STATE TREASURER UNABLE TO GO TO SALEM TODAY.

Condition Not Serious, and He Expects to Resume His Official Duties in a Few Days.

Goes Back to First Husband.—Mrs. Lucy Jory, arrested Wednesday for being a muchly married woman, got out of all her trouble yesterday by effecting a reconciliation with husband No. 1, more commonly known as J. W. Jory. Husband No. 2, K. Edmonson, will recline in the City Jall for a few days mourning the cruel, cruer prank that Cupid played upon him. Jory, a Civil War Veteran well past 60, seemed only too glad to get back his 25-year-eld wife, notwithstanding the fact that she had married another since he saw her last. He was even willing to pay the coats necessary to dismissal of the charge against her. And since the woman was seemingly quite anxlors to forget the husband No. 2 episode, Deputy District Attorney John Stevenson signified his willingness to let the woman go unprosecuted. Edmonson was less fortunate. Deserted by his supposed wife, whom he married at Hillsboro only a few weeks ago, he was left to answer to a city charge which will mean a term of from ten days to six months if he is found guilty.

FLOWER THIEVES AT WORK.—Flower thieves are the latest brand of larcenists to make their appearance in Portland. Rich reported the theft of a valuable potted asparagus fern, yesterday morning. The fern was taken from the front porch of her home. Where Streetcars Stop.—Patrons of the streetcars of Portland would do well to remember that beginning today cars will stop to take on and discharge passengers only on the near side of crossings; that is to say, before crossing intersecting streets, whether carlines are on those streets or not. By taking cognizance of this change in the stopping of cars, much unnecessary annoyance on the part of those who desire to board them will be avoided. An order has been issued to motormen and conductors that passengers will be permitted to get on and off the front platform when crossings happen to be muddy.

CITY COURT MAKES MONEY

Police Judge's Fines in April Ne Profit of \$1328

By the monthly report rendered yesterday by Clerk Hennessy, of the Municipal Court, it was shown that the receipts for that court for the month of April, 1908, were \$1578. Of this amount, \$1428 were collected as fines, forfeitures and costs from city cases and only \$149 from state cases. The only expenses incurred by the court during April were the salaries of Judge Camapril were the salaries of Junga Cameron and Clerk Hennessy, leaving a net profit to the city treasury of \$1328.

During Judge Cameron's term of nearly three years the expenditures made by the Judge were unusually small, and in contrast to this, the revenue derived by the city from this course has shown a steady increase for

From May 1, 1805, Judge Cameron has assessed fines, etc., aggregating \$64,381.35. THINK ROLES IS SUICIDE

Friends Believe He Has Drowned Himself to Prevent Disgrace.

Frank E. Roles, 1196 East Yamhill street, is missing and while the police regard him as a fugitive from justice, there is an inclination on the part of friends and relatives to believe Roles has committed suicide to avoid the discrete of arrest on a charge of chical street.

grace of arrest on a charge of obtaining money by false pretenses.

A warrant for the young man's arrest was issued a week ago and placed in the hands of an officer for service. When the officer went to the house, Roles got out through a rear window and disap-

peared. It was charged against him that he falsely represented himself as the agent of an insurance company and thereby collected \$15.90 from J. P. Shir-ley. The fact that he was without money and took no effects with him from the house and that the police have been unable to get any trace of him has given rise to the theory that he drowned him-self in the Williamette River.

VOTE ON BRIDGE LOCATION

Peninsula League Members Announce Themselves.

At the meeting of the Peninsula Development League last night in the library room at Peninsula station, it was the opinion of station, it was the opinion of the members present that the Madison bridge should be rebuilt, with approaches at East Mill and Sec-ond streets on the East Side and Front and Clay streets on the West Side. The matter was brought to the attention of the league by A. Van Hoomissen, who set forth the reasons for the new location. He contended that as the new bridge would be paid for by the whole city the people on the Pen-insula had a right to have a say where it should be located.

It was reported that in the matter of

a through highway down the Penin-sula, the city had employed an engi-neer who was laying out a system of boulevards, which would include this highway. It would not follow closely the boulevards now opened, but it would start at Piedmont and end at St. John, which was what the local clubs have been working for.

In regard to improved car service, it was reported there has been some conflict among the organizations. A number of petitions have been presented to the car company, some of which con-flict with each other. So great had been this confusion that the officials of the company say they have been un-able to find out just what the clubs are asking for. However, it was reported that the company has given an im-proved service during the rush hours.
