Evelyn Nesbit to Aid Thaw to Escape From Asylum.

NOW IN A COUNTY JAIL

Pending Decision on Writ of Habeas Corpus, He Will Remain in Custody of Dutchess County—He Gains 40 Pounds in Asylum.

POUGHKEEPSIE, N. Y., May 4—

Temporarily, at least, Harry Kendall Thaw is out of the Matteawan Hospital for the Criminal Insane. As a result of today's proceedings on the writ of habeas corpus, brought in an effort to have him declared sane, he will remain in the Dutchess County Jail until the final decision on the writ is handed down. The formal hearing in the case will come before the Supreme Court here next Monday. The adjournment was taken upon the request of a representative of the District Attorney of New York County to give District Attorney Jerome an opportunity to appear in person to oppose Thaw's release from the asylum. In the meantime, Thaw will remain in the Dutchess County Jail here instead of returning to Matteawan. Thaw appeared to be in excellent health today, having gained fully 20 pounds in weight since his transfer to the asylum from the Tombs. Evelyn Nesbit to Help.

Will Try Bachman for Murder.

EASTON, Pa., May 4.—Henry Smith and his wife, parents of Irene Smith, the little girl who was strangled to death by Robert Bachman while in a religious frenzy at Nazareth last Monday night, were released from prison today upon the order of Judge Scott, who held that there was no evidence to connect them with the death of the child. Mrs. Bachman was also released on the same grounds. The Smiths and Mrs. Bachman were held in \$2000 bail each to appear as witnesses against Bachman. Bachman's brother, a wealthy and prominent cement manufacturer, is on his way East from California and it is stated he will put up a strong fight in defense of the prisoner, who, the District Attorney declares, will be indicted and tried for the murder of the Smith child.

Creeland Currency Bill May Pass the House.

TABLED BY COMMITTEE

Speaker Blocks Attempt to Prevent Conference and Opposes Long Debate—New Compromise Proposed by Payne.

WASHINGTON, May 4.—

Notwithstanding the fact that the committee on banking and currency today voted to table the new Creeland financial bill, the impression prevailed among many members that that measure would be adopted at the conference of Republican members of the House to be held tomorrow night. The vote in committee by which the Creeland bill was tabled was 15 to 3. The vote in committee by which the negative, The committee adopted a resolution offered by Waldo, of New York, requesting that suitable time be given, a week if possible, for discussion in the House of all pending currency measures. Chairman Fowler was authorized to lay this request before Speaker Cannon.

Effort to Compromise.

During the afternoon strong efforts were made to effect a compromise on the financial question and the proposition adopted some time ago by Payne, the Republican leader, was taken up by Fowler and other members of the committee as the basis for an argument. This proposition allows any National banking association, which has circulating notes outstanding secured by deposits of United States bonds to an amount equal to its capital stock paid in, to take out additional circulation upon depositing United States bonds or certificates of indebtedness authorized during the Spanish-American War. The proposition was acceptable to some of the House leaders and also to members of the banking and currency committee.

UNIONISTS NOT SATISFIED

Want Explanation of Asquith's Statements on Home Rule.

LONDON, May 4.—Disappointed by Premier Asquith's answers on the subject of home rule for Ireland, given in the House of Commons April 30, in reply to a question by Walter Long, Conservative, the Unionists again raised this question in the House this afternoon. They elicited a statement from the Premier that he was not responsible for the construction placed by John E. Redmond and the Irish League on the utterances of Winston Spencer Churchill during his Manchester campaign. The only statement the Premier authorized was that it was not possible for any one to determine now what issues would be placed before the country at the next general election, but the disabbling pledge given at the last election applied only to the existing Parliament, and thereafter the Liberal party would claim to possess an absolutely free hand to deal with the problem of Irish government.

Marksmen for Camp Perry.

WASHINGTON, May 4.—Before he left Washington last Monday for the Pacific Coast, Secretary Metcalf decided to limit the selection of candidates for the Camp Perry, Ohio, small arms matches to the marksmen who are attached to ships on the Atlantic Coast. This, it is feared, will seriously cripple the team at Camp Perry for the reason that most of the members of the 1907 team are with the ships on the Pacific Coast.
