STEAL FOUR BAGS OF MAIL

TRAIN ROBBERS ALSO GET GOLD BULLION.

Amount of Loss Not Known—Messenger Tells Straight Story, but Investigation Is Being Held.

COLUMBUS, O., May 1.—The St. Louis Express on the Pennsylvania Railroad, which was held up last night 10 miles west of Pittsburg, arrived at the Union station here early today, 40 minutes late. The crew confirmed the story of the hold-up by two men at Walker's Mill, and say the bandits escaped with four sealed bags containing mail. They state that a number of express packages and a quantity of gold bullion were taken, but do not know the value of the property. The Adams Express people here refused to make any statement.

Noah H. Roshon, of Columbus, the express messenger, states that two men entered his car at Walker's Mill, and covered him with revolvers. Then they tied him with ropes and rifled the car. As the train approached Walker's Mill, they pulled the signal cord and stopped the train. They made their escape when the train slowed up. The conductor, L. J. Lafferty, was attracted to the express car by the

signal, and found Roshon helpless. He learned that three bags were rifled by the men who entered the car. What they obtained is only a matter of conjecture, even to the officials of the express company, at this time. It is believed, however, that the booty is of great value.

Roshon, the express messenger, on arriving here, the end of his run, was taken in charge by the local management of the Adams Express Company, and was questioned.

There are some features of his story with which the officers are not satisfied, and they are trying to get at more of the details of the robbery.

Conductor Lafferty states that he knew nothing about the robbery until he heard the signal to stop, which came from the express car. He saw no one leave the train, but hurried to the express car as soon as the slow-down began.

The contents of the bags were scattered about, and he found Roshon lying on the floor, bound so tightly that he was entirely helpless. The messenger was released at once and told the conductor the same story he repeated after his arrival here. Messenger Roshon has been in the employ of the Adams Express Company as messenger for about nine years. Previously to that he was a conductor on the Panhandle road, having worked himself up from a brake-man. He was 53 years old, and has worked on the railroad for about 29 years. Roshon's wife, who has always been anxious concerning the safety of her husband on his trips, said that he carried revolvers, and was prepared for any emergency. She said, however, that he said her over the telephone that

SHIELDED BIG SINNERS

JEROME CHARGED WITH FAVORING HIGH FINANCIERS.

Gave Ryan and Vreeland Immunity. Helped Ice Trust by Turning Guns on Independents.

NEW YORK, May 1.—Before Commissioner Hand, who is hearing evidence on charges against District Attorney Jerome, Franklin Pierce, counsel for the complainants, today called for the evidence taken by a grand jury in the Wall and Cortlandt-street ferries cases, in which Thomas P. Ryan and H. H. Vreeland testified.

"We contend," said Mr. Pierce, "that Mr. Jerome could have gone before the grand jury with the evidence that he had and secured indictments. Instead he called Mr. Ryan before the grand jury and forever barred the road to prosecution."

Mr. Jerome agreed to submit the evidence privately to the Commissioner, with the understanding that Mr. Pierce shall not be allowed to read it. Mr. Pierce asked for an adjournment until Monday, when he promised to take up Mr. Jerome's investigation of the American Ice Company. He said Mr. Jerome investigated the company for half a day and then turned the investiga-

GLIMPSE OF WARSHIPS

FLEET WILL STOP FOR TIME OFF YAQUINA BAY.

Navy Department Consents to Allow Battleships to Halt in Passage North.

NEWPORT, Or., May 1.—(Special.)—The battleship fleet will come to a stop off Newport, on the Oregon coast, for a short time on its way to Puget Sound, in order to give the people of this state an opportunity to see the big fighting machines of Uncle Sam's Navy. The fleet will reach a point off Yaquina Bay about May 22. Excursions will be run by the Harriman lines to carry people to Newport, where steamers will take excursionists out to sea to see the battleships at close range.

Requests were made of the Navy Department to permit the vessels to stop at Yaquina Bay on their way north, and it was learned yesterday that the response of the Navy Department was favorable. William Matthews, of Newport, who has been active in the movement to get the fleet to halt off Yaquina Bay, telegraphed General Passenger Agent McMurray of the Harriman lines in the territory yesterday that the effort has been successful and Washington officials have

agreed to arrange the cruise of the fleet north from San Francisco so that the warships will stop for some time off Yaquina.

Newport people expect the fleet of fighting ships on May 22 and the Commercial Club will make arrangements to give the officers and crews a royal welcome. It has been suggested that the people gather large numbers of rhododendrons, which cover the hills near town at this season, and take the flowers out to the ships.

The Southern Pacific will make special rates for the event from all parts of the state. It is expected that travel to the Yaquina Bay resort will be heavy. Arrangements are now being made to run special trains over the Southern Pacific valley lines and the Corvallis & Eastern, the connecting Harriman lines.

F. G. Buchtel City Sealer. Fred G. Buchtel was appointed to the newly-created position of city sealer of weights and measures by Mayor Lane yesterday morning, and Ernest D. Jones was named as his assistant. Deputies, to serve without pay, are to be appointed to supervise the work in each coal and wood-yard of the city, and must furnish a bond of \$50 each, as a guarantee that they will enforce the law.

SOCIAL LEADER A BURGLAR.

SAN FRANCISCO, May 1.—"Dr." W. W. Goelet, graduate of Columbia College and traveler, who was married to a young society woman of Oakland four months ago, is in the Berkeley city prison, charged with the burglary of eight residences and apartment-houses in Oakland and Berkeley. His name appeared on most of the hotel and apartment-house registers as D. F. Wyrthe, an alias he acknowledged. Some time ago he traveled with Benjamin Fay Mills, the pulpit lecturer, as Mills' private secretary.

Goelet was compelled to leave Los Angeles under a cloud of charges of theft. He had also been secretary for Dr. Blidewell, a noted evangelist. Goelet is 35 years old, a native of Virginia. His parents, it is said, live in Washington, D. C. He was in the Spanish War, serving in the hospital corps in Cuba.
