Three Men Stated for Bishops to Be Elected Wednesday—Hughes' War on Betting and Church Union Are Approved.

MAY TAX AMERICAN HOPS

British Lords Discuss Ruin of Industry in England.

LONDON, May 11.—The "dumping" of American hops into England was the subject of some debate in the House of Lords today. The Unionists pleaded a duty of 10 on every hundred weight of the American product in order to save the life of the dying local industry.

Lord Carrington, president of the Board of Agriculture, on behalf of the government, accepted the resolution urging the government to give this matter its attention, but he declined to consider the suggestion of a tax. The American hop-growers, he said, were no better off with a duty of 14 per cent than were the British cultivators with free trade. The whole problem could be summed up in one word: "Overproduction."

ENDS THREE DAYS AGONY

GALLAGHER STICKS TO STORY ABOUT PARKSIDE GRAFT.

Questions Accuracy of Shorthand Reporter and Thereby Opens the Door for Much Evidence.

SAN FRANCISCO, May 11.—James L. Gallagher, chairman of the finance committee and leading member of the Schmitz Board of Supervisors, had another trying day on the stand in the trial of Abe Ruef, for whom he confessed to having acted as agent in the various bribery transactions. It was Gallagher's third day on the stand and he was under cross-examination, re-direct and re-cross-examination during the day, counsel for the defense finally getting through with him at 5 o'clock.

Gallagher, while at times confused and tangled up by the rapid fire of questions of Henry Ach, chief counsel for Ruef, and vague and indefinite as to time and places of conversations, doggedly stuck to his story that Ruef instructed him to inform the other Supervisors that each member of the Board would receive \$500 to pass the Parkside trolley franchise. Ruef previously having told him "to hold up" the Parkside people's application until he "could see about it."

Ruef's trial is now in its sixth week and in order to hasten its conclusion, Judge Maurice T. Dooling will hold night sessions all the way through.

Jennings J. Phillips, the ex-Supervisor, whom Ruef, through Gallagher, is charged with having offered a bribe of \$500, which is the particular indictment upon which he is now on trial, was placed upon the stand tonight. He testified to Gallagher's telling him that there "would be \$500 in it" to pass the ordinance granting the Parkside franchise.

Gallagher admitted that he, with the other ex-Supervisors, held a contract of immunity given by the prosecution.

"As a lawyer, you know that the contract cannot be legally enforced, and you know that the District Attorney could repudiate it if he wanted to, and prosecute you, do you not?"

"That's a question of law. I cannot agree with you on that," replied Gallagher.

When confronted last Friday with his testimony before the grand jury and his statement to District Attorney Langdon, Assistant District Attorney Henry and Rudolph Spreckels at the Gladstone apartments in March, 1907, when he testified that Ruef said there "ought to be \$500 in it" for each Supervisor in granting the Parkside franchise, instead of there "would be," as testified by him in this trial, Gallagher declared that

SING PORTLAND'S PRAISES

Grocers Boost City for National Convention in 1909.

BOSTON, Mass., May 11.—(Special.)—Singing the refrain of verses which they hope will enthrone the members of the Retail Grocers' Association convention to be held in Portland, the next convention, the citizens of Portland, who arrived from the West in their beautiful private cars, are entertaining lavishly, giving life to the convention and working constantly to gain their goods. Here are the words of their catchy song:

"Roses fragrant, roses rare; roses, roses everywhere. Come to Portland, we'll treat you fine. We want you there in 1909."

Hundreds of badges and souvenirs from Portland are being given out.

The association began its annual convention today with a total attendance of over 1000. P. B. Connolly, of California, made one of the addresses to the address of welcome.

MURDERER TO BE HANGED

BUTTE, Mont., May 11.—George Rook, who pleaded guilty last week in the District Court of Powell County to murder in the first degree, was sentenced today to be hanged June 15. Rook, with three other convicts, made a desperate attempt to escape from the state penitentiary, Deer Lodge, during which they killed Chief Guard John A. Robinson and desperately wounded Frank Conley, one of the prison contractors.

The Day Looks Different After a Cascaret

No need of those days when you are not at your best. Headache and dullness are generally due to the bowels. You know that, but you put off the treatment till night. That is wrong, for it means the waste of a day. A single Cascaret, taken the moment you need it, makes everything right very soon. You will feel in an hour as you hope to feel the next morning.

You can't use harsh cathartics and pills in that way. They irritate the bowels and cause griping. The pain is worse than the headache. But Cascarets never gripe.

Tens of thousands of people carry our vest-pocket box. They take a Cascaret whenever the skies look gray. One ten-cent box saves, in this way, six unpleasant days. You will do likewise when you try the plan once. And you'll be glad that we told you about it. Please begin today.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C.C. on every tablet. The box is marked like this:

BALTIMORE, May 11.—With every prospect of a busy week, the Methodist Episcopal General Conference today continued its sessions. By Wednesday it is expected that the committee on episcopacy will decide how many bishops are to be elected.

That Dr. William F. Anderson, corresponding secretary of the Board of Education; Dr. Richard J. Cooke, book editor of the church, and Dr. William A. Quay, Chicago, formerly of Kansas, will be among the first three seems certain.

The course of Governor Hughes, of New York, on the race track question was unanimously approved; also a resolution looking to the union of the Methodist Episcopal and Methodist Protestant Churches.

President Roosevelt and British Ambassador Bryce were invited to attend a reception here to the fraternal delegates from Great Britain, Ireland and Canada, and to make addresses.

A resolution, which was referred to the committee on temperance, requested the political parties to nominate for President "no man who is not in harmony with the movement to divorce this Nation from the crime of liquor-selling," and declared that no candidate for the office of President of the United States who is not himself a total abstainer and in harmony with the movement for the suppression of the traffic should receive the support of Christian citizens.

Bishop Harris, head of the mission work in Japan and Korea, predicted that when the American fleet visits Japan the cordiality of its reception will exceed that at San Francisco.

Maneuver Near Turkey.

TIFLIS, May 11.—The division of field artillery attached to the Caucasian Army

CINCINNATI, May 11.—H. Heath Bowden, professor of philosophy at the University of Cincinnati, has been asked by President C. W. Dabney to tender his resignation because of his private views on marriage and his public views on sociology, and the professor announced today that not only would he refuse to resign, but that he would fight against a forced retirement.

Professor Bowden says that he believes in an ideal state in which there will exist an association of the sexes based on comradeship, and Dr. Dabney thinks that is too revolutionary an idea for an instructor to hold.

Banks Lose Their Claim.

SAN FRANCISCO, May 11.—The United States Circuit Court of Appeals handed down a decision affirming the decree of the District Court of Washington in favor of R. E. Downie, trustee of the bankrupt estate of Gainwell & Heeler, of Seattle, and adverse to the National Bank of Commerce of Seattle and the Seattle National Bank. The banks sought to be recognized as preferred creditors in the assignment of certain claims held against the Government by the bankrupt firm.
