

BAILEY GATZERT BEATS CHAS. R. SPENCER IN THE DALLES AFTER AN EXCITING CONTEST.

Beats Chas. R. Spencer in the Dalles After an Exciting Contest.

CLOSE RUN TO VANCOUVER

Vessels Leave Portland Together and Spencer Reaches Barracks Town a Length Ahead—The Gatzert Makes Record Round Trip.

The steamer Bailey Gatzert, of the Regular Line, Captain Fred Sherman, landed at The Dalles at 2:30 o'clock yesterday afternoon, 13 minutes in advance of the steamer Chas. R. Spencer, Captain Spencer, after one of the fastest passages and one of the hottest contested races in the history of steamboating on the Willamette and Columbia Rivers. The return trip of the Gatzert was made in record time, for she left The Dalles at 2:50 and tied up at her dock in Portland at 8:56, making her time for the round trip 15 hours and 6 minutes.

Both vessels left their docks at 7 o'clock in the morning and proceeded through the harbor under double-lead, the Spencer leading. The steel bridge was passed at 7:06 and both craft were saluted by the bridge tender. Thirteen minutes later the vessels passed the four mill and the Spencer maintained a lead of half a boat length until Linton was reached, when the Gatzert picked up and whisked to pass the Spencer who on the inside and had the right of way. At the mouth of the river she made the turn into the Columbia closer to the Oregon shore and forged ahead three boat lengths. The Gatzert picked up a little on the stretch to Vancouver and the Spencer landed first.

Each craft picked up a few passengers and the race was renewed. The Spencer was on the dock side and was compelled to back out. Captain Sherman took advantage of the situation and drove the Gatzert ahead, leaving Vancouver two boat lengths ahead. The lead was maintained to the Locks and the Regular boat passed the Gatzert.

Neither vessel carried any freight to speak of, and each was trimmed for speed. Between Portland and Vancouver was the most exciting race ever known and racing ever seen in local waters. Each craft carried a large number of passengers and they all entered into the spirit of the contest. The Gatzert was likewise excited and a number of waters were made on the result. The gambling opened when somebody bet a dollar that the Spencer would beat the Gatzert into the Columbia. Small bets were then made on all sides as to which would dock at Vancouver first. As the distance increased the bets were made in larger and larger amounts. A considerable money was placed on the arrival at The Dalles.

"We will pick up a few lines when the Spencer gets warm up," said Captain Spencer, in speaking of the race. "The machinery has all been down and is not in good running shape. Besides, we have an entire new crew and the engineers are not thoroughly accustomed to the boat. I think I will be on the river for awhile yet and it is possible that a rate war may result."

Notice to Mariners.
The following affects the List of Lights, Buoys and Beacons, Pacific Coast, 1908.
OREGON.
Columbia River, buoy pages 26, 67, 68, 69 and 70—South channel bell buoy, marked "38", in block, heretofore reported missing, was temporarily replaced by a red buoy, marked "38", on April 27, 1908. The buoy was replaced by a second-class spar buoy, marked "38", on May 27, 1908.
Columbia River buoy, a black first-class spar buoy, marked "38", in block, heretofore reported missing, was replaced by a second-class spar buoy, marked "38", on May 27, 1908.

Shipping News of Tacoma.
TACOMA, May 4.—The British steamer Livingstonia completed her cargo of wheat at the Halford dock this afternoon. She has 400 long tons for delivery in the United Kingdom.
The German steamer Ise cleared this afternoon for Comox, B. C., for bunker coal. She will leave port early in the morning. The Ise returns here to load for North China ports in the Jensen & Ostrander fleet.
The Norwegian steamer Minerva will complete her cargo of lumber at the St. Paul mill in the morning and will shift at once to the bunkers. She will probably leave out during the day for Melbourne, Australia.
The American barge America is discharging 300 tons of copper ore at the Tacoma smelter.
The fishing steamer Zaphira is expected to leave out on a fishing cruise tonight.

Weekly Concert for Seamen.
The concert given last evening at the Portland Seamen's Friend Society, corner Third and Planders streets, under direction of Mrs. May D. Schwab, was a very high-class one. Every number was a star. The singing by the Lakme Quartet was very fine, and each of the members of the quartet sang solo. Miss Glance also sang and received a great deal of applause. The program: Lakme Quartet, Mrs. Schwab, Miss Lytle, Miss Connolly, Mrs. Bushong, Mrs. W. E. Thomas accompanied. Mrs. Schwab, solo; Miss Connolly, solo; Stuart McGuire, solo; two German songs; Mrs. Schwab, solo; Mrs. Bushong, solo; Miss Lytle, solo; Miss Glance, solo; Lakme Quartet, Cooper's orchestra rendered several selections.

Passengers See Naval Parade.
Passengers on the steamship Rose City, which arrived from San Francisco last night, witnessed the unusual spectacle of a fleet of warships at sea. When the Rose City was off Cape Meares the squadron of Admiral Scheer was sighted proceeding south at the rate of 16 knots. Captain Kid, of the Rose City, sent his compliments to the Admiral, by wireless. The commanding officer promptly returned a message and wished the Rose City a pleasant voyage.

Bark Kelburn Reaches Astoria.
ASTORIA, Or., May 4.—(Special.)—The British bark Kelburn arrived in this afternoon, after an uneventful trip from Mejlholms, and will load lumber at the Tongue Point Lumber Company's mill and Linton. The Kelburn failed to bring the Consular bill of health required by the Treasury regulations, but she has not entered at the Custom-House yet.

Steamer Metlako Is Inspected.
Assistant Inspectors Ames and Welden inspected the steamer Metlako yesterday at Vancouver. It was the annual inspection of the vessel. The Metlako has been engaged as a tender on construction at the Columbia River bridge since construction first began. The Assistant Inspectors also tested the hose and fire apparatus on the Vancouver ferry.

E. A. Beals Returns From Coos Bay.
Weather Forecast Official E. A. Beals returned to Portland yesterday from Marshfield, where he inspected a new station. Mr. Beals has been on Coos Bay for the past ten days. Daily data will be received from there and Mr. Beals is confident that the station will be of great value to marine men and others.

Armeria Undergoing Repairs.
The lighthouse-tender Armeria, Captain Gregory, arrived at Seattle last night and will undergo repairs at the Puget Sound Machine Works in the Sound city. The vessel will be laid up for nearly a month, and when the work is finished she will outfit for Nome and points to the far West in Alaska.

PASTORS GO EAST

Oregon Methodists Will Attend General Conference.

MEETING AT BALTIMORE

Matters of Vital Importance to Denomination Will Be Considered at Quadrennial Session at This Month.

The general conference of the Methodist Episcopal Church will open its quadrennial session in Baltimore, Md., tomorrow, and will continue in session throughout the month and perhaps longer, holding its meetings, as is usual, at night meetings. Every question relative to the denomination in the world is reviewed and acted upon there. New laws will be made, others modified or repealed and a vast amount of business of great importance to the church transacted.

Delegates to the general conference are now gathering in Baltimore, those from Portland and Oregon all having left here within the past few days. They are Rev. William B. Hollingshead, presiding elder of Portland district; Rev. Rowland, presiding elder of Salem district; Rev. J. W. McDougall, pastor of Mount Tabor Methodist Church; B. Lee Grant, of Portland; H. T. Gibby, of Grants Pass, who goes in place of Senator B. A. Booth, of Eugene, and C. D. Minton, of Salem.

Matters of vital importance to Portland, Or., and the entire Pacific Northwest, as well as the denomination in general, are to be acted upon, and the session will undoubtedly go down in history as the greatest ever held.

Of particular interest to Portland, is the question as to whether the Pacific Christian Advocate, the official organ of the church in the Northwest conference, shall continue to be published in this city. An effort has been made by certain interests to have the paper consolidated with the California Christian Advocate, and published at San Francisco. Rev. D. L. Rader, editor of the Pacific Advocate, has been working very hard to bring up the circulation and advertising of the paper, and in this connection it will be possible to demonstrate to the publishing agents and to the delegates, who by their votes are to decide the matter, that Methodism in this section of the country could not spare the paper. He will be backed by the entire Northwest delegation, in demanding continued life for the Advocate.

The Pacific Christian Advocate's editor, to have charge for the next four years, will be chosen at the general conference, and great interest is being taken in it. It is quite generally believed that Dr. Rader will be re-elected to the position.

Northwest delegates will also make a strong effort to secure legislation regarding what will be known as the Fifteenth General Conference District. In this effort, David H. Moore, resident bishop for Oregon, with episcopal residence at Portland, will assist. If this new district is granted, it will give Western Methodism greater prestige and a stronger voice in denominational politics.

The Northwest delegates carry with them, among other things, resolutions petitioning the general conference to reorganize the general conference district. A large petition has been forwarded to Rev. J. W. McDougall by Sunnyside chapter of the Epworth League, memorializing the general conference to retain intact the paragraph of the constitution which forbids Methodists participating in "worldly amusements" among which are enumerated dancing and playing, gambling, theater-going, card-playing, and other such things. This petition is from a large number of chapters throughout the Oregon conference.

Arrivals and Departures.
PORTLAND, May 4.—Arrived—Steamship Northland, from San Francisco; steamship Rose City, from San Francisco. Sailed—Steamship Northland, for San Francisco. Sailed—Steamship Rose City, for San Francisco. Sailed—Steamship Northland, for San Francisco. Sailed—Steamship Rose City, for San Francisco.

HEALING RADIUM SPRING
Curative Properties in Water of Austrian Uranium Mines.
Daily Consular and Trade Reports.
Consul John S. Twells, of Carlsbad, furnishes the following information concerning the discovery that the water in the Austrian uranium mines contains radium, and is of high medical value in certain diseases.

About eighteen miles from Carlsbad in the small town of St. Joachimstal, where the Austrian government has one of its tobacco factories, and about three miles from the town, up in the hills, at a place which is difficult to reach, are the imperial uranium works, which have become famous during the last few years on account of the radium found in the uranium stone. There is also a government factory at St. Joachimstal, where chemical colors are made from the uranium and shipped to all parts of the country. About two years ago the imperial managers of the uranium mines made a report to the government authorities that the water of the mine was found to contain radium, and medical experts have since declared that these waters are of high medical value in certain diseases.

Gives Bank Two Days' Respite.
BOISE, Idaho, May 4.—Judge Wood today gave the directors of the suspended Capital State Bank two more days in which to perfect plans for the reopening of that institution. If a definite statement cannot be made by that time he will direct the receiver to proceed with closing up the affairs of the bank.

Greatest Nerve and Blood Tonic

No. 2. M. I. S. T. No. 2.

I have given personal inspection to the working of M. I. S. T. on the human system, and must say that it entirely meets my professional sanction.

We Guarantee M. I. S. T. No. 2 will Cure or We Will Refund Your Money
RHEUMATISM, no matter how long standing. Any case of Inflammation of the Bladder or Enlarged Prostate Gland, no matter if the patient has been for years forced to use a catheter. BLOOD POISON IN ANY STAGE. ANY CASE OF DIABETES.
Any case of Stricture without local treatment. In addition to the above M. I. S. T. No. 2 has cured many cases of Paralysis, Locomotor Ataxia, Spinal Trouble and apparently incurable diseases of the nerves and has removed from the system cancer and cancerous growths.
M. I. S. T. has been on the market for over 20 years, and has cured thousands of sufferers. It is prescribed by leading physicians all over the country. It is pleasant to take and absolutely safe. It never increases or diminishes the action of the heart. If you are suffering from any chronic disease you are urged to write to us, no matter how many doctors or kinds of medicines you have tried without relief. WE GUARANTEE TO CURE YOU or refund your money. That you may judge of the value of this Great Remedy for yourself, we will send you one week's treatment by mail FREE, only asking that when cured yourself you will recommend it to others. Write confidentially to our medical department, giving symptoms. \$1 per box, or six boxes \$5.

Moose Drink at Pump-Trough.
Kennebec Journal.
James Tibbetts, of the Neek Road, Benton, has been entertaining strange company for several days. Early last week Mr. Tibbetts went to the barn and turned out his stock. When he stepped in the barnyard a few minutes later to start the water at the pump he was surprised to find a bull and a cow moose apparently waiting for the water.

Mr. Tibbetts went directly to the pump and began raising water for the stock. As the water poured from the spout into the pig trough among the first of the animals to reach it were the strangers. Each moose drank its quantity and then slowly walked past the farmer to a low place in the fence, where such leaped over and struck off across the field in the direction of the woods.

Every morning since the creatures have appeared in the barnyard when Mr. Tibbetts has turned on the water, the strange part of the affair lies in the fact that the farm is well watered by three small brooks which keep running all winter and the Sebasticook River is but a few hundred yards away. It is possible the creatures have discovered something in the brooks and in the river which sets their taste going in another direction, for they are watering regularly at the Tibbetts pump.

Known as "Mephisto's Ring."
London Answers.
It seems strange to have these days of a ring which is believed to have an evil influence over its owner, and which is known as "Mephisto's ring." Yet such a ring exists, and until recently was in possession of the Spanish royal family. The ring is set with a very large emerald, in the center of which is inserted a ruby.

It is first heard of in the 16th century, since when the Kings who owned it have suffered disasters unlimited, which in whole country has gradually sunk from its former eminent position. When the late Hispano-American War broke out, the ring was presented to a church. The sacred building shortly after was destroyed by fire. The next resting-place of the ring was a museum, which was twice struck by lightning while holding the illuminated jewel.

The fatal ring has now, it is said, been packed in a strong box and securely buried. It remains to be seen whether this will put an end to its "mystic" power.

Thorough Cures for WEAK MEN
An unbroken record of cures during all these years is positive proof of the value of my Direct Method Treatment. For 29 years I have specialized in treating the diseases of men only.
A great many people do not seem to understand the difference between the regular practitioner and the medical expert who has devoted his life study to say, three or four complicated diseases. They seem to have the impression that any physician cures any disease with equal success. It is an everyday experience to have a patient say: "I have tried nearly every remedy sold by druggists for my trouble," and the invariable verdict is "No benefit." Another man says: "I have been treated by several family physicians in my neighborhood who thought they could cure me, but the results proved other- 29 Years in Portland, Wis.

More Men Might Be Well
There are scores and hundreds of afflicted men who believe their cases incurable because treatment of the past has resulted in failure, and who through this belief are being kept in a feeble and complete health. I do not claim that there are no incurable cases, but I do claim that many cases are incurable only because the patient has not been treated by the correct and scientific methods that I exclusively employ. I offer free consultation and will accept for treatment no case unless I am confident of its curability and a complete cure. My fee is \$10.00, and I guarantee a cure or my fee is refunded.

My Successful Treatment for Weakness
Dosing the system with powerful stimulants and tonics in an effort to restore health is not only a waste of money, but it is seldom necessary that the patient be treated in this manner. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and is aggravated by stimulating the system with powerful stimulants and tonics. My successful and fully effective treatment for "weakness" which effects a permanent cure by restoring the system to a sound and healthy state. I obtain complete results in every case I treat.

Varicocele, Its Complete Cure Without Surgery
Under my treatment most cases of varicocele are cured without any operation. There is no cutting, no pain, and it is seldom necessary that the patient be detained from his occupation. Normal circulation is at once restored throughout all the organs, and the natural processes of the body are again established. If you are afflicted with varicocele, consult me at once. Delay can but bring on aggravated conditions and nervous complications that will impair the vital functions and injure the general health.

DR. TAYLOR'S CURE

My Direct-Method Treatment Offers a Positive Cure for Every Ailing Man

The methods I devised twenty years ago for treating men's diseases proved a radical step in medical science. Those methods have enabled me to cure diseases that were formerly regarded as incurable. In working out my methods I held the theory that Nervous Debility, functional ailments, prostatic affection, and therefore, merely local, I reasoned that its constitutional effects were simply the results of a tremendous waste of energy due to inflammation of the prostate gland that this being true, a local treatment could alone effect a cure. Thereupon I devised the treatment I employ today with such marked success. Indeed, I have never known this treatment to fail to effect a complete and permanent cure in a comparatively short time.

My treatments for other diseases peculiar to men are also along original lines and are equally successful. My special treatment is an open door to manly vigor and all the pleasures of life. I have cured thousands of men who have availed themselves of my services. It has been and is my life's work to aid afflicted men, alleviate their suffering and restore them to health and vigor.
