SCORES ON JEROME

Lawyer Pierce Forces Him to Admit Damaging Fact.

LET POLITICIANS GRAFT

No Evidence as to Campaign Contributions Ever Laid Before Any Grand Jury, Except by Accident.

NEW YORK, April 29.—District Attorney Jerome, at the hearing of the charges against him, before Commissioner Richard L. Hand, admitted today, during a colloquy with Franklin Pierce, counsel for the petitioners for Jerome's removal, that no evidence as to campaign contributions was ever laid before any grand jury while he has been District Attorney, except such as came out incidentally in other cases. The admission was made after Mr. Pierce had asked for the minutes of the grand jury, which considered the insurance cases, and after Mr. Jerome had refused to produce the minutes unless ordered to do so by a Judge of the Supreme Court. Mr. Pierce had taken up charge No. 5, which is to the effect that Mr. Jerome was derelict in presenting the insurance cases to the grand jury. Mr. Jerome explained that he could not become aware of what the minutes contained unless he had access to them. "Well," said Mr. Jerome, "there never has been any evidence as to campaign contributions laid before any grand jury in the county while I have been District Attorney, during either term of office, except incidentally as it was mentioned in connection with other matters."

Gets What He Wanted. "That is just what I want. Now I do not need the minutes you alluded to," said Mr. Pierce. Mr. Pierce then took up the matters contained in the sixth charge against Mr. Jerome. He said that on June 23, 1904, the New York Life Insurance Company sent to Kidder, Peabody & Company, of Boston, \$250,000, and on June 27, 1904, that firm acknowledged receipt and stated that it was sending by registered mail to the insurance company, \$1,000,000 worth of Mexican Central Railroad Company, limited, 5 per cent gold bonds, purchased with the money in question. Mr. Pierce declared that these bonds were purchased by the New York Life Insurance Company and were disposed

FIXES TITLES IN KLAMATH

HAWLEY HAS RESOLUTION REGARDING SWAMP LANDS.

Overflow Lands, Which Originally Were Given to State, Have Since Been Included in Reservation.

OREGONIAN NEWS BUREAU, Washington, April 29.—Representative Hawley has introduced a resolution to adjust title to swamp and overflow lands in the Klamath Indian reservation. About 1800 the Government granted to the State of Oregon all overflow and swamp lands within its boundaries. Part of these lands were subsequently included in the Klamath reservation and are now claimed by the Indians. Hawley's resolution protects the interests of the state and will require either that title to these swamp overflow lands shall be vested in the state or that the state shall have the right of selecting other lands in lieu thereof.

MONEY FOR UPPER COLUMBIA

Engineer Board Recommends \$175,000 for Kettle Falls Work.

OREGONIAN NEWS BUREAU, Washington, April 29.—The Army Engineer Board has submitted its report on improvement of the Upper Columbia River between Bridgeport and Kettle Falls, recommending an appropriation of \$175,000. Of this amount \$75,000 is to be expended for the construction of a plant and the balance to defray the cost of labor. No dredging is necessary, but many boulders will have to be removed from the rapids. When this is done, the river will be open to navigation. No appropriation can be secured until next session, as there will be no river and harbor bill this year.

PUTS HAMER OUT OF THE RACE

Idaho Delegation Gives Congressional Aspirant Land-Office Job.

OREGONIAN NEWS BUREAU, Washington, April 29.—The Idaho delegation today turned a clever political coup in securing the appointment of Thomas H. Hamer, of Saint Anthony, as Receiver for the Blackfoot Land Office. Hamer was a candidate for Congress against Representative French, but his appointment to the land office takes him out of the Congressional race. Hamer's nomination was sent to the Senate today.

BARTELS FAINTS AT TRIAL

OREGON WITNESS IN BENSON CASE OVERCOME.

Portland People Testify in Land-Fraud Case of Having Disposed of School-Land Right for Cash.

WASHINGTON, April 29.—A sensation, not on the programme of either side, was provided in the Criminal Court today when H. F. Bartels, of Portland, Or., one of the witnesses called by the Government to testify in the so-called land-fraud investigation, suddenly became ill and lapsed into unconsciousness. Mr. Bartels had just left the witness stand after testifying concerning his connection with one of the minor transactions by which it is sought to establish the conspiracy to wrongfully acquire state and Government public lands, as alleged against the four defendants, Hyde, Benson, Diamond and Schneider. The Government continued today offering the same character of testimony with which most of the last two days have been consumed. Lillian York, of Portland, Or., and Fred Wittenstram, of Rocco, being the first two witnesses called. The latter stated that he sold his "school land rights" for E. J. St. John, wife of Milton York, who testified yesterday, stated, however, that the signature of her name as it appeared on the application and assignment blanks, were forgeries.

See's Story Drives Him Insane.

CHICAGO, April 29.—Nels Christensen, who expected to die in the county jail at Kenosha, Wis., in fulfillment of a prophecy made by a Danish fortune teller, was taken to an asylum yesterday. That the man was made insane by the suggestions of the fortune teller is the belief of the physicians.

Amateur Billiard Tourney.

NEW YORK, April 29.—In the international amateur championship billiard tournament at the University of Chicago, Chicago, the national amateur champion, defeated Edward W. Gardner of Passaic, N. J., 60 to 26. This afternoon Charles P. Conkin of Chicago defeated J. F. Poggenburg of New York, 60 to 28.

NEW ALASKA SALOON LAW

Committee Reports Measure to Break Up Perambulating Joints.

WASHINGTON, April 29.—The House committee on territories today made a report on a bill to regulate liquor licenses in Alaska. It is the purpose of the bill to break up what is known as "perambulating saloons" in that territory. Heretofore, the retail licenses have been of a graduated character, ranging from \$1500 a year in towns whose population is below 500. Under the bill proposed today a flat retail license of \$1000 is provided and provision is made that no license shall be issued except in an incorporated town or in one where there is a resident commissioner or United States Deputy Marshal. It is claimed by Governor Hoggatt and others in Alaska that under the present law a saloonkeeper can pay a license of \$500 and then move his saloon to any part of the territory as long as he does not get into a town containing over 500 people. This system enables him to follow construction camps and other small bodies of men, and it is claimed that this practice has proved injurious. In the new bill the wholesale license remains at \$2000, as under the present law.

CHILDREN SING TE DEUM

Liturgical Part of Catholic Centenary in New York Closed.

NEW YORK, April 29.—At noon today the liturgical part of the celebration of the Catholic centenary was practically closed with the singing of a grand Te Deum by 600 children gathered in St. Patrick's Cathedral to observe Children's day, and at 8 o'clock tonight the lady began its series of rejoicing with a public meeting at Carnegie Music Hall. The evening meeting was presided over by ex-Judge Morgan J. O'Brien, and others on the stage were Cardinal Gibbons, Cardinal Logue and Archbishop Glennon. The principal speakers were Cardinals Gibbons and Logue, Bourke Cochrane, Dr. James J. Walsh and Paul Fuller. The speakers commented on the growth of religious tolerance in the past century. Cardinal Logue deplored the frequency of divorce in the United States.
