How Women Can Keep Themselves Cheerful

Women live indoors; they exercise little. They're as harmless as food. You never know you have taken one, save for the good results. One ten-cent box will change six unhappy days into six days of good cheer. Aren't they worth it? Such conditions are wrong because they are unnecessary. One Cascaret—taken just when you need it—sets everything right. One candy tablet ends completely most of our minor ills. Cascarets are so gentle, so natural, you wrong yourself if you don't take them. They are not like salts and pill cathartics, which injure the stomach and bowels. They are not like any harsh physic, followed by griping and pain.
