow afternoon in order that they might arrange their business affairs. Assistant District Attorney Henry G. H. Umbsen, a prominent real estate man, Joseph Green and W. I. Brobeck, the latter a well-known attorney, all three of whom were interested in the Parkside trolley franchise and were jointly indicted with Ruef, having, according to the prosecution, testified in the grand jury that they paid Ruef \$25,000 to get the proposed franchise with a promise of \$150,000 more.

Line on Testimony. From the questions asked by Ruef's counsel during the examination of jurors, it is believed that Ruef will claim that the money was a fee paid to him as an attorney. On the other hand, it has also been asserted that his co-defendants will testify that "Ruef held up" the company controlling as he did the Board of Supervisors.

JURORS TAKE AN AIRING Judge in Ford Case Heeds Their Plea for Change.

SAN FRANCISCO, April 28.—The jury in the Ford case today protested to Judge Lator so to the length to which the trial is being extended, and the inconvenience they were suffering in consequence. Through the ballot, in whose custody they are when not in the courtroom, they sent a message to the judge asking that night sessions be held, as their business interests were suffering because of their prolonged absence. Judge Lator took the matter up at the close of today's session and told the jury that he was satisfied with the progress of the case but he thought it would work a hardship upon attorneys and stenographers to hold night sessions, but he proposed as a compromise an evening at the theater for the jurymen. Some of the jurors, however, wanted even for a walk, thinking fresh air was what they most needed. The final scheme was that those who wished should walk, and those who did not, should remain at the hotel in guard of a third ballot. The testimony today was almost entirely a repetition of that given on former trials.

FORGIVES TYRANT HUSBAND Woman Who Was Beaten and Handcuffed Not to Get Divorce.

TACOMA, Wash., April 28.—(Special.)—After having suffered severe cruelty at the hands of her husband and taking steps to have him sentenced to a year in the County Jail, and then beginning suit for divorce, Mrs. Marie J. Gandy has decided to forgive and forget. She intends to drop the divorce proceedings and again live with Clinton E. Gandy, after the expiration of his year's sentence. "She wants to drop the case and has dropped it," said Clinton E. Gandy, the husband. "She would not have asked for a divorce if it had not been for

her father. The little girl wishes to live with me, and will do so after I get out." J. M. Arntson, attorney for Mrs. Gandy, says: "Every time Mrs. Gandy calls on Gandy she weakens under his influence and wishes to call the case off, and it was only the persistency of the father that made her prosecute her husband. So far, I have received no instructions to drop the case." Mrs. Gandy says the case will be dropped, and refuses to discuss the matter.

May Make Special Rate. OLYMPIA, Wash., April 28.—(Special.)—The State Railroad Commission has signed an order to enable the Spokane & Inland Electric line to avoid the long and short haul theory and make a special five cent rate on lumber to apply solely from Palouse to Colfax and not intermediate points. This is to enable the electric road, which has about three times as long a haul as the steam roads between these points, to meet the competition of the steam roads and for the particular benefit of Colfax people who now have to purchase lumber outside. The Colfax mill has been sold to the Potlatch people.

Cuts Food With Ax. RAINIER, Or., April 28.—(Special.)—J. L. Grimes was brought to this city about 1 o'clock this afternoon in a very critical shape from a wound received from an ax while working for the Wisconsin Lumber Company, at Oak Point and while using his ax he made a mis-stroke which caused the ax to glance, striking the right side of the right foot and completely severing all the muscles and arteries. He was brought here as quickly as possible and placed upon the operating table. He is now in a fair way for his recovery. He resides at Astoria.

BROWN AIDS DEPOSITORS TELLS WHERE TO FIND SECURITIES OF WRECKED BANK. Convicted Banker Gives Information Leading to Recovery of Millions. Gives Up Secret Code.

SAN FRANCISCO, April 28.—J. D. Dainell Brown, vice-president and manager of the California Safe Deposit & Trust Company, today gave information to E. J. Le Breton, receiver of the bank, which will add \$1,000,000 to the fund for the depositors. He also told facts to the receiver and to Assistant District Attorney Hoff Cook, which had the effect of causing Le Breton to decide to keep the El Dorado Lumber Company, the Carnegie Brick Works and the glass works at Stockton going at a profit for the benefit of the depositors. "That Brown's information relating to the whereabouts of securities which will give \$1,000,000 more to the depositors is believed to be correct was vouched for by Cook and by Hiram Johnson, attorney for Brown. They expressed themselves as sanguine that the receiver would secure recovery of the property, which is Western Pacific stock of the value of \$1,000,000 at par, and in another year or 18 months the stock will have a definite market value. Brown also gave up the cipher code book used by himself, Walter J. Barnett and John and James Treadwell. This code was secret and original, each of its owners having a copy. Cook said unhesitatingly that it contained the key to letters which had been in possession of Brown, to whom they were written by Barnett and the Treadwells. The letters are now in the safe of the District Attorney's office."

MAY INDICT ANARCHISTS New Jersey Grand Jury Instructed to Investigate.

PATERSON, N. J., April 28.—Justice James E. Linturn, of the County Court, in a charge to a new grand jury, called upon them to indict the editor, publisher and person responsible for the circulation of the anarchist paper La Question Sociale, which was recently suppressed. The attention was called to it by Attorney General Roosevelt. Justice Linturn said the prosecutor had directed his attention to the issue of the paper advocating the burning of public buildings and the seizure of police stations and armories. "Two Presidents already have fallen victims to individuals who were led on to commit murder by reading just such articles," said the justice to the jury. "Within your knowledge and mine a reverend clergyman, formerly of this city who went to another state to minister to the people there, lost his life at the hands of a misguided individual who had been a reader of incendiary literature."

MEET HERE SEPTEMBER 24 Date Set for Columbia Conference, M. E. Church South.

NASHVILLE, April 28.—The College of Bishops of the Methodist Episcopal Church, South, adjourned today after announcing the plan of episcopal visitations to the assemblies are the following: Bishop James Atkins, first Columbia Conference, Milton, Or., September 6; Columbia Conference, Portland, Or., September 24; Pacific Conference, Stockton, Cal., October 7; Los Angeles Conference, Los Angeles, Cal., October 15; Oklahoma Conference, Oklahoma City, Okla., November 4.

FIVE HURT ON A WARSHIP Boiler Tube Explodes on Britannia Off Portsmouth Harbor.

PORTSMOUTH, April 28.—The explosion of a boiler tube on the British battleship Britannia, during a full-speed trial today injured five men, four severely and one slightly. The accident occurred when the ship was on a wireless telegraph to this place and late tonight she anchored at Spit Head. The injured were not brought ashore until this morning, when they could be had with the battleship tonight.

Rescue Looter From Mob. NEW YORK, April 28.—East New York firemen and policemen fought desperately last night to save from a mob of hundreds of excited people, a man who had been caught coming out of a burning tenement-house on Chester street, loaded down with household goods, jewelry and money, which the mob leaders told the police belonged to the tenants. After having been badly beaten by the street forces he was taken to the police station and locked up on a charge of burglary. The man, who said he was Joseph Schmilowitz, a butcher out of work for several months.

Willamette Medics Graduate. SALEM, Or., April 28.—(Special.)—The annual commencement exercises of the Willamette University College

MESSAGE BRINGS LOUD APPLAUSE

President's Reference to the "Soft-Bodied" Millionaires Cheered in House.

TALKFEST BY MEMBERS

Roosevelt Praised and Criticized. Byrd of Mississippi Urges Removal of Tariff on Cotton. Other Subjects Handled.

WASHINGTON, April 28.—Obviously considering the sundry civil appropriation bill, the House devoted most of its time today to speeches covering a wide range of subjects and concluded the session by giving an attentive hearing to the President's special message, although nearly every member had read the message in the newspapers, a large number remaining in their seats, casting forth the words of the reading clerk. When the portion of the message referring to the multi-millionaire "whose son is a fool and his daughter a foreign princess" was read, a storm of applause, equally loud on both sides of the House. Mr. Lake, of New Jersey, made some caustic remarks concerning the President, evoking applause on the Democratic side. Sumptuary laws and especially the shutting out from Army posts of the canteen were the subjects of remarks by Mr. Goebel, of Ohio. Realize Dream of the Age. Predicting that Roosevelt policies would prevail at the next National Republican Convention, Mr. Madison, of Kansas, paid a glowing tribute to the President, declaring that his forestry achievements alone had realized "the dream of the age." The advantage the country would reap from the manufacture of all of its cotton in the United States was the subject of a stirring speech by Mr. Byrd, of Mississippi. By abandoning the protective tariff on cotton, he believed that result would be achieved. Need for further education and restriction of immigration were discussed by Mr. Burnett, of Alabama, who deprecates the condition of immigrants from Southern Italy. Discuss Pension Matters. Mr. Alken, of South Carolina, advocated the passage of his bill to limit the jurisdiction of Federal control over interstate commerce to permit states to control the liquor traffic within their borders. Representative Keffer, of Ohio, discussed pension legislation and directed caustic criticism toward the bill introduced by his colleague, General Sherwood. Later, Mr. Anshery, of Ohio, in a brief speech defended pension measures presented by General Sherwood. Other speeches were made by Representatives Hitchcock, of Nebraska, Wheeland of New York and Hamilton of Missouri. At 5:36 P. M., the House took a recess until 11:30 o'clock tomorrow morning.

SENATE VOTES PENSION BILL District of Columbia Appropriations Also Disposed Of.

WASHINGTON, April 28.—The pension and District of Columbia appropriation bills were passed by the Senate today. In addition the special message of the President urging a legislative programme was read and another chapter of Senator Warner's speech on the Brownlie affair was heard. Several measures of minor importance and the resolution of the House to give Government aid to cyclone sufferers in the South were passed. The resolution to extend the time when the commodity clause of the railroad rate law shall become operative was called before the Senate by Mr. Elkins, but went over under objection from Mr. Culberson. The Senate at 5:37 P. M. adjourned.

Exchange Gold Bars for Coin. WASHINGTON, April 28.—The Senate committee on finance today ordered favorably reported a bill authorizing the Superintendent of the Mint and the United States Assay Office at New York to receive United States gold coin and deliver in exchange gold bars of equal value in amounts of not less than \$100,000, to be in the interest of gold workers and jewelers.

Carries \$163,053,000 for Pensions. WASHINGTON, April 28.—The pension appropriation bill, carrying \$163,053,000 was passed by the Senate in four minutes today, just before adjournment. No change was made in the bill as it came from the Senate committee.

Message Read in Senate. WASHINGTON, April 28.—The message of President Roosevelt, further outlining the legislation which he desires to have enacted by Congress before adjournment of the present session, was read to the Senate today.

Stock Broker a Suicide. NEW YORK, April 28.—Charles Coster, of the stock brokerage firm of Coster, Knapp & Co., of 66 Broadway, shot and killed himself in his home tonight. No cause is known for the act.

CITY FATHERS IN FIGHT Georgetown Officialdom Mixes in a Saloon Free-for-All.

SEATTLE, Wash., April 28.—(Special.)—The row between Mayor Mueller, of Georgetown, and the Council, which has involved the City Marshal, the Police Justice, and in fact all of Georgetown's officialdom, culminated early this morning with a free-for-all fight in a saloon in which half a dozen men who hold official positions were engaged. The fight followed a warm session of the City Council, at which one of the Councilmen was chosen chairman pro tem. to put a motion which the Mayor refused to put. The Council also reduced the salary of Marshal Johnson, who has the Mayor's backing, to \$1 a month, and cut off the salary of Taylor, his assistant, altogether. Following the Council meeting the action taken was being discussed in the saloon when Taylor and a contractor named Rollins mixed. Others were involved.

Owl Secretary a Forger Official of Seattle Nest Alleged to Have Passed Bad Paper.

SEATTLE, Wash., April 28.—(Special.)—A warrant was issued today for the arrest of H. J. Murray, who until the other day was secretary of the Nest No. 9, Brotherhood of Owls, charging him with forgery. The lodge has refused hitherto to discuss the reason for the removal from office of its secretary. It is now alleged that he abstracted a number of blank checks from the back of a warrant book of the lodge and has since been filling them out for various sums and signing the name of R. C. Blacker, executive of the lodge. The names of both the executive and secretary were necessary to make the warrants good. Five checks, which it is charged are fraudulent, have been returned.

Steamer Argo Ashore. EUREKA, Cal., April 28.—The steamer Argo, Captain Taylor, of the Eel River Transportation Company, which is now running on a regular schedule between Port Kenyon, Eel River, and San Francisco, went ashore this morning on the south spit of Port Kenyon, there being no loss. The Argo is not damaged in any way and is so situated that with a high tide it is expected she can be pulled into dry dock. An attempt will be made tonight to float her.

COLVILLE DOES NOT SUFFER

COLVILLE, Wash., April 28.—(Special.)—A heavy rainstorm, accompanied by a liberal shower of hail, fell here Monday morning, but small damage has been reported to the fruit crop and the gardens, which are just now putting forth their tender shoots. Notwithstanding the variety of weather during the past four weeks, much of it calculated to alarm the orchardists, reports are general to the effect that there will be a full crop of fruit this year.

Oregon People in Chicago. CHICAGO, April 28.—(Special.)—Oregon people registered at Chicago hotels as follows: From Portland—Charles Jennings, at the Brevort. From Corvallis—W. P. Lafferty, at the Brevort.

Barkentine Chehalis Arrives. ASTORIA, Or., April 28.—(Special.)—The barkentine Chehalis arrived off the coast Monday morning, and was given orders from the pilot schooner to proceed to Coos Bay to load.

CARS COLLIDE; NINE DEAD SERIOUS TROUBLEY ACCIDENT NEAR YPSILANTI. Thirty Men and Women Injured. Four Seriously—Motorman Said to Have Overrun His Orders.

DETROIT, April 28.—Two large interurban trolley cars on the Detroit, Jackson & Chicago Railway, a part of the Detroit United Railway System, running from Detroit to Jackson, collided head-on this afternoon while running about 45 miles an hour, 25 miles west of here, near Ypsilanti. Nine men were killed and about 20 men and women injured, some of them seriously. All of the severely wounded were taken to the University Hospital at Ann Arbor. A mistake of orders on the part of Motorman Isa Fay of the limited motor car, who was crushed to death beneath the vestibule, is alleged to have caused the collision. It is charged that he overran his orders. The dead: Motorman Isa Fay, Jackson. John Enagot, Detroit. Charles Carmen, Detroit. George E. Howard, Detroit. Jack McMullen, tailor, Syracuse, N. Y. Garburah Grown, Detroit. Three unidentified men. Four of the injured are in a critical condition.

LOOK FOR FOSSIL HORSE Scientists Plan Expeditions into Nebraska and Wyoming.

NEW YORK, April 28.—Preparations are being made at the American Museum of Natural History to send geological expeditions into as many states in the West in search of Paleontological specimens. The first party, it has been determined, will leave in a few weeks and will leave in June and the last will start in August. At the head of the first party are Dr. W. D. Matthew and A. S. Thomson. They will go to Nebraska, where they will continue their investigations to the ancestry of mammals, such as three-toed sloths, and to the Pleistocene period, which scientists have agreed was at its flower 1,000,000 years ago. The second party goes to Wyoming for an investigation of the deposits of the eocene period, which is placed some 2,000,000 years in the calendar of the scientists. While Dr. Matthew and Mr. Warner will look for the three-toed horses, Walter Granger, of the museum will try to find its ancestor, the four-toed horse, a specimen of which, almost beyond value to the museum, has just been placed on exhibition. It was found in the Wyoming beds in 1886, and has been mounted with great care.

BELIEVES DEATH NEAR Kenosha Man Prepares for End Foretold by Seer.

CHICAGO, April 28.—Nels Christensen, a well-educated Dane, 26 years old, is in jail at Kenosha, Wis., waiting for his death, which he believes will occur some time in the near future. He has made his last farewell to his friends. Christensen came to Kenosha from Copenhagen last June. Before he left his native country a Dane fortune-teller told him he would be arrested on April 26 and that he would die two days later. He also told him he would find in the jail a one-legged man, a Dane, and a cross-eyed man. He was picked up in Kenosha yesterday, talking incoherently. Awaiting at the door of the jail were Harry Hansen, a Dane, Christian Hansen, who has only one leg, and Ole Hertzberger, who is cross-eyed. When Christensen saw the three men he threw up his hands and cried: "It's no use! Then he fell in a faint on the floor. Since that time he has been preparing for death. Physicians attending him say his condition is such that he may not survive."

NEW HOUSE FOR SALE. Buy a lot in Evanston and we will build you any style house you want on easy payments. Prices increased 20 per cent after May 1. The Spanton Company, 270 Stark street.

Oregon People in Chicago. CHICAGO, April 28.—(Special.)—Oregon people registered at Chicago hotels today as follows: From Portland—F. S. Morris, W. E. Muir, W. H. Hurlbut, W. P. Keedy, at the Auditorium Annex; Thomas McCusker, N. B. Taylor, Watson Eastman, at the Stratford; M. Barde, at the Great Northern; Mrs. George Whiteside and family, at the Victoria.

Cleveland Improving Daily. LAKEWOOD, N. J., April 28.—Grover Cleveland, who is ill at a hotel here, was reported today to have passed a very good night and said to be improving daily.

By mail for 25c in stamps. Send for any substitute. Trial package FREE. Address Allen E. Olmsted, Le Roy, N. Y.

MANUEL TO BE CLOSELY GUARDED AS HE RIDES TO CORTES.

LISBON FULL OF TROOPS Authorities Will Take Every Precaution—Becomes Known That Late "Royal Advances" Released to \$1,500,000.

LISBON, April 28.—Great concern exists lest the reopening of Parliament tomorrow may be the occasion of a fresh outrage—possibly an attempt on the life of the young King Manuel, who in accordance with traditions, must go in state to the Cortes to pronounce the opening. The city is full of troops and the entire route from the Necessidades palace to the Parliament house will be lined with soldiers. The King will travel in a closed carriage surrounded by lanciers. Some time ago a plot was discovered, said to be a direct sequel of the tragedy of February and a man named Halanague was arrested, but the evidence failed to procure incriminating evidence and he was released. The Republicans and Francoists seem to have completed preparations to precipitate an onslaught on the government shortly after Parliament opens by reviving the scandals in connection with the "royal advances" obtained by the late King Carlos from the treasury. The young King apparently sincerely desires to make every possible amendment; he wanted the whole question investigated and reported on, expressed his intention of repaying to the treasury the money illegally advanced. No commission, however, was appointed. It is thought that the secret of the failure to comply with the King's request was that the amount credited to the King on the treasury books was \$1,500,000, as everybody supposed, but that the sum liquidated by Franco was approximately \$1,500,000. The most sensational revelation, however, is that the royal family has actually received only \$730,000. The remaining \$800,000 having been absorbed in the process of transmission by the "rotatives" then in control.

TACOMA MAN THEN FIRES BULLET IN HIS MOUTH. Affair Followed One of Numerous Violent Quarrels—Each Has a Fighting Chance to Live.

TACOMA, April 28.—George S. Klontze, a former resident of Salt Lake City, aged 22 years, shot and probably fatally wounded his girl-wife while she and her were wheeling their eight-month-old baby along the street this afternoon, and then, turning the weapon upon himself, placed the muzzle of the revolver in his mouth and fired a shot, intended for his brain. The shooting followed a violent quarrel which occurred about two hours before. The woman is only 17 years of age and since the couple's marriage about a year ago quarrels have been numerous and Klontze was last December fined heavily for assaulting his wife. The would-be murderer talked freely of his crime, blaming it to his wife's refusal to let him see the doctor, and the assaulter are both in St. Joseph's Hospital, the former with few chances of recovery, attending physicians state, and the latter guarded by an officer from police headquarters.

BRITISH DESTROYER SUNK Run Down by Scout Boat During Naval Maneuvers.

HARWICH, England, April 28.—The British torpedoboot-destroyer Gales was run down and sunk early today off Kentish Knock, in the North Sea, by the scout Attentive. The torpedoboot-destroyer Ribble also was involved in the collision and returned to Sheerness with two compartments full of water. The Ribble was engaged in night maneuvers when the accident occurred. Engineer Lieutenant Frank A. Fletcher, of the Gales, who was in his bunk at the point where the destroyer was struck, went down with the vessel. There was no other loss of life. The accident to the destroyer today resembles in many respects that which was met by the torpedoboot-destroyer Tiger, which collided with and was sunk by the British cruiser Beowulf while engaged in night maneuvers off the Isle of Wight on April 2. The number of lives lost on that occasion was 36.

75c Fownes Lisle Gloves, 49c Pr. "Fownes" two-clasp Lisle Gloves, in every wanted color; also black and white. Always 75c pair.
