Entertainments to Officers of Fleet.

At the banquet, as well as the grand ball at the Hotel Alexandria, Los Angeles-Pomery was used exclusively, also at the State banquet at the Fairmont Hotel and the Citizens' banquet at the St. Francis Hotel, San Francisco, tendered to the officers of the United States fleet, Pomery Champagne was served. Pomery was also selected by the Shriners for their grand banquet at the Golden Gate Commandery Hall, San Francisco, to the exclusion of all other brands, again demonstrating that Pomery is the standard for champagne quality.

Helena, Mont.—Howard Elliott, president of the Northern Pacific, announces that his company will throw open immediately 200,000 acres of land near Glendive and in the near future 600,000 acres near Billings. Deeds will be conditioned on residence.

TELLS ABOUT EXPLOSION

Half-witted Man Describes Blowing Up of Train.

BUTTE, Mont., May 8.—In a detailed confession Lewis Ferris, the young Italian who dynamited the Burlington train near this city Friday night, in which two men lost their lives, tells of breaking the lock on the powder-house of the West Olive Branch mine with a rock, stealing 45 sticks of dynamite and placing the entire amount on the track. He watched the explosion and helped the conductor to summon aid. His story concerning the theft of the powder has been corroborated. Ferris declares that he alone is to blame for the dynamiting and claims that his general demeanor impress one as being those of a half-witted person. From evidence in the possession of the officers it is believed that Ferris at-

tempted the hold-up of the North Coast Limited of the Northern Pacific about ten days ago at Welch's Spur east of Butte.

Entertainments to Officers of Fleet.

At the banquet, as well as the grand ball at the Hotel Alexandria, Los Angeles-Pomery was used exclusively, also at the State banquet at the Fairmont Hotel and the Citizens' banquet at the St. Francis Hotel, San Francisco, tendered to the officers of the United States fleet, Pomery Champagne was served. Pomery was also selected by the Shriners for their grand banquet at the Golden Gate Commandery Hall, San Francisco, to the exclusion of all other brands, again demonstrating that Pomery is the standard for champagne quality.

ENDS HIS TESTIMONY

President Says Harvester Trust Did Not Raise Prices.

JEFFERSON CITY, Mo., May 8.—Cyrus H. McCormick, president of the International Harvester Company of America and New Jersey, completed his testimony today in the hearing of the ouster suit. Mr. McCormick told further of the organization of the International Harvester Company, of New Jersey. He said that of the \$120,000,000 capital stock, \$20,000,000 was contributed by J. P. Morgan & Co., of New York, and the other \$100,000,000 by five harvester companies whose property was sold to the company and was appraised at \$56,000,000. He said the company had expended \$15,000,000 since 1902 in betterments and that dividends amounting to \$22,200,000

had been paid in the past five years by the New Jersey Company.

Mr. McCormick said that prices remained the same after the merger in 1902 until this year, when again an increase of 5 per cent had been made in the selling price for 1908.

FILE ANSWER FOR THAW

Lawyers Allege That Client's Commitment Was Insufficient.

FOUGHKEEPSIE, N. Y., May 8.—Counsel for Harry K. Thaw today filed a traverse to the return on Thaw's writ of habeas corpus. The chief question raised by the traverse is the constitutionality of Thaw's commitment to the Matteawan State Hospital. It is alleged that the return made by Dr. Amos T. Baker is invalid, null and void. It is claimed that the commitment is insufficient for Thaw's further detention because it does not show that Thaw was ever arraigned before Justice Dowling, who made the commitment, or that any witnesses were produced or examined in his presence; or that Thaw had any opportunity to deny the charge of insanity; or

that his going at large would be dangerous to public safety.

Should Justice Morschauer decide that Thaw was not constitutionally committed to Matteawan he probably would order Thaw discharged without any inquiry as to his sanity.

SHORTS HURRY TO COVER

Government Crop Report Upsets All Calculations of Speculators.

NEW YORK, May 8.—The Government crop report today upset all calculations in the local wheat market, causing a rush of shorts to buy to protect their contracts. Prices jumped about 2 cents a bushel in the last hour and exporters buying everything in sight, taking nearly a million bushels on the fear of a small crop of Winter wheat. Owing to tight stocks here May corn went to 83 cents a bushel, a gain of 3 cents over last night's closing, and a new high record for the present crop.

Small Stockholders Object.

ABERDEEN, Wash., May 8.—(Special)—When the recent sale of the steamer A. G. Lindsay comes before Judge Irwin, of the Superior Court tomorrow for confirmation, it is alleged the smaller stockholders, through their attorneys, will petition for the setting aside of the sale. The smaller investors lose all they subscribed if the sale is declared legal.
