

SCHOOL TRAIN A GREAT SUCCESS

Three Thousand Farmers Hear O. R. & N. Demonstration Lectures.

SECOND TOUR PLANNED

Pioneer Train Completes Trip of 800 Miles at Pendleton - Umatilla, Farmers Have Learned Secrets of Diversified Farming.

BY E. W. WRIGHT.

PENDLETON, Or., May 14.—(Special.)—After covering more than 800 miles through the best wheat districts of Oregon, the O. R. & N. Co.'s pioneer demonstration train concluded the trip at Pendleton this afternoon.

The day's programme opened at Free-water and Milton, with nearly 400 people present. The people of this farming district have already put into practice the methods taught on the train by the Agricultural College experts.

Free-water Presents Strawberries.

The demonstration train was met at Pendleton this morning by Messrs. Bradley, Vincent, Shaw, Pierson and Manella, prominent Free-water and Milton citizens, and on arrival at Free-water, another delegation appeared with flowers, apples and splendid strawberries just from the vine.

Weston is surrounded by wheatgrowers of the plutocratic class and here, as in the Pendleton region, the big wheat-growers have a contempt for any other form of wheatgrowing than that which has made them independently wealthy.

Anxious to Get Information.

Here, as in every locality visited by the demonstration train, an abundance of moisture for immediate needs was found, and it was perhaps due to this fact that the dry farming experts were slightly handicapped compared with the position they would have held had the country been actually suffering from lack of moisture.

Promises Another Demonstration.

That they will not be disappointed where their instructions are followed is a certainty, for the train is not merely a theoretical or abstract one, but a practical one, based on actual experience and at intervals along the route, the best of the train, there was the indisputable evidence presented by farmers themselves who had broken away from the ancient hide-bound and worn-out methods and taken up the new order with immense profit to themselves.

General Freight Agent Miller was so much enthused with the results given the work that he has announced his intention to make another trip.

Shows in Umatilla County.

At all points visited, whether early or late, large numbers of farmers could be seen at work on their farms, Spring plowing demanding all of their attention, and small share of the credit for the success of the demonstration train is due to R. B. Miller, who has fathered the scheme from its inception. This without detracting from the great praise that is due the accomplished professor from the Corvallis experiment station.

SAYS WIFE STOLE CHILDREN

Olympia Father Searches in Seattle for His Little Ones.

SEATTLE, Wash., May 14.—(Special.)—William Lendale is in the city in pursuit of his former wife and two children, whom he alleges the woman stole while he was in a Tacoma hospital recovering from a severe injury. The divorce was granted in February, and Lendale was given the custody of Mildred, 3 years

DELEGATES TO THE STATE GRANGE CONVENTION AT EUGENE ASSEMBLED IN FRONT OF VILLARD HALL, UNIVERSITY OF OREGON.

GRANGE ON RECORD

Favor and Oppose Various Legislative Measures.

STUDENTS IN GUARDHOUSE

Trespass on Military Reserve and Are Promptly Arrested.

SEATTLE, Wash., May 14.—(Special.)—A crowd of students at the University of Washington learned what the inside of a military guardhouse is like yesterday afternoon, when members of a geology class going field work under the leadership of Professor Henry Landea dared to trespass on forbidden grounds at Fort Ward, just across the sound. Some of the leaders were seized by the soldiers and incarcerated. They were deprived of their liberty for several hours, while those who had escaped pleaded at long range for their release. They were told in no uncertain terms that university students had no greater privileges than any one else. After promising to leave the grounds immediately, they were finally released.

Cake Speaks at Albany.

ALBANY, Or., May 14.—(Special.)—Completing a tour of the country by means of railroads, rigs and automobiles, H. M. Cake, Republican nominee for Senator, arrived here this evening at the opera-house at 8 o'clock.

His tour of Linn County has been remarkable in many ways. He has been enthusiastically received, entering the county at Harrisburg yesterday he has traveled more than 100 miles, a portion of which was over almost impassable roads. He addressed more than a dozen large audiences and met hundreds of people.

ABERDEEN, WASH., May 14.—(Special.)—Papers in the suit brought by Father J. J. Gribben against the Rupert Steamship Company, were filed in the Superior Court today and Receiver MacFarlane made party defendant. Father Gribben, who is chairman at St. Joseph's Hospital and 72 years old, alleges that he was induced to invest \$1250 in stock of the steamer Lindsay by fraudulent representations. He avers that, on the statement that men of acknowledged ability in the business had taken stock in the company that he subscribed and paid the amount stated, but that the names of men given to him did not put a dollar in the enterprise. He seeks to recover the amount of his subscription. If Father Gribben is successful in his suit others of a similar nature will follow.

SUES MAN WHO KILLED SON

Father of Justin Reed Seeks Damages From City Marshal.

PENDLETON, Or., May 14.—(Special.)—Dave Lavender, who as Marshal of Weston, shot and killed Justin Reed, of Weston, a little more than a year ago while the latter was resisting arrest, was today made defendant in a suit for \$5000 damages. The father of the young man killed brought the suit, alleging the shooting was unprovoked and that he has been damaged in that sum through being deprived of his son's services.

Reames Corrects Misstatement.

JACKSONVILLE, Or., May 14.—(Special.)—Reames, successful attorney for Jackson and Josephine Counties, wishes to correct a statement which recently appeared in a press dispatch from Yreka to the effect that he had made an affidavit that Henry Jones, who was missing mysteriously from Medford for five years, had been murdered. Mr. Reames says: "I never made any affidavit that this man was dead, or had been murdered, but simply an affidavit reciting the investigation and what it tended to show."

Delegation From Klickitat.

LYLE, Wash., May 14.—(Special.)—Klickitat County Democrats in convention elected as delegates to the Spokane State Democratic Convention: ex-Sheriff William Van Vactor, Tal Bratton, John Eddings, Thomas Saksdorf, Al Bertschi, John E. Chappell, Cal Coleman and Mat Matson. Hon. William Van Vactor, the old "war horse" will head the delegation. The Klickitat Democrats although badly defeated last election believe they see a roseate hue on the political horizon.

Metzger Sits Glasses for \$100.

Metzger, who was arrested for the murder of his wife, was today sentenced to sit in the electric chair for 100 years.

GRANGE ON RECORD

Favor and Oppose Various Legislative Measures.

SITS DOWN ON SINGLE TAX

Master Buxton's Initiative Amendment Consolidation of County School Districts Is Proposed.

Insane Murderer Refuses Food.

COLFAX, Wash., May 14.—Frank Queller, the Italian railroad laborer who fatally wounded his brother, Gregorio, during a quarrel at their camp near Pullman, Monday, lies in the county jail at Colfax in a critical condition. He is temporarily insane, having eaten nothing since his 40-mile walk to Kendrick, Idaho, where he was captured.

State Superintendent Ackerman

present and favored the resolution consolidating school districts. He also suggested a means of increasing the state school fund by adopting a different basis of distribution. The funds are now disbursed on the basis of the number of children in a district, and not on taxable property. A wealthy district can continue a long term each year, while a poor district is able to have only a short one. He favored the plan of dividing the school funds in all the counties on the basis of the number of teachers employed. He also favored all inheritance and corporation taxes going into the school fund; also that the railroad lands now in dispute be put into the irrevocable school fund, and hedged about so that it would be safe.

Master Buxton's Idea Opposed.

State Master Buxton, in his annual message, said:

No bill should be initiated unless it first goes to the Legislature in order that publicity can be given it, so that the people will have a better understanding of it; no referendum law should be passed until the names for initiative petitions, and a majority vote should be necessary to make an amendment.

Law to Conserve Water Resources.

The single district plan for nomination of State Senators and Representatives was opposed. John H. Lewis, State Engineer, read a paper on "State Control of Water Resources," and the Grange instructed the legislative committee to prepare a bill to this end. Before the close of the afternoon session, State Master Buxton and Mrs. Clara H. Waldo were appointed a committee to confer with the State Teachers' Institute and prepare an educational law along the lines suggested by Superintendent Ackerman. The evening session was taken up with conferring the fifth and sixth degrees on a large class of candidates. Tomorrow the business sessions of the Grange will close in the afternoon, and the evening will be devoted to installation of the newly-elected officers.

Robbers Secure \$5340.

SEATTLE, Wash., May 14.—Five thousand dollars in currency, \$5 and \$10 denominations; \$200 in gold, \$40.20 in paid C. O. D. money orders, or a total amount of \$5340.20, represents the loss to the Great Northern Express Company in the robbery of the company's strong box by two bandits in the Great Northern tunnel Tuesday morning.

Milton Nurseries Incorporated.

MILTON, Or., May 14.—(Special.)—The Milton Nurseries, owned by Miller, S. A. Miller, G. W. Miller and C. B. Miller, have incorporated as the Milton Nurseries Company, with a capital stock of \$500,000. Following are officers of the new incorporation: A. Miller, president;

SHE REPLIES WITH FIST

TACOMA WOMAN RESENTS MASHER'S ADVANCES.

Pette Blond Plants Blow on Face of Man Who Dares to Speak Without Introduction.

TACOMA, Wash., 14.—(Special.)—Walter Legette will not soon forget a little blonde woman whom he is said to have addressed without the formality of an introduction last evening. Legette, who is a hanger-on about the Savoy Theater, was on his way down town, as he passed the woman he is said to have spoken to. She walked into a drug store, but as her anger increased she decided to punish him and followed him. Grasping Legette by the shoulder and with the remark, "You will speak to me on the street?" she planted a blow on the man's face. Legette took to his heels and disappeared, while a crowd laughed and jeered at him.

Eye glasses \$1.00 at Metzger's.

Metzger's is now offering eye glasses for \$1.00. The glasses are made of the best material and are guaranteed to last for years.

Insane Murderer Refuses Food.

COLFAX, Wash., May 14.—Frank Queller, the Italian railroad laborer who fatally wounded his brother, Gregorio, during a quarrel at their camp near Pullman, Monday, lies in the county jail at Colfax in a critical condition. He is temporarily insane, having eaten nothing since his 40-mile walk to Kendrick, Idaho, where he was captured.

Rixdorfer Parquetry Inlaid "True to Nature"

Advertisement for Rixdorfer Parquetry Inlaid "True to Nature". The ad features a central image of a wooden floor with a decorative inlaid pattern. The text describes the product as being made from Europe and highlights its beauty and durability. It mentions that the patterns are on display in their windows and that they are all in beautiful inlaid-wood effects, soft and rich in color. The ad also states that they are absolutely different from ordinary linoleums and are suitable for use in the kitchen or office. The contact information for J. G. Mack & Co. is provided at the bottom of the ad.

J. G. MACK & CO. FIFTH AND STARK

Advertisement for ONE DOLLAR PORTLAND TO THE DALLES BAILEY GATZERT. The ad promotes a special offer of one dollar for a round-trip ticket from Portland to the Dalles on the beautiful steamer.
