ATTENTION ECONOMISTS Our 262nd Friday Economy Sale

Meet Miss M. Milne the Royal Worcester Expert

We are fortunate enough to have secured for a limited time the services of Miss Milne, a corsetier of long experience and thoroughly familiar with the construction of every model made by the Royal Worcester Corset Company. She is here to demonstrate the advantages of the Royal Worcester, Bon Ton and Sapphire corsets over all others made. The only Corsets we carry are those made by the Royal Worcester factory; there is a model to fit every figure, a grade to please every purse, whether your preference is for the modest prices, numbers selling at 50c, \$1.00 and \$1.50, to the very best to be had (the Sapphire), we can give you one perfectly suited to your figure and a good value for the price. Miss Milne will be here only a short time and we urge all our friends to come early and have their fittings while she can give them personal attention. Special attention is called to the famous **ADJUSTO DOWAGER** (the Royal Worcester model that has gained immense popularity with women of full figure). It models the back into youthful lines reducing the abdomen in the twinkling of an eye

SENDS TROOPS TO TIFLIS

Russia Preparing to Punish Brigands in the Caucasus.
ST. PETERSBURG, May 7.—The military preparations now being made by Russia on the Turkish frontier have attracted the attention of the foreign consuls in the Caucasus, and several of these representatives have

sent in reports regarding the uneasiness of the population and the expectation of trouble with Turkey. A consular representative from Batoum received at one of the embassies here details of the arrival by sea of Russian artillery, a great quantity of ammunition and stores of provisions, which are being forwarded to the south. Furthermore, the military authorities are getting together large quantities of army supplies. It has been learned here that the

Sunjensk cavalry regiment left Tiflis, May 2, for the Turkish frontier, and the Caucasian army corps will be in the vicinity of Kars early in June, ostensibly for maneuvers, although these exercises generally are held at the end of the Summer. A battery of mountain guns has left Kiev for the Caucasus, and the railroad lines running to the Caucasus continue to be burdened with munitions of war for the force assembling at Tiflis. No news has been received here for

several days past of the Russian punitive expedition into Persia. It seems that the detachment is marking time, pending the arrival of sufficient reinforcements to administer an adequate lesson to the brigand tribes. Tomorrow and Monday positively the last days for discount on West Side gas bills. Remittances must be received before discount period expires. PORTLAND GAS COMPANY.

DIES WITH GUN IN HAND

Express Messenger Murdered by Robbers, Who Get Little.
DENVER, May 7.—Train robbers, who boarded Denver & Rio Grande train No. 4, at Castle Rock, early this morning, murdered Express Messenger Charles H. Wright, aged 60, employed by the Globe

Express Company, took his keys, opened a small safe in the baggage car and took the contents, worth at least \$100. A big safe in the car which contained a large sum of money and the combination of which is known only to clerks of the company in the principal stations along the route, was tampered with, but the robbers were unable to enter it. The body was discovered by G. M. Bishop, chief night clerk of the Globe Company's office at the Denver Union depot and B. M. Peterson, his assistant.

These men went to the car to get express and could not get through the door, which should have been opened by Wright. Wright was lying beside the big safe in a pool of blood. Wright was one of the oldest messengers in the business, and lived with his wife and family in Denver. The robbers entered through a side window, which they broke open. From this window they shot and killed the messenger, who died with his gun in his hand.
