

MAN MOURNED AS DEAD HOME AGAIN

Henry Jones, Missing for Five Years, Returns to Wife at Medford.

UPSETS STORY OF MURDER

Oregon Convict Had Made Affidavit as to Jones' Death and Human Bones Were Found Where He Had Directed.

MEDFORD, Or., April 30.—(Special.)—In May, 1903, Henry Jones, a young farmer living on the north end of this county, suddenly disappeared leaving a young wife and infant son. Early one morning that year he left for Grants Pass with a sum of money to deposit in the bank there. That same night he was seen in a saloon in Grants Pass and that was the last heard of him in this part of the country.

As his family relations had always been pleasant and he left home bright and happy, his disappearance remained a mystery until two years later, when one Ingram, who was tried in the Circuit Court in Josephine County, convicted, and sent to the penitentiary at Salem, made an affidavit that Jones was murdered for his money and his body was cut up and placed in a sack and disposed of. Several months later a sack containing human bones, which were supposed to be those of Jones, was found in the lower Rogue River.

Oral Jones, his wife, was appointed administrator of his property. Early this month Jones appeared to meet him in British Columbia. She did not make the trip, and he came to her, and the two are now in this city.

ANKNY BUSY IN PIERCE

Senators' Friends Reported to Be Working Against Cushman.

TACOMA, Wash., April 30.—(Special.)—Caucuses were held by the Republicans tonight to nominate candidates for delegates to attend the county convention May 6. The caucuses and the convention have suddenly assumed a new importance because of the alleged attempt of Ankeny men to undermine Congressman Cushman in this, his own county.

Four weeks it is said Ankeny emissaries have been going out through the county, quietly working for a convention that will be friendly to the Congressman only in name. Various baits have been held out and they have been so cunningly contrived that the hook behind them has not been perceived. It was of course impossible to make an open fight against Cushman in this city and county. So resort has been had to the gun-shine method. The real prize at the state convention will be the National committee. The Ankeny forces will try to capture that, as they believe that the friendly committee will be an aid to the senator in his candidacy for re-election.

CITY RECORDER DEFENDANT

Seaside Lumber Company Not Satisfied With Judicial Decision.

SEASIDE, Or., April 30.—(Special.)—As an aftermath of a civil suit to recover money under a garnishment, held before City Recorder E. A. Allen, sitting as a justice of the peace, an interesting case is to be tried in Astoria, with Seaside's City Recorder in the role of defendant.

Pearl Meade and Arthur Clarke, employees of the Seaside Lumber Company, were sued by Mr. Otto, a merchant of this place and their wages attached.

Both of them being married, they claimed the legal exemption of 50 per cent allowed by the statute, and the recorder allowed the claim. When the money was paid the recorder handed Mr. Otto 50 per cent of it, deducted the costs from the remaining 50 per cent and proffered the balance to the defendants, who have entered suit in Astoria against Seaside's Recorder to recover the 50 per cent exempted, with costs and disbursements of the suit.

BOAT FOR THE UPPER RIVER

New Steamer to Be Launched for Pasco-Priest Rapids Run.

SPOKANE, Wash., April 30.—(Special.)—The passenger steamer Kennecott will soon be launched from a Seattle shipyard. She will be taken from Seattle around to Portland, there delivered to Captain Landy, and from Portland will be brought to Pasco by mail and passenger boat between Pasco and Priest Rapids on the Columbia.

The plans and specifications were exhibited in Pasco today by C. A. Landy, owner of the A. Landy Company of Kennecott, the principal stockholder in the boat. The plans show a model river craft, 58 feet long, with 12-horse beam and a power efficiency of 130 horse.

The holiday concludes with a dance at the Armory at the evening.

REDS HOLD REVIVAL

Big Indian Camp-Meeting on Umatilla Reservation.

COME FROM THREE STATES

Forty Nez Percés Arrive From Idaho, Bringing Three Ordained Preachers—Monster Tent Erected to Hold Cents.

PENDLETON, Or., April 30.—(Special.)—One of the biggest Indian camp-meeting revivals in the history of the Umatilla Reservation is now in progress near this city. Indians from three states and a dozen reservations are now here and more are arriving daily.

The largest single delegation arrived this evening and consisted of about 40 Nez Percés from Northern Idaho. Three ordained preachers were among them. Large numbers are also here from Yakima.

The Tutuila mission building was found to be altogether inadequate to accommodate the crowds, and a monster tent has been secured. Hundreds of wigwags are also springing up about the grounds as the Indians will make that place their abode for the next ten days.

COLLEGE HOUR UNDER OAKS

Speeches, Refreshments, Parade and "Grass Fight" on Campus.

UNIVERSITY OF OREGON, Eugene, Or., April 30.—(Special.)—A new custom, that of the "college hour," was introduced at the university yesterday. The entire student-body and faculty members were divided into classes and a number of short talks were given. Refreshments were then served.

After the talks the students formed a serpentine and nearly gave the campus gardener heart failure by parading on the grass. The sophomore and freshman classes indulged in a grass fight which furnished much amusement. The "hour" was a success and will probably become a regular varsity custom.

ASTORIA, Or., April 30.—(Special.)—C. H. Gram, State Factory Inspector for Oregon, has been in the city during the past few days and reports that the child labor law is being violated here. BAD BILL MEN ARRESTED

City Takes Counterfeiting Suspects Up for Vagrancy.

Four floaters of bad currency known as Saylor, Dorsey, Cavness and Wells, who escaped conviction in the United States Court because their offense did not come within the scope of the law, are to be dealt with by the city. Saylor was arrested yesterday by the police on a charge of vagrancy and the others are being looked for on similar charges. Inasmuch as they have been doing no useful work while in the city, they are held to be amenable to the vagrancy law.

The quartet passed currency made from the plates of the Insolvent Merchants & Planters Bank of Savannah. The money thus printed is very difficult to detect. Inasmuch as it was not shown that the four men printed the currency, they got off, notwithstanding they had passed considerable bad paper on the Coast. The plates of the defunct bank have been hunted for by secret service men for many years, but cannot be found.

Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but one direction would be preferable on a hot day to a stove radiating heat in all directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.
